236. Communication from the Senate of Belgium to the Speakers of the Senate and House of Commons of Canada.

(*Translation*).

BRUSSELS, BELGIUM, April 30, 1919.

The Speaker of the House of Commons,
The Speaker of the Senate,
Ottawa.

Mr. SPEAKER,—I beg to send you and request you to communicate to the Assembly over which you preside the text of the motion unanimously adopted by the Senate during its session of Tuesday, April 29, 1919.

The Senate of Belgium affected by the vote of the Paris Conference which disregards the claims of the City of Brussels to become the seat of the League of Nations, seriously preoccupied by the distressing condition to which the country has been reduced by this most cruel war and convinced that the numberless ruins which cover its territory cannot be restored by its own national resources, most anxiously appeals to your Assembly and implores it to intervene with the greatest possible energy in order to obtain that the solemn promises of prompt and complete restoration so frequently reiterated be now carried out in the spirit of broad equity and generous compassion which inspired them.

Relying upon the sentiments of solidarity which unite all civilized nations and upon the assurance of sincere and profound sympathy which your Assembly so kindly gave to Belgium, the Senate counts upon obtaining from your Assembly its powerful aid and effectual intervention in support of the legitimate and necessary atonements claimed from the Paris Conference for the restoration of this country.

Please accept, Mr. Speaker, the assurance of my greatest respect.

(Signed) Baron de PAVEREAU,
President of the Senate.

REPORT

OF THE

DEPUTY SUPERINTENDENT GENERAL OF INDIAN AFFAIRS

FOR THE YEAR ENDED MARCH 31, 1918

REPORT OF THE DEPUTY SUPERINTENDENT GENERAL.

Hon. ARTHUR MEIGHEN, K.C., B.A.,
Superintendent General of Indian Affairs,
Ottawa.

OTTAWA, September 3, 1918.

SIR,—I have the honour to submit the report of the Department of Indian Affairs for the year ended March 31, 1918.

A number of outstanding events have transpired in connection with the administration of Indian affairs during the past year. Several important amendments to the Indian Act have been enacted, and a considerable amount of interest was attached to the passing of the Order in Council exempting Indians from combatant service under the Military Service Act. Further reference will be found to these matters under their respective headings.

The department has attached the greatest importance to the campaign for greater production. An account of the farming operations on the reserves will be found under the heading "Greater Production," and detailed statistics in connection therewith in tables 2, 3, 4, 5 and 6, Part II.

The increases in the value of real and personal property, and in the income of the Indians, have been particularly gratifying, as will be observed from a perusal of the sections dealing therewith under their respective headings.

The hunting Indians have had a prosperous season, as the fur-catch has been large, and the prices paid for the pelts have been unusually high throughout the Dominion.

I am glad to be able to report that in spite of the many adverse conditions prevailing throughout the country, there has, on the whole, been marked progress and prosperity among the Indians during the past year.

POPULATION.

Heretofore a census of the Indian population has been taken annually, but as the figures show very little change from year to year, it has been decided that henceforward a quinquennial census will suffice. The following table shows the Indian population according to the census of last year. Reference to the census taken in previous years shows that the Indian population is slowly but steadily increasing.

Province.	Population.
Alberta	8,837
British Columbia	25,694
Manitoba	11,583
New Brunswick	1,846
Nova Scotia	2,031
Ontario	26,411
Prince Edward Island	292
Quebec	13,366
Saskatchewan	10,646
Northwest Territories	3,764
Yukon	1,528
Total, Indian population	105,998
Eskimos	3,296
Total, number of Indians and Eskimos	109,294

A more detailed statement giving statistics of the Indian population under the headings of religions, ages, and sex in the various provinces and inspectorates will be found on pages 42-45, Part II.

GREATER PRODUCTION.

The greater production campaign has, in the opinion of the department, overshadowed all other considerations in its importance during the present year, and the utmost efforts have been made to place larger areas under crop on the Indian reserves throughout the Dominion. Urgent instructions were issued in connection with this subject to all the Indian agents, and I am glad to report that they have energetically complied with the wish of the department in this great work. In the western provinces, of course, this season's crop has not been so successful as had been anticipated, owing to the adverse climatic conditions.

Wherever it is praticable, land which cannot be worked by the Indians themselves is being leased to whites.

The department assists the Indians each year in the purchase of seed grain, and during the present season greater assistance than usual has been given in order to make possible the cultivation of larger areas on the reserves.

In previous reports I have outlined the manner in which the department supervises the agricultural activities of the Indians of Ontario by employing field agents who visit the various reserves and instruct the Indians in modern methods of farming. This policy has proved to be of great benefit to the farming Indians in this province. While at the reserves, the field agents make a general inspection of the schools, equipment, outbuildings, yards, etc., and also of the roads, bridges, drains, timber, and land.

Early in March of the present year the greater production campaign was organized on the Ontario reserves. Statistics were gathered from all the reserves with regard to the amount of land that each Indian proposed to plant, and also the supply of seed grain on hand. Arrangements based on this information were made for the cultivation of vacant lands, and also for securing the seed grain required. A series of meetings on greater production was held on all the reserves in the southern part of the province and also on Manitoulin Island and at Garden river. These meetings were well attended and arrangements were made thereat among the Indians to farm more land and to take over vacant lands, and in consequence practically every acre of cultivable land on Indian reserves in Ontario is being utilized either in the raising of crops or pasturing of cattle.

In connection with the greater production campaign, pure seed grain, Marquis spring wheat, O.A.C. No. 72 oats, O.A.C. No. 21 barley, and Dooley potatoes were purchased and shipped to those in need of seed. This pure seed is reflected in the crops this year.

Indian fall fairs are being organized under the department's agents. Standing-crop competitions in corn and oats, and vegetable-garden contests are organized under the supervision of the field agents on many of the reserves each year. Prizes were given during the present season for vegetable gardening and roots and grain competitions at Walpole island, Sarnia, Muncey, Oneida, Chippewa, Moravian, Rama, Saugeen, Rice Lake, Mud Lake, Alnwick, and Deseronto. Spring-wheat growing competitions were held at the West Bay and Sheshegwaning reserves, and a potato-growing competition on the Garden river reserve. These competitions have had a good influence in stimulating greater production. The gardens were very clean and well cultivated this year.

An interesting feature of the department's agricultural policy in Ontario is the work carried on at the Indian schools. Practically every day school in the province is cultivating a school garden, and at the boarding and industrial schools also the reports received show that largely increased areas have this year been placed under cultivation. School fairs are being held at the Deseronto, Six Nations, Muncey, and Cape Croker reserves. These school fairs are having an excellent influence. Three years ago small packages of pure seed were supplied and as a result, there are now fields of barley, oats, etc., of improved quality.

During the winter of 1917-18, short courses in agriculture were given in the Mount Elgin institute, Muncey; the Mohawk institute, Brantford, and the Shingwauk home, Sault Ste. Marie. These courses consisted of lectures on cultivation, noxious weeds, drainage, fertilization, strawberries, raspberries, gooseberries, currants, orchards and vegetable gardening. Lectures were given on dairy cattle, beef cattle, horses and hogs; these lectures were accompanied by practical work with the stock. At the close of each course an examination was held, and prizes were given to those obtaining the highest standing.

Marked improvement has been observed at Deseronto, where the acreage is large and the crop very heavy. Many of the Deseronto Indians have crops equal to any to be found in Ontario. There has also been great improvement at the Sarnia and Muncey reserves, especially at the latter, where a much larger acreage and better preparation helped to bring a bumper crop.

A new farm has been started on the Fort William reserve, and at the request of the band the department has authorized an expenditure of $27,000 from band funds in connection therewith. The Indians have already cleared and ploughed 60 acres. Two houses have been purchased and moved to the site. A large stable and driving shed, 100 by 27 feet, and also a blacksmith shop and six portable pens have been erected. Two miles of the best wire fencing have been purchased, and half of it has already been put up. The stock on hand includes forty-five heifers and calves, four horses, and about seventy pigs. A second-hand saw-mill, engine, and boiler were purchased last fall and set up on the shore of the bay not far from the farm, and the Indians have manufactured all the required lumber from logs on the reserve. An excellent stable for the horses, with bins for the storage of grain, a large hayloft, and an extension for the storing of implements and machinery has been erected, and also a large stable for wintering cattle, and a piggery with twenty pens.

The object in establishing this stock farm is to raise cattle and horses for individual Indians. This stock will not be given to the Indians gratuitously, but they will be required to pay for it at reasonable prices, and the proceeds of these sales will be refunded to the band's account. In this manner a portion at least of the expenditure from the band funds will be recouped. The work being done on this farm has been carefully inspected, and is reported to be most satisfactory. As a result of this enterprise a valuable piece of land which had hitherto been practically neglected is now being utilized, and the results will undoubtedly be of great benefit to the Indians and also of national value in the greater production campaign.

In the Prairie Provinces there is a large area of good land on Indian reserves which had hitherto been unused, and a special effort has been made this year in connection with the greater production campaign to place as much as possible of this land under cultivation. In order to expedite this work and utilize the services of the department's staff to the best advantage in connection therewith, Mr. W. M. Graham, Inspector of Indian Agencies for South Saskatchewan Inspectorate, was appointed as commissioner for the provinces of Manitoba, Saskatchewan, and Alberta. Mr. Graham has the sole charge of this work, subject to the approval of the superintendent general. This plan of organization has been the means of placing large new areas under cultivation, and most successful results are anticipated in the coming season.

The following summary will give an idea of the work that is being conducted under Mr. Graham's supervision.

ALBERTA.

Blackfoot Reserve.—Two large greater-production farms have been started on the Blackfoot reserve. These farms include from three to four thousand acres of fine land. In addition to these greater production farms, large areas on this reserve have been leased for farming purposes to whites.

Blood Reserve.—A greater-production farm has been started on the Blood reserve. Fifty sections of land have been leased for grazing on this reserve, whereon it is expected will be raised and grazed 25,000 head of sheep and 2,000 head of cattle.

In connection with this work there have been purchased seven large Rumeley oil-pull engines, capable of ploughing from 22 to 28 acres a day, according to the nature of the soil. Competent engineers have been secured to run these engines, which were purchased at cost at La Port, Indiana, plus freight and duty.

In addition to the establishment of these departmental farms, extensive arrangements have been made to increase grain production by individual Indians.

SASKATCHEWAN.

Assiniboine Agency.—A greater-production farm has been started in this agency to the south of Sintaluta. It is expected that about 2,000 acres will be broken on this farm. Sixty brood sows have been secured for this agency.

Crooked Lakes Agency.—A greater-production farm has been started in this agency to the north of Broadview. It is expected that 5,000 acres will be broken on this farm. Temporary bunk-houses, cook-houses, blacksmith-shops, and stables have been erected there. Sixty brood sows have been secured.

Muscowpetung Reserve.—A greater-production farm has been started on this reserve, and it is expected that 5,000 acres will be broken there. Temporary bunk-houses, cook-houses, and blacksmith shops and stables have been built on this farm.

Touchwood Agency.—Six thousand acres have been leased for grazing at this agency.

One thousand acres of new land have been broken on Indian greater-production farms in Alberta and Saskatchewan. The necessary machinery for disc-harrowing has been purchased, and it is hoped that all this area will be in shape for seeding by October 1. This breaking is said to be the equal of any work of this kind ever done in Alberta or Saskatchewan.

Live Stock.—Three hundred and eighty-four stockers and one hundred and fifty sows have been bought from the greater production funds. Thirty stockers and one hundred and nineteen heifers have been bought on account of the Indians themselves from their trust funds. Mr. Graham is personally looking after the purchase of the stock.

A very serious situation existed this year in Alberta owing to the shortage of feed for stock. Commissioner Graham succeeded in locating in the neighbourhood of 30,000 tons of hay on the Indian reserves in the northern part of the province, as a result of which it is estimated that fifteen thousand head of cattle will be saved. The greater portion of this hay was not cut in former years.

The agricultural operations of the Indians of the Maritime Provinces are not very extensive, but they are showing greater interest in farming from year to year, and their production is increasing.

There is an annual parliamentary appropriation for Nova Scotia and also for New Brunswick for the purchase of seed-grain, and the encouragement of agriculture among the Indians. Assistance is also given to individual farmers where required in Prince Edward Island.

The Indians living in agricultural districts in the province of Quebec are taking a much greater interest in farming, especially in the Ristigouche, Pointe Bleue, St. Regis, Maniwaki, and Oka agencies.

Marked progress is being made by the Indians of British Columbia in agricultural pursuits, and great improvement is shown in the quantity and quality of their produce.

The Indians of British Columbia receive advice and instruction in the control of fruit and field pests, the control of weeds, pruning and grafting, general horticulture and agriculture, and stock-raising, especially the economic raising of pigs on rough lands.

It is reported that in most parts of the province the orchards are singularly free from pests and diseases. According to reports received, there is every prospect that the Indians of British Columbia will become expert practical fruit growers and farmers. The efforts of the Indians of the Kamloops, Lytton. and Kootenay agencies are particularly noticeable. The Carriers of the Stuart Lake agency, who are located in the northern part of the province, in what is quite a new country in an agricultural sense, are making remarkable progress in farming. On the coast the Indians are rapidly realizing the necessity of cultivating the soil in view of the constant depletion from year to year in the supply of game and fish foods.

It is noteworthy that the destructive "fire blight," so prevalent in some parts of the province, was not found in any of the Indian orchards.

The encroachment of noxious weeds is more serious, but energetic efforts are being made to eradicate this pest.

The Indian orchards suffered from a most destructive ice storm, which in December last swept the Agassiz and Chilliwack districts on both sides of the Fraser, and extended nearly to the coast at Howe sound, partially or totally destroying every orchard in this area. This storm, however, was not without benefit to the Indians, as it afforded an opportunity of removing much superfluous wood from the old orchards, and grafting good varieties on much worthless stock.

There is a marked increase in the number of pigs. The Indians are beginning to realize the profitable nature of this industry in a district where grain and roots can be grown in profusion.

Every effort is being made by the department's officers in British Columbia to further the campaign for increased production and to stimulate the "win the war" spirit among the Indians.

The following table shows an increase in the land under crop, production, and value of the products, as compared with last year.

THE INDIANS AND THE WAR.

As I have stated in previous reports, the Indians throughout the Dominion have displayed a keen interest in the progress of the war ever since its outset, and they have given ample evidence of their loyalty by voluntary enlistment in the overseas forces and generous contributions to the patriotic and other war funds.

Enlistment.—The number of enlistments among the Indians in proportion to their population is remarkably large. More than 3,500 enlistments of Indians have been recorded by the department. This number represents approximately 35 per cent of the Indian male population of military age resident in the nine provinces. It must be remembered, moreover, that undoubtedly many Indians have enlisted of whom the department has no definite information.

The Indians have indeed established for themselves a magnificent record, which should place their race high in the esteem of their fellow-countrymen and our Allies. The manner in which the Indians have responded to the call to the colours appears more especially commendable when it is remembered that they are wards of the Government, and have not, therefore, the responsibility of citizenship, that many of them were obliged to make long and arduous journeys from remote localities in order to offer their services, and that their disposition renders them naturally averse to leaving their own country and conditions of life.

Undoubtedly the experience and knowledge of the world and its affairs which will be gained by these Indian soldiers will, upon their return from the war, exert a progressive influence upon life on the reserves.

As an inevitable result of the large enlistment, many gallant Indian soldiers have died on the field of honour fighting for the Empire, and the civilization of which they have so recently become a part.

DECORATIONS.

A posthumous award of the Military Medal was made to the late Corporal Thomas Godchere, of the Long Lake band, in the Fort William agency. Corporal Godchere, who was killed at Vimy Ridge, had rendered splendid service as a sniper. He is the third Indian from this agency to be awarded the Military Medal, the other two being Private Augustine Belanger, who was killed in action in 1917, and Private Joe Delaronde.

The Indians of the Okanagan agency have made a splendid response to the call for volunteers, particularly among the members of the Head of the Lake band. It is reported that every unmarried able-bodied male member of this band between the ages of twenty and thirty-five is on active service. One of these Okanagan Indians, Private George McLean, performed an extraordinary feat of valour at Vimy Ridge, in recognition whereof he was awarded the Distinguished Service Medal for conspicuous gallantry in action. Private McLean, single-handed, with a dozen bombs killed nineteen Germans and captured fourteen. He was himself seriously wounded.

Lance-Corporal Johnson Paudash, of the 21st battalion, a Mississagua of Rice Lake, was awarded the Military Medal for saving life during a heavy bombardment, and giving information to the brigade that the enemy at Hill 70 was massing for a counter-attack, which took place just twenty-five minutes later. It is reported that Lance-Corporal Paudash has also been recommended for the Distinguished Conduct Medal for saving an officer's life at the battle of the Somme. He enlisted in August, 1914, and was in every battle from Loos to Passchendaele. Like many other Indian soldiers he excels as a sniper, and as such is reported to have killed eighty-eight Germans.

Andrew William Anderson, of Gordon's reserve, in the Touchwood agency, was awarded the Military Medal for conspicuous gallantry in action.

Capt. A. G. E. Smith, a Six Nation Indian, of Brantford, was awarded the Military Cross.

Privates O. Barron and A. W. Anderson, of the 107th Battalion, have been awarded Military Medals, and several other Indian members of this unit have also been recommended for decoration.

I have reason to believe that in addition to those mentioned above, several other Indians have been decorated, but owing to the lack of definite information with regard to these cases, I am unfortunately unable to cite them in this report.

Exemption.

For the reasons which are set forth in an Order in Council dated January 17, 1918, it was decided that Indians should be exempted from combatant service under the Military Service Act. The Order in Council reads as follows:—

"Whereas Petitions and memorials have been received from and on behalf of Indians pointing out that in view of their not having any right to vote, they should, although natural born British subjects, not be compelled to perform military service, and that in the negotiations of certain treaties expressions were used indicating that Indians should not be so compelled, an instance of this recently brought forward being the expression of the Lieutenant-Governor in negotiating the North West Angle Treaty as it appears in the despatch of the 14th of October, 1873, quoted in Morris; Treaties of Canada with Indians, pp. 50 and 69.

Regulations.

"18a. Any Indian Agent may make application for the exemption of any Indian attached to the Reserve over which such agent has jurisdiction and it shall not be necessary for the Registrar to assign to a local tribunal any application made or transmitted by an Indian Agent on behalf of an Indian, but the Registrar shall forthwith issue to such Indian and transmit to the Indian Agent for delivery to him a certificate of exemption from combatant military service. In the event of any man thus exempted from combatant military service being hereinafter called upon to perform any military duty he may then put forward any claim for exemption even from non-combatant service which he may then have."

PENSIONS, ASSIGNED PAY AND SEPARATION ALLOWANCE.

The department has assumed the responsibility of administering all estates of deceased soldiers.

The Director of Military Estates transfers all effects, balance of pay, etc., to the department, where steps are taken to effect proper and fair distribution.

The separation allowances and assigned pay are also administered by the department in all cases where the recipients might not be in a position to deal with the full allowances themselves.

In such instances pensions are also paid to the department in trust, and are expended for the benefit of the pensioners. In many cases it has been found possible to fund part of the pension for the use of the children, when they come of age. The department in these cases is willing to provide free schooling so that the pupils, when they are of age to start out in life, will do so with a substantial balance to their credit.

Between 200 and 300 cases are now under the supervision of the department, and the utmost care is being taken to assure to the dependents of deceased Indian soldiers, by careful oversight and administration, the full benefit of all pension and military allowances.

The department has kept as complete a list as possible of all Indian enlistments, and is thus able to see that the dependents of Indians overseas are not allowed to suffer through the absence of the wage earners.

NATIONAL REGISTRATION.

The national registration of Indians was conducted with very little difficulty, and practically all those Indians living in the more settled parts of the country have been registered. On a few of the reserves the Indians were to a certain extent mistrustful of the measure, as they did not fully comprehend its purpose, but this misunderstanding did not lead to any serious inconvenience or delay.

In the remote regions of the Far North, such as at Isle à la Croix, Treaty No. 8, and the Mackenzie River district, and the northern portion of the Lesser Slave Lake district, it was considered impracticable and unnecessary to register the Indians, and in consequence no attempt was made to do so.

In certain parts of British Columbia and on the north shore of the lower St. Lawrence the registration has not yet been completed, owing to transportation difficulties and the consequent delay in the delivery of the cards. The registration in these parts is now being taken, and will be completed as soon as possible.

CONTRIBUTIONS TO PATRIOTIC AND OTHER WAR FUNDS.

The Indians throughout the Dominion since the beginning of the war have contributed very generously in proportion to their means to the Patriotic, Red Cross, Belgian Relief, and other war funds. The following list gives a detailed statement of the Indian contributions up-to date to the various funds in each province. General Remarks.

Many Indians from the remote northern districts of Patricia and James Bay have journeyed to civilization for the express purpose of enlisting for overseas service. Particular attention has been drawn to the case of one of these Indians, Private William Semia, who was wounded in France last fall. Private Semia came to Port Arthur from lake St. Joseph, in the Patricia district, to enlist, having walked the entire distance of over 500 miles. When he arrived at the barracks he was unable to speak a word of English, but after a few months training he became one of the smartest soldiers in the battalion, and was often detailed to drill a platoon. He is now in a military hospital in France.

More than 500 Indians went overseas with the 107th Battalion under the command of the late Lieut.-Col. Glen Campbell, of Winnipeg, formerly Chief Inspector of Indian Agencies. Among these were Tom Longboat, Joe Keeper, and A. Jamieson, the famous Indian long-distance runners. Two of these Indians, Lieut. Moses and Lieut. Martin, received commissions with the battalion after leaving England, and are now with the royal Flying Corps. Several others are qualifying for commissions. Privates O. Barron and A. W. Anderson of this battalion have been awarded military medals, and several have been recommended for decorations.

Special mention must be made of the Chippewas of Nawash, Chippewas of Cape Croker, Chippewas of Rama, Chippewas of Saugeen, Chippewas of Georgina and Snake Island, the Mississaguas of Scugog, the Ft. William Band and the Moravians of the Thames in Ontario; the Micmacs of Prince Edward Island; the Cote band, in the Pelly agency, Saskatchewan; and the Head of the Lake band, in the Okanagan agency, British Columbia; as these bands have sent to the front practically all their able-bodied male members of military age. In the case of the Mississaguas of Scugog, every adult male member of the band is overseas, with the exception of one old man, who is over sixty-five years of age. These are records which cannot be surpassed by any community in the Dominion.

As I have stated in previous reports, many of the Indians are excellent snipers, and their remarkably fine work in this branch of the service has evoked a great amount of comment and admiration.

The department continues to receive many interesting letters from Indians at the front, which are in many cases particularly well written and permeated throughout with a splendid spirit of loyalty, courage, and cheerfulness.

The Indian women are rendering valuable service in Red Cross work, knitting socks, mufflers, and supplying various comforts for the soldiers. On a number of the reserves they are operating branches of the Red Cross with great success.

The Indian Women's Patriotic League, on the Six Nation reserve, at Brantford, which corresponds to the Women's Canadian Club in white communities, was established shortly after the beginning of the war, and its work has been carried on with great efficiency.

A number of Indians hold commissions, and there are many non-commissioned officers. The majority of the officers of D. Company, 114th Battalion, are Six Nation Indians.

I regret to report that Captain John R. Steacy, of Caughnawaga, one of the gallant Indian officers mentioned in my report for 1916 has been killed in action. Captain Steacy went to the front as a lieutenant, and his abilities subsequently won for him his promotion. Between forty and fifty Indians from the Caughnawaga reserve have gone overseas.

There are a number of Indian prisoners in Germany, and in each case where the name and address is available, a monthly parcel is sent from the Department.

John Campbell, a full-blooded Indian from the far north, travelled three thousand miles by trail, canoe, and river steamer this summer to enlist in the Canadian Expeditionary Force at Vancouver. He started from the Arctic Coast near Herschel Island and proceeded by foot to the head of the Porcupine river, and thence to Fort Yukon, where he worked several months to secure the means of transportation to Vancouver.

AMENDMENTS TO THE INDIAN ACT.

A number of amendments to the Indian Act were passed in the spring of 1918, the more important of which are quoted, with explanatory remarks, hereunder:—

Section 90 is amended by adding thereto the following subsections:—

(2) In the event of a band refusing to consent to the expenditure of such capital moneys as the Superintendent General may consider advisable for any of the purposes mentioned in subsection 1 of this section, and it appearing to the Superintendent General that such refusal is detrimental to the progress or welfare of the band, the Governor in Council may, without the consent of the band, authorize and direct the expenditure of such capital for such of the said purposes as may be considered reasonable and proper.

(3) Whenever any land in a reserve whether held in common or by an individual Indian is uncultivated and the band or individual is unable or neglects to cultivate the same, the Superintendent General, notwithstanding anything in this Act to the contrary, may, without a surrender, grant a lease of such lands for agricultural or grazing purposes for the benefit of the band or individual, or may employ such persons as may be considered necessary to improve or cultivate such lands during the pleasure of the Superintendent General, and may authorize and direct the expenditure of so much of the capital funds of the band as may be considered necessary for the improvements of such land, or for the purchase of such stock, machinery, material or labour as may be considered necessary for the cultivation or grazing of the same, and in such case all the proceeds derived from such lands, except a reasonable rent to be paid for any individual holding, shall be placed to the credit of the band: Provided that in the event of improvements being made on the lands of an individual the Superintendent General may deduct the value of such improvements from the rental payable for such lands.

It is not the intention of the new subsection 2 of section 90 quoted above to deprive a band of its right to determine whether funds should be expended in the purchase of land as a reserve for a band or as an addition to its reserve, or in the purchase of cattle for the band or in the construction of permanent improvements upon the reserve, or any work upon the reserve which would be of a permanent value to the band or which when completed would represent capital. The purpose of the amendment is to deal with cases wherein the council of a band, through some delusion, misapprehension or hostility, acts in a manner contrary to the best interests of the band, and refuses to sanction expenditures which the Governor in Council may consider necessary for the welfare and progress of the band, as, for example, some permanent improvement such as a drainage system. The need for expenditure which would greatly increase the productiveness of the soil is particularly emphasized at the present time.

The new subsection 3 of section 90 above quoted is particularly intended to assist in expediting the campaign for greater production. In the western provinces there are large areas of land on Indian reserves capable of pasturing cattle or producing wheat, and it is desired that all obstacles to the utilization of these lands should, in as far as possible, be removed. In the eastern provinces there are individuals holding land on reserves who prefer to work in various manufacturing industries rather than cultivate the soil. This new subsection will enable the Superintendent General to have lands of this class devoted to greater production, which will at once serve the national interests and also be of benefit to the band or individual Indian concerned.

Section 92 as amended by 4-5 Geo. V, c. 35, s. 6, is amended by adding thereto the following subsection:—

(*f*) May make by-laws for the taxation, control and destruction of dogs and for the protection of sheep, and such by-laws may be applied to such reserves or parts thereof from time to time as the Superintendent General may direct.

And is further amended by adding thereto the following:—

(3) In any regulations or by-laws made under the provisions of this section, the Superintendent General may provide for the imposition of a fine not exceeding thirty dollars or imprisonment not exceeding thirty days, for the violation of any of the provisions thereof.

The department has received frequent complaints from farmers residing in the neighbourhood of Indian reserves, and also from municipalities, regarding the damage done to sheep and other stock by dogs belonging to Indians. Representations of a similar nature were received from the Departments of Agriculture of Ontario and New Brunswick. In view of the frequent and serious character of these complaints, it was considered desirable, both in the interest of the Indians themselves as well as

of the communities surrounding reserves, that the Superintendent General should be given authority to make by-laws for the control of dogs and for the destruction of unnecessary and vicious dogs, and for the protection of sheep.

The following section is inserted immediately after section 122:—

122A. (1) If an Indian who holds no land in a reserve, does not reside on a reserve, and does not follow the Indian mode of life, makes application to be enfranchised, and satisfies the Superintendent General that he is self- supporting and fit to be enfranchised, and surrenders all claims whatsoever to any interest in the lands of the band to which he belongs, and accepts his share of the funds at the credit of the band including the principal of the annuities of the band to which share he would have been entitled had he been enfranchised under the foregoing sections of the Act, in full of all claims to the property of the band, or in case the band to which he belongs has no funds or principal of annuities, surrenders all claims whatsoever to any property of the band, the Governor in Council may order that such Indian be enfranchised and paid his said share if any, and from the date of such order such Indian, together with his wife and unmarried minor children, shall be held to be enfranchised.

(2) Any unmarried Indian woman of the age of twenty-one years and any Indian widow and her minor unmarried children, may be enfranchised in the like manner in every respect as a male Indian and his said children.

(3) This section shall apply to the Indians in any part of Canada.

The need of an amendment such as the above with regard to enfranchisement had been felt for some time. Prior to the passage of this amendment it was necessary for an Indian to be in possession of land on a reserve in order to become enfranchised under the Act. If the applicant did not happen to be in possession of land when his application was submitted he was obliged to secure a location from the council of the band. Among the more progressive bands the lands are all occupied, and there are no common lands from which locations could be given, and the enfranchisement, therefore, of individual Indians without lands was impossible. There are Indians from such bands who earn their living at various industries in towns and cities, and who would be glad to be enfranchised without claiming any land on the reserve whatsoever. These Indians have demonstrated their ability to support themselves and to exercise the rights and privileges of enfranchised persons, and it was, therefore, considered undesirable that their enfranchisement should be longer obstructed.

REAL AND PERSONAL PROPERTY.

The following table shows a steady and substantial increase from year to year in the value of the real and personal property of the Indians:—

——	1916.	1917.	1918.
Total value of lands in reserves	$ 45,356,045	48,057,758	$ 49,782,695

Value of private buildings	4,365,362	4,551,097	4,616,745
Value of public buildings, property of the band	1,211,772	1,236,805	1,181,987
Value of implements and vehicles	1,471,302	1,540,407	1,581,080
Value of live stock and poultry	3,680,092	3,998,663	4,471,945

Total value of real and personal property	59,436,089	62,885,915	65,285,112

The following table shows a marked increase in the per capita value of the real and personal property of the Indians by provinces during the past three years:—

Province.	1916. — Value per capita of real and personal property.	1917. — Value per capita of real and personal property.	1918. — Value per capita of real and personal property.

Saskatchewan	1,234 82	1,286 88	1,317 48
Average	593 79	624 45	658 10

It will be observed that there has been an increase per capita of $64.31 since 1916 which evidences a remarkable betterment in the material welfare of the Indians during the past two years. This improvement is particularly noticeable in the provinces of Saskatchewan and Alberta.

Further detailed statistics of real and personal property will be found under the heading table 5, Part II of this report.

SOURCES AND VALUE OF INCOME.

The following table shows the sources and value of the income of the Indians in the years 1917 and 1918, respectively:—

	1917.	1918.
Value of farm products, including hay	$2,351,807 00	$2,834,149 00
Value of beef sold, also of that used for food	346,792 00	388,885 00
Wages earned	1,748,588 00	2,043,137 00
Received from land rentals and from timber	109,743 00	137,088 00

Total income of Indians	$7,300,486 00	$8,418,307 10

The above table shows the very remarkable increase of $1,117,821.10 since last year. The increases in the value of farm products and the wages earned are particularly gratifying.

The following table showing the sources and value of the income of the Indians in the years 1915 and 1916 taken into consideration with the table shown above shows a constant increase from year to year.

	1915.	1916.
Value of farm products, including hay	$1,813,619 00	$2,246,507 00
Value of beef sold, also of that used for food	309,506 00	307,779 00
Wages earned	1,419,244 00	1,530,373 00
Received from land rentals and from timber	81,160 00	117,126 00
Earned by fishing	586,781 00	665,528 00

	$5,927,594 52	$6,691,993 41

It will be observed from these tables that there has been an increase of upwards of two and one-half millions of dollars in the income of the Indians during the past four years, which is very gratifying.

The following table shows the per capita income of the Indians by provinces in the years 1915, 1916, 1917, and 1918:—

Province.	Per capita income of Indians, 1915.	Per capita income of Indians, 1916.	Per capita income of Indians, 1917.	Per capita income of Indians, 1918.
	$ cts.	$ cts.	$ cts.	$ cts.

Saskatchewan	71 13	79 84	90 51	111 38
	60 48	66 74	72 49	84 59

It will be noted that since 1915 there has been an increase of nearly 100 per cent in the income of the Indians of the province of Alberta, and nearly 60 per cent in Saskatchewan, clearly indicating that the Indians of the prairie provinces are rapidly adapting themselves to the industries of civilization.

Further statistics with regard to the sources and value of income will be found in table 6, Part II.

EDUCATION.

By education, the department endeavours to give the rising generation of Indians such training as will make them loyal citizens of Canada and enable them to compete successfully with their white neighbours.

In the day schools, the course of studies prescribed for the provincial public and separate schools is strictly followed, and, in this way, Indian pupils can be prepared for the entrance examination.

In the residential schools, there is opportunity for a broader education than in the day schools. Particular attention is given to the class-room work, and, in addition, the girls are taught domestic science, sewing, etc., while the boys receive instruction in farming, care of stock, and, in many schools, some useful trade.

Qualified teachers with professional training are employed wherever possible, but, in some cases, qualified teachers cannot be secured, owing to the remoteness of some Indian schools. The department has in its employ a number of teachers, who, though without professional training, have had a long experience in Indian work, and these prove quite successful.

By arrangement with the Education Departments of the provinces of Ontario, Quebec, Nova Scotia, and Prince Edward Island, Indian schools are inspected semi-annually by the provincial public and separate school inspectors. In British Columbia and New Brunswick, the Indian schools are inspected by officials appointed by the department. In the other provinces, the inspectors of Indian Agencies visit the schools and report regularly to the department. In addition, Indian agents are expected to visit monthly the schools in their agency and submit a report.

At practically all the residential schools, there is a large acreage under cultivation. At many of the day schools, also, school gardens are conducted. The pupils are thus enabled to receive a first-hand knowledge of agriculture, which should prove of great use to them in after life.

There were 339 schools of all classes in operation during the year, namely, 264 day, 58 boarding, and 17 industrial schools.

As compared with the previous year, there is a decrease of two schools, one day school less and one boarding school less, being in operation.

The total enrolment for the year was 12,413 pupils—6,211 boys and 6,202 girls.

As compared with the last fiscal year this shows an increase of 235 pupils—44 boys and 191 girls.

The days schools had an enrolment of 7,721 pupils, the boarding schools 3,011 and the industrial schools 1,681.

The average attendance during the year was 7,878, being a decrease of 417, in comparison with the previous year. The percentage of attendance was 63·46, while in the previous year it was 68·03.

In addition to the above about 75 Indian children, most of them orphaned or neglected are being cared for and educated in different public and private residential institutions throughout the Dominion.

The schools in operation during the year were conducted under the following auspices: Undenominational, 56 day and 2 industrial; Roman Catholic, 87 day, 32 boarding, and 8 industrial; Church of England, 75 day, 17 boarding, and 3 industrial; Methodist, 38 day, 3 boarding, and 4 industrial; Presbyterian, 6 day and 6 boarding; Salvation Army, 2 day.

In the western provinces, the department has a system of assistance for those ex-pupils of boarding and industrial schools who are reported to be deserving. Upon leaving school a male ex-pupil may be given a grant of cattle, horses, implements, tools, and building material. Female ex-pupils are granted sewing machines or household furniture. The encouragement thus given to the best ex-pupils has proved to be a great stimulus to progress, and although there are exceptions, the majority of ex-pupils show the benefits they have obtained from their education.

During the past fiscal year fifteen female and thirteen male ex-pupils have been assisted to the extent of $3,176.48, and refunds to the extent of $2,226.97 have been received.

The expenditure on Indian education from parliamentary appropriations during the past fiscal year amounted to $734,112.33. This is practically the same as last year, when $733,768.09 was expended. Expenditures for new buildings and repairs to old buildings have been curtailed to as great an extent as possible since the commencement of the war. Owing to the increase in the cost of living the department has found it necessary to increase the salaries of many of the day-school teachers.

The following statement shows the expenditure for the fiscal year ended March 31, 1918, for Indian education, from parliamentary appropriation:—

Province.	Day Schools.	Boarding Schools.	Industrial Schools.	Ex-pupils.	Travel and Salaries.	Tuition.	Freight Expenses.	Miscellaneous.	Total.

In addition to the above, the various bands of Indians, whose funds are sufficient to meet the outlay, contributed the sum of $29,340.70 towards the payment of teachers' salaries and the maintenance af school buildings on their reserves. For the fiscal year ended March 31, 1918, the amounts so contributed have been as follows:—

The amount expended from interest represents current expenses, while the expenditure from capital was an outlay for new buildings.

The expenditure by the religious denominations engaged in Indian educational work is not known.

At the request of the directors, an exhibit of Indian school work was made at the Central Canada Exhibition held at Ottawa in September. Only limited time was allowed for preparation and, for this reason, the exhibit was not as large as might have been secured. However, a most creditable display of sewing, writing, drawing, and other school work was made, and our exhibit elicited a great deal of favourable comment. A more complete exhibit is contemplated for next year.

A comprehensive statistical statement will be found in Part II of this report showing the enrolment and attendance at all classes of schools.

BUILDINGS.

It is the policy of the department to replace old boarding and industrial schools by modern structures, with complete sanitary equipment, and to erect new agency and farm buildings where these are necessary for the efficient carrying on of the work. During the past few years, however, the limited appropriation at the disposal of the department has prevented the erection of new buildings to any extent. This year no new school buildings have been undertaken, the appropriations being used in repairs to existing buildings requiring them.

ROADS, BRIDGES AND DRAINAGE.

The building of new permanent roads and bridges, and the maintaining in good condition of the main thoroughfares crossing reserves, entails considerable expenditure, the cost of up-keep now being greater owing to the increased traffic of heavily loaded motor vehicles.

This traffic also necessitates the strengthening of bridges to carry these increased loads safely. In addition to these necessary repairs, new concrete bridges have been built on the Tuscarora reserve, Six Nations reserve, Ontario, and Caughnawaga reserve, Quebec; also a concrete steel bridge on the Oneida and Tuscarora reserves, and two wooden bridges on Walpole island, Ontario. Plans and specifications have also been prepared for two bridges on the Caradoc reserve, the construction of which have not yet been commenced. Drains of considerable extent, with retaining walls, are being put in on the Caughnawaga reserve to prevent flooding of land and the easy flow of surface water to its natural outlet.

The water supply system has been extended at the Kootenay Industrial school, and septic tank and drainage systems have been undertaken at several points where these were necessary to prevent contamination of water supplies.

Drainage systems have also been established on several of the reserves during the year.

Drainage work is being carried on at the Six Nations reserve, where over 30 miles of open ditches, comprising a drainage basin of about ten thousand acres are being constructed. Drains are also being constructed at Rice Lake, Muncey, Moravian, Walpole Island, Sarnia, and Kettle Point reserves. The surveys, etc., are made free of charge to the Indians. Tile drains are also being put down at Muncey, Moravian, Six Nations, and Sarnia reserves.

SURVEYS.

Quebec.—An inspection was made, and also valuations of damages, to certain flooded lands at Caughnawaga injured by the waters held back by the Canadian Pacific Railway embankment.

Ontario.—A survey was made of a portion containing 18·18 acres of reserve No. 16-A at the west end of Rainy lake for the purpose of being leased for the use of the Fort Frances boarding school.

An inspection was made in the Sarnia Indian reserve for the purpose of obtaining information regarding the new bridge to be built over Telford creek.

A survey and plans of two drains were made to be constructed in the Stony Point and Kettle Point Indian reserves.

Two bridges and several drains in the Six Nations Indian reserve were examined, and instructions given for their repair.

The limits of the Glebe lot near Brantford were defined by survey.

Two large culverts in the Muncey Indian reserve were examined, and instructions given for their re-construction.

The improvements were surveyed and the lands selected for a reserve for the Indians at Moose point, Georgian bay.

New agricultural drains have been surveyed and constructed at Rice Lake, Tuscarora, Muncey, Sarnia, Kettle Point, and Stony Point.

Manitoba.—The surrendered portion of the Long Plain Indian reserve No. 6 was surveyed, and the different quarter-sections valued for the purpose of their sale.

A survey of the limit of the Brokenhead Indian reserve across section 24, township 16, range 6, east Principal meridian, was made defining the limits of the swamp lands in order to prevent further misunderstanding in connection with the cutting of hay.

A survey was made to readjust the limits of the Battle Lake Indian reserve No. 61-B received in exchange for land flooded in reserve No. 61-A.

A re-survey was made to obtain data required for the registration of plans of the surrendered lands in townships 14 and 15, ranges 5 and 6, east Principal meridian, in the St. Peters Indian reserve.

Saskatchewan.—A survey was made of the cemetery lot and road leading thereto in the S.W. $\frac{1}{4}$ section 11, township 30, range 32, west First meridian, in the Cote Indian reserve.

British Columbia.—The Cheakamus Indian reserve, New Westminster Agency, No. 11 of the Squamish band was divided into blocks for the purpose of issuing timber leases.

The limits of Indian reserve No. 13 of the Squamish band having become obliterated, were re-traced and re-posted.

A re-survey was made of a disputed limit of the Penelakut Indian reserve No. 2 on Galiano island to ascertain whether certain Indian houses had been built off the reserve on the adjoining property.

LANDS AND TIMBER.

Sales of surrendered, surveyed lands are shown in the tabular statement No. 1, herewith, and during the past year 34,544·96 acres were sold, realizing $136,230.98.

During the year 308 Crown grants were issued and recorded under the provisions of the Indian Act, and forwarded either direct to the patentees or to the different registrars of Titles for the districts in which the lands patented were situate, in accordance with the Land Titles Act.

Returns of Crown grants to the number of forty-one were prepared and forwarded to the registrars of the counties and districts in which the lands patented were situate, and four returns were made to the Provincial Secretary of Ontario covering lands patended within that province.

The unsold lands on the Blackfoot Indian reserve were offered for sale by public auction at Gleichen, on the 6th of June, 1917, and 55,327.70 acres were sold in quarter-sections, realizing $1,276,190.92.

The unsold lands in the townships of Pedley, Beaucage, and Commanda, and the surrendered portions of the Nipissing Indian reserve were offered for sale by public auction at North Bay on the 27th of June, 1917, and there were sold 9,911·42 acres, realizing the sum of $43,417.75. A second sale of the lots remaining unsold on this reserve was held, by public auction, at Sturgeon Falls, on the 10th of October, 1917, at which sale 2,461 acres were sold, realizing $13,601.13. In November, 1917, the remaining unsold lots in these townships were placed in the hands of the local Indian Agent, at Sturgeon Falls, for sale at upset prices and subject to the usual terms.

On the 15th of October, 1917, the Fort William Band of Indians surrendered certain parcels of land on the Fort William reserve, comprising an area of 270·1 acres, to be disposed of to the corporation of the city of Fort William for park purposes, for the sum of $25,000, and the granting of certain privileges in connection therewith to the Indians.

On the 8th of September, 1917, five lots in the township of Mills, and three lots in the township of Burpee, were offered for sale by public auction at Gore Bay, and were sold for the sum of $6,050.

LOCATION TICKETS.

Location tickets granting title under the provisions of the Indian Act to individual Indian owners for lands on their reserves were issued during the past year to the number of 148, and on the 31st of March last there were current 2,171 location tickets.

LEASES.

Under the provisions of section 11 of the regulations for the disposal of Indian lands, leases were issued in triplicate, to white men, at the request of Indian locatees to the number of 60, and on the 31st of March last there were 1,256 leases current.

TIMBER.

The quantity of timber cut on Indian reserves during the year 1916-17 was nearly 50 per cent greater than during the previous year.

The quantities cut under license and permit were:—

Pine	feet b.m.	8,898,996
Spruce	"	3,566,837
Hemlock	"	1,397,746
Other conifers	"	740,460
Maple	"	236,569
Other hardwoods	"	344,206
Other softwoods	"	486,212
Cordwood for munitions manufacture	cords.	1,776

Shingle bolts	"	8,739
Ties	No.	26,825
Posts	"	13,566

In addition to the above quantities the Indians cut approximately 14 million feet b. m. for building purposes, and 20,000 cords for firewood for their own use, besides a quantity of material suitable for the native manufacture of axe handles, baskets, and snow-shoe bows.

Cash receipts from the sale of timber during the year were:—

" " " 23B " "	10,000 00
Bonus for timber on Hope and Beckwith Islands	114,500 00

Trespass dues	254 30
Penalty dues	1,360 30
Ground rents and fees	1,461 00
Total	$334,910 68

There were twenty-three licenses current April 30, 1918, being two more than in the previous year, one license having been cancelled, two terminated and five new ones issued.

The Indians of Ontario cut large quantities of material for the manufacture of shell boxes and chemical wood for the manufacture of acetone to be used as a solvent for gun-cotton.

Facilities have recently been afforded the Imperial Munitions Board whereby they might have access to spruce timber on Indian reserves in the province of British Columbia for the manufacture of aeroplanes, and it is expected that the Indians themselves will cut large quantities of the Sitka or silver spruce to be used for this purpose.

Estimates of timber and reports on land of twenty-one reserves have been prepared during the past year, the statistical data thus obtained being of great value in the administration of the resources of the Indians of these reserves.

Encouragement is being given to the Indians of Eastern Canada to cut hardwood for fuel purposes in order to assist in relieving the anticipated shortage of fuel for the forthcoming winter.

SUMMARY OF INDIAN AFFAIRS IN THE VARIOUS PROVINCES BASED ON THE REPORT OF THE DEPARTMENT'S AGENTS AND INSPECTORS FOR THE FISCAL YEAR ENDED MARCH 31, 1918.

The local administration of the Indian lands, on the reserves scattered throughout the Dominion, is conducted through the department's agencies, of which there are in all 114. The number of bands included in the agency varies from one to more than thirty. The staff of an agency usually includes various officers in addition to the agent, such as medical officer, clerk, farm instructor, field matron, constable, stockman, etc., according to the special requirements of the agency in question. At many of the smaller agencies in the older provinces, where the Indians are more advanced the work is comparatively light, requiring only the services of an agent. The work of the agencies is supervised by the department's inspectors, each inspector having charge of a certain number of agencies.

ONTARIO.

Agencies.—The following agencies are included in the province of Ontario: Alnwick, Bay of Quinte, Cape Croker, Chapleau, Chippewas, Munsees and Oneidas of the Thames, Christian Island, Fort Frances, Georgina and Snake Islands, Golden Lake, Gore Bay, Kenora, Lake Superior (Eastern and Western Divisions), Manitowaning, Mississaguas of the Credit, Moravians of the Thames, Parry Sound, Rama, Rice and Mud Lakes, Sarnia, Saugeen, Scugog, Six Nations, Sturgeon Falls, Thessalon and Walpole Island.

Tribal Origin.—The great majority of the Indians of Ontario are Ojibwas, and are of Algonkin stock. The Oneidas of the Thames, the Mohawks of the Bay of Quinte, the Mohawks of the Parry Sound district, and the Six Nations of Brantford are of Iroquoian stock. There is a band of Pottawattamies at Walpole Island, and Delawares at the Caradoc agency; these are of Algonkin stock.

Occupations.—The principal occupation of the Indians in the eastern, central, and southern parts of the province is mixed-farming, including grain-growing, stock-raising, vegetable gardening, and dairying. There has been a great improvement during the past few years in their methods of cultivation, which is largely due to the work of the department's field agents.

An account of the part played by the Indians of Ontario in the campaign for greater production will be found on page 10. Statistics with regard to agricultural operations will be found on page 48, Part II. During the summer months the Indians find a profitable source of income in employment as guides and canoemen for tourists, surveyors, prospectors, and fire rangers. Some of them work as sailors and deckhands for navigation companies on the great lakes, and a number are employed on the railways in summer. In lumbering districts many of the Indians work in the lumber-shanties during the winter months, and at river-driving in spring, and in the mills in summer.

Many of the Indians who live in the vicinity of the centres of population are employed as day labourers in the various local industries, such as munition plants, canning factories, cement works, implement factories, oil refineries, iron works, box factories, brick and tile-making, flax pulling, etc.

Some of the Indian women are employed as domestics; and many of them derive a considerable income making fancy-work and baskets. At Rice Lake and Savanne some of the women and children engage in berry and wild-rice picking. The Indians still find a profitable source of income in the making of mitts, moccasins, snowshoes, and canoes.

About fifty Indians from the Fort William agency have gone West to help with the harvesting.

Health.—The health of the Indians of Ontario has, on the whole, been good during the past year. Tuberculosis is their worst enemy, and is responsible for many deaths among them each year.

There was an outbreak of smallpox among the Chippewas of Sarnia, but the cases were promptly isolated and quarantined, and the spread of an epidemic was prevented. There was a serious epidemic of measles this spring at the Fort Frances agency. This disease is much more dangerous to Indians than to whites.

Dwellings.—The great majority of the Ontario Indians have frame houses, which are in many cases well built and comfortable, and compare very favourably with those found in white communities. Some of the Indians have houses of stone or brick. At the Christian Island, Georgina and Snake Islands, Fort Frances, Gore Bay, Kenora, Savanne, Fort William and Sturgeon Falls agencies the majority of the houses are still of log construction. In the districts included in the Chapleau and Fort William agencies many of the Indians continue to live in tepees.

NEW ONTARIO.

Hunting and fishing are the chief sources of livelihood for the Indians of Northwestern Ontario and the James Bay district. Their only other source of income is acting as guides and canoemen in the summer months. These northern districts are not suitable for agriculture, but the Indians are beginning to raise potatoes with some measure of success. These Indians live in tents throughout the year.

They are very subject to tuberculosis, although their health is otherwise good.

QUEBEC.

Agencies.—The following agencies are included in the province of Quebec: Becancour, Bersimis, Caughnawaga, lake St. John, Lorette, Maria, Mingan, Oka, River Desert, Ristigouche, Seven Islands, St. Francis, St. Regis, Timiskaming and Viger.

Tribal Origin.—The principal tribes found in Quebec are: Iroquois at Caughnawaga, lake of Two Mountains, and St. Regis; the Hurons of Lorette are also of Iroquoian stock; the Montagnais, who are also of Algonkin stock, at Bersimis, Mingan, lake St. John and Seven Islands; the Abenakis, also of Algonkin stock, at Becancour and St. Francis; the Micmacs, also of Algonkin stock, at Maria and Ristigouche; and the Malecites, also of Algonkin stock, at Viger.

Occupations.—In the agricultural districts of the province the Indians are displaying much keener interest in farming, and market gardening, and a marked improvement is observable in their methods of cultivation.

In the Gaspe peninsula and districts adjacent thereto, the Indians are chiefly employed in the lumber shanties. In the Maniwaki and North Timiskaming agencies also a number of Indians work in the shanties.

Many Indians from the Caughnawaga and Lake of Two Mountains agencies work in munition factories.

One of the principal industries among the Indians of this province is the making of ash and sweet-grass baskets. A number of them spend the summer in the country resorts in the United States, where they sell baskets to tourists. The Indians also make lacrosse sticks, axe handles, racquets, and moccasins. Some of them are employed as guides to tourists and canoeists.

Health.—On the whole the health of the Indians of Quebec has been good during the past year. In this, as in every other provinces, tuberculosis is the disease which more than any other threatens the health of the Indians. Epidemics of scabies and grippe affected all the Indians of the Seven Islands reserve, but without any very serious consequences. There was an epidemic of diptheria in the Timiskaming agency, but no deaths resulted therefrom.

Dwellings.—In the settled parts of the province, the great majority of the Indians live in houses of frame construction, which are as a rule comfortable and well built. Some of them have good stone houses. In the more remote northern district many of the Indians continue to dwell in tents.

THE NORTH SHORE.

The cod-fishing industry is being successfully developed among the Indians of Mingan, Natashkwan, Romaine, St. Augustine, and Moisie, under departmental supervision.

Although these Indians have always been considered of a naturally indolent disposition, they are rapidly becoming good fishermen, which is surprisingly satisfactory, in view of the arduous character of this industry as carried on in the Gulf, where the fisherman's working day begins at three o'clock in the morning, and the last operation of salting is not completed until evening.

I regret to state that the general health of the Gulf Indians has not been good during the past few years, and that in consequence their numbers are decreasing.

The Indians of these parts do scarcely any farming or gardening as the climate and soil are not suitable for agriculture. Some of them, however, are beginning to raise a few potatoes.

NEW BRUNSWICK.

Agencies.—There are three agencies in the province of New Brunswick, the Northeastern located at Buctouche, the Northern, located at Perth, and the Southwestern located at Fredericton.

Tribal Origin.—The majority of the Indians of New Brunswick belong to the Micmac race, which is of Algonkin stock. In addition to these there are some bands of Malecites, also of Algonkin stock.

Occupations.—In the northeastern division the Indians are engaged in fishing, hunting, trapping, and farming. A number work in the lumber woods during winter and at the lumber mills in summer. In the northern division the Indians work in the woods in winter, river drive in the spring, and are for the most part employed as farm labourers in the summer and fall. In the southwestern division the Indians support themselves chiefly by the sale of Indian wares. In all parts of the provinces the Indians are expert at making baskets, snowshoes, moccasins, and other Indian wares.

The Indians of this province are showing a greater interest in farming than formerly.

Health and Sanitation.—The health of the Indians has been good during the past year, with the exception of cases of tuberculosis. They are learning to pay more attention to sanitary conditions than in the past.

Dwellings.—The great majority of the Indians of New Brunswick live in small frame houses, which in most cases are well built and well cared for. A gradual improvement is observed from year to year in their dwellings and outbuildings.

NOVA SCOTIA.

Agencies.—The following agencies are included in the province of Nova Scotia: Yarmouth, Digby, Annapolis, Queens, Shelburne, Lunenburg, Kings, Halifax, Cumberland, Colchester, Pictou, Richmond, Victoria, Inverness, Antigonish-Guysboro, two in Hants county (Windsor and Shubenacadie), and two in Cape Breton county (Eskasoni and Shubenacadie).

Tribal Origin.—The Indians of Nova Scotia are Micmacs, and are of Algonkin stock.

Occupations.—The great majority of the Indians who reside on reserves in Nova Scotia are farmers in a small way. Their principal agricultural products are hay, potatoes, and garden vegetables. They also raise horses and cattle, but no sheep and very few pigs. Between seed-time and harvest many of them go abroad and find employment in diverse occupations as day labourers. Those who do not live on reserves occupy themselves to a great extent with the manufacture of axe-handles, pick-handles, hockey sticks, butter tubs, baskets of various kinds, etc. A certain class, including some who reside on reserves and some who do not, make lumbering in its various branches their chief occupation. They assist in cutting the timber in the forests, in conveying it to the saw-mills, and finally in converting it into boards, deals, scantling, shingles, laths, etc. At certain seasons of the year, hunting, trapping, and acting as guides for sportsmen are also favourite occupations of a certain number mostly of middle age.

Health and Sanitation.—Sanitary regulations are surprisingly well observed by these Indians, circumstances considered, and as a consequence an improvement in their general health is manifest. Tuberculosis is less prevalent than formerly. An epidemic of smallpox in neighbouring localities spread to Salmon River reserve last February; but as a result of prompt action by the municipal health officer, and of the strict observance by the Indians of quarantine and other necessary regulations, the disease was speedily subdued among them, and no deaths occurred.

Dwellings.—Most Indians in Nova Scotia live in small frame houses, well finished outside, but usually in the rough inside. However, the general tendency is decidedly towards improving their condition in this respect. Quite a number live in roomy, comfortable dwellings, well finished throughout and fairly well furnished.

Halifax Disaster.—The small settlement of Indians at Tuft's Cove suffered very heavily at the time of the Halifax disaster, as it is located almost directly opposite the point where the munition ship blew up. Eight of these Indians were killed, including one man, four women, and three children, and the teacher, Mr. George Richardson, was killed on the way to the Indian school. Nearly all the survivors received more or less severe injuries. They were left in an absolutely destitute condition. Their dwellings, household effects, and supplies of food and other necessaries were destroyed. The necessary relief has been provided by the relief commission at Dartmouth, and also in part by the department. I am glad to say that these Indians are now in fully as good circumstances as they were prior to the disaster.

Prince Edward Island.

Agency.—One agency is sufficient for the purposes of the department in this province, as the total Indian population is only 292.

Tribal Origin.—The Indians of this province all belong to the Micmac tribe, which is of Algonkin stock.

Occupations.—Some of the Indians of Prince Edward Island work their land, but their principal occupations are fishing and basket-making. Some of the Indians own stock, which is of good quality, and well cared for.

The oyster fishing was this year a total failure, and the lobster fishing was less profitable than last season, and in consequence the income of the Indians has been reduced to a considerable extent.

The majority of the able-bodied men have gone to the front.

Manitoba.

Agencies.—The following agencies are included in the province of Manitoba: Fisher River, Clandeboye, Norway House, Griswold, Portage la Prairie and Manitowapah, Pas and Birtle.

Tribal Origin.—The majority of the Indians of Manitoba belong to the Ojibwa race, which is of Algonkin stock. Bands of Swampy Crees are found at the Norway House and Fisher River agencies and in the York Factory district; these are also of Algonkin stock. The Indians located at the Griswold agency are Sioux; there are also Sioux at the Birtle and Portage la Prairie agencies. There is a band of Chipewyans at Fort Churchill; this tribe is of Athapascan stock.

Occupations.—In the agricultural parts of the province, wherein are situated the Birtle, Griswold, and Portage la Prairie agencies, the chief occupation of the Indians is grain-growing. The Indians of the Portage la Prairie agency were very successful with their crops last year. One Indian of the Long Plain band, for example, had 2,800 bushels of wheat, which he sold at $2.08 a bushel. Several others had upwards of 1,000 bushels of wheat. The Roseau River Indians were enabled to pay off a great part of their debts through the success of their farming operations last year. They have agreed to break 175 acres to assist the 1919 greater-production campaign, and the Indians of the Birtle agency have for the same purpose agreed to break 250 acres.

The Indians of the Pas agency were very successful last year with their stock and garden produce.

In the Clandeboye, Fisher River, Norway House, Pas, and Manitowapah agencies, and throughout the northern districts, the Indians continue to find their principal source of livelihood in hunting and fishing. The hunting and fishing Indians have not suffered from the increased cost of living, as the value of fish and fur has on an average since the beginning of the war been about double that during the five years prior to the war.

These Indians are experts guides and canoemen and many of them find employment at this work, for which they receive good wages.

In the more settled districts many of the young men receive high wages as farm labourers. Some also are employed at road-work, in mines and on railway construction, and in most cases their services have been found very satisfactory by their employers. Some of the more educated Indians work as clerks for traders and merchants, and most of them have proved to be very efficient in their work. They are not so successful, however, when they undertake to trade independently, owing to their tendency to give credit to excess.

Some of the young women are skilled needle-workers, and earn a good living sewing for white settlers. A number also are employed as domestics. Among some of the bands the women derive a considerable income from the sale of willow baskets, rag and straw mats, moccasins, bead-work, senega root, and wild fruits.

The majority of the bands in the province raise stock.

Statistics of the agricultural operations of the Indians of Manitoba will be found on page 47, Part II, and of their stock holdings on page 53, Part II.

Health.—The health of the Indians throughout the province has been very good during the past year, and a marked improvement is observable. The Indians are learning to pay much greater attention to sanitation and personal cleanliness.

There is a marked difference between the methods of housekeeping followed on the reserves of the settled parts of the province and in the more outlying districts. At the Birtle agency, for example, the houses are furnished with good iron beds, sideboards, tables, chairs, and good kitchen utensils, whereas at the Pas agency the Indians in most cases still prefer to eat and sleep on the floor.

Dwellings.—Most of the Indian houses are of log construction. The Indians are expert axemen, and their log houses are usually well built and comfortable. The houses in the more northern districts are, however, still of a very primitive type, being roofed simply with poles and mud, and usually have only one room. In the more settled parts of the province the Indians are beginning to build frame houses. Many of the Manitoba Indians continue to live in tent during the summer months.

SASKATCHEWAN.

Agencies.—The following agencies are included in the province of Saskatchewan: Assiniboine, Battleford, Carlton, Crooked Lake, Duck Lake, Moose Mountain, Onion Lake, Pelly, Qu'Appelle, and Touchwood Hills.

Tribal Origin.—The most numerous tribes among the Saskatchewan Indians are the Ojibwas, Swampy Crees and Plains Crees, which all belong to the great Algonkin stock. In addition to these, Sioux Indians are found at the Assiniboine, Moose Mountain, Qu'Appelle and Carlton agencies, and on the Moose Woods reserve. In the Onion Lake agency there is a band of Chipewyans, who are of Athapascan stock. There are also a few Chipewyan Indians in the Isle à la Crosse district.

Occupations.—The principal occupations of the Indians of Saskatchewan are farming and stock-raising.

The great majority of the farming Indians are well provided with farm machinery and implements, and in most cases they take good care of them.

Statistics of their agricultural operations will be found on page 49, Part II, and of their stock holdings on page 60, Part II.

With very few exceptions the bands in this province own herds of horses and cattle. The Indians as a general rule care well for their stock, and some of it is of exceptionally fine quality.

Many of the Indians work for white farmers in the harvest season.

The Indians in this province derive considerable income from the sale of hay, wood, pickets, and senega root.

In the northern part of the province, hunting and fishing are still very important sources of income to the Indians. The fur catch has been very large during the past season, and the prices received for the pelts have been exceptionally high. The Indians of the Red Pheasant and Stony bands, of the Battleford agency, alone earned $5,500 from the sale of furs in a period of one month.

Health.—The health of the Indians of Saskatchewan has on the whole been good during the past year, although there is always a considerable amount of tuberculosis and scrofula among them. There was a slight outbreak of small-pox in the Moose Mountain agency, but prompt and effective measures were taken to prevent it from spreading. There was an epidemic of whooping-cough at the Battleford agency, which resulted in three deaths. This disease is much more dangerous to Indians than to whites. There was an outbreak of typhoid fever among the Chipewyans in the Onion Lake agency.

The officers of the department are giving most careful attention to the instruction of the Indians in the principles of hygiene and sanitation, and a marked improvement from year to year in these respects is observable on the reserves.

Dwellings.—The great majority of the Indian dwellings in this province are of log construction. In the more settled districts they are usually two storied, shingle-roofed, and well built. On the reserves which are farther removed from the centres of civilization the old style one- or two-roomed, mud or thatched roof shacks of a very primitive type still predominate. Many of the Indians live in tents in summer. Some of the more progressive Indians are beginning to erect frame houses.

ALBERTA.

Agencies.—The following agencies are included in the province of Alberta: Blackfoot, Blood, Edmonton, Hobbema, Peigan, Saddle Lake, Sarcee, Stony, and Lesser Slave Lake.

Tribal origin.—The Alberta Indians are of Algonkin stock, with the exception of the Sarcees near Calgary and the Beavers and Slaves in the Lesser Slave Lake

agency, who are Athapascan, and the Paul's band in the Edmonton agency, who are Iroquoian, and the Stonies, who are of Siouan stock. The Algonkin Indians of Alberta are subdivised into Blackfoot nation, comprising the Indians of the Blackfoot, Blood and Peigan agencies, Plain Crees found in the Lesser Slave Lake, Saddle Lake, and Hobbema agencies, and a band of Ojibbewas at Moberley Lake, in the Lesser Slave Lake agency.

Industries and Occupations.—The principal occupations of the Alberta Indians are farming and stock-raising in the settled parts of the province. In the more remote northern districts they continue to gain their livelihood almost entirely by hunting, fishing, and trapping.

An account of the activities on the reserves in Alberta in connection with the greater production campaign will be found on page 11.

Practically all the bands in the province own herds of horses and cattle, and their stock is of very fine quality. The Blood Indians have the largest herds, comprising upwards of 4,000 head of the finest beef cattle in the west. The Indians, as a general rule, care for their stock well.

Detailed statistics with regard to the stock held by the Indians of Alberta will be found on page 57, Part II of this report.

The Indian farmers are well supplied with modern machinery and implements, except in the Stony and Lesser Slave Lake agencies, where little farming is done.

Statistics of the grain and root production will be found on page 46, Part II.

Health and Sanitation.—Tuberculosis, pneumonia, and scrofula are the diseases most prevalent among the Indians of this province, and in some bands they are responsible for a heavy mortality.

These Indians are very conservative, and it is difficult to bring about changes in their habits of living. Every effort is being made, however, to make them realize the vital importance of sanitary conditions, and a gradual improvement is observed from year to year.

Buildings.—With the exception of those living in the more remote northern districts, the great majority of the Indians of Albera have modern frame houses, which in many cases are well built, well lighted, and well ventilated. Many of them have good barns, implement sheds and stables. Some of the Indians still live in tents and tepees in summer.

NORTHWEST TERRITORIES.

Agencies.—The department has only two agencies in the Northwest Territories, one being located at Simpson, and the other at Fort Smith.

Tribal Origin.—The principal tribes found in the far north are the Slaves, Hares, Loucheux, Secanies, Dogribs, Yellow-knives, Chipewyans and Caribou Eaters. All these tribes are of Athapascan stock. There are a few Crees in the neighbourhood of Chipewyan. These are of Algonkin stock. The most northerly tribes are the Tukudah, who extend to the Mackenzie Delta, and the Copper Mines, who are located along the Copper Mine river. The territory occupied by these two last mentioned tribes is contiguous to that inhabited by the Eskimos.

Occupations.—These Indians are solely dependent upon fishing and hunting. In view of their nomadic mode of life it is difficult to induce them to take up agricultural pursuits, and they do no farming or gardening, with the exceeption of a few living in the vicinity of the forts, who raise some potatoes. In the summer some of the Indians are employed as pilots and deckhands on the steamers running on the Peace, Slave, and Mackenzie rivers.

Health and Sanitation.—Tuberculosis and scrofula are the diseases most prevalent among the Indians of the Far North. Those who live in tents throughout the year are generally in better health than those who spend the winter in houses.

Every effort is being made by the officers of the department to make these Indians realize the value of hygiene and sanitation, but it is difficult to instruct them in these matters, as they are still in a very primitive stage of development.

Dwellings.—The majority of the northern Indian live in bark or skin tepees all the year round. Those who live in the vicinity of the posts have houses of a primitive type.

YUKON TERRITORY.

Agencies.—There is a departmental superintendent for the Yukon, whose headquarters is at Dawson.

Tribal origin.—The Forty Mile, Blackstone, and Moosehide bands, known as the Hunkutchin or Big River Indians, belong to the Tukudah tribe. There is a band of Slavies at Lancing Creek who migrated from Fort Good Hope, on the Mackenzie river; another band of Slavies, called Nanahies, is located at the headwaters of the Pelly river. All the above-mentioned Indians are of Athapascan stock. At Mayo, Selkirk, Little Salmon, and Carmacks there are bands belonging to the tribe known as the Stick Indians. Bands belonging to the Tlingit tribe are found at Whitehorse, Teslin Lake, Champagne Landing, and Carcross.

Occupations.—Hunting, fishing, and trapping are the chief occupations of all the bands in the Yukon. In the summer some of the younger men work as deckhands on the steamboats. A few work on the land for the local market gardeners; others cut cordwood and raft logs, and occasionally act as packers.

It is very difficult to arouse any interest in gardening or farming of any kind among these Indians. This is largely due to the fact that adequate attention to gardening or farming would materially interfere with their fishing, and it is during this season that they lay up a store of dried fish for themselves and their dogs for winter use.

A number of these Indians are earning a very good living, and some of them have considerable sums vested in victory bonds and other securities.

Health and Sanitation.—The general health of the Indians throughout the territory has shown an improvement during the past year, and there have been no epidemics. Tuberculosis is the most prevalent disease amongst them, and the problem is a difficult one to deal with in view of the remote localities in which the majority of the Indians of the Yukon live.

The Indians are, however, constantly being urged to adopt sanitary precautions and to practice greater personal cleanliness, and a gradual improvement in these respects is observable. There is a marked difference in the habits of those Indians who have attended the boarding school and have learned the value of sanitation and cleanliness.

Dwellings.—The Indian villages in the Yukon consist of a number of log cabins. Some of the older cabins are small, badly built, and totally lack ventilation, but these are gradually disappearing and are being replaced by newer, larger, and in every way better houses. A marked improvement is observable in their method of building. A few of the Indians still prefer to live in tents all the year round. In most of the villages there are school-houses and small churches, which as a rule are substantial buildings and are kept in a good state of repair.

British Columbia.

SOUTHWESTERN DISTRICT.

Agencies.—The following agencies are situated in the southwestern part of the province: Cowichan, Kwawkewlth, New Westminster, and West Coast.

Tribal Origin.—The Indians of the Cowichan and New Westminster agencies belong to the Salish tribe. The Indians of the Kwawkewlth and West Coast agencies belong to the Kwakiutl-Nootka tribe.

Industries and Occupations.—The past year has been one of great prosperity for the Indians of southwestern British Columbia. This condition has been the more welcome inasmuch as it was quite contrary to general anticipation in the beginning of the year, when the outlook seemed decidedly unpropitious. The hopes of the Indians were centred in the fishing industry, as this was the year for the big run of sockeye salmon in the Fraser river. For some unaccountable reason, however, the run of sockeye salmon in the Fraser was a total failure. There are, however, two reasons which account for the prosperity of these Indians in spite of this disappointment, namely, the extraordinarily high price paid for all kinds of fish, and the great scarcity of unskilled labour. Never in the history of the Pacific coast have such high prices been paid for fish as during the past year. Even the poorer variety, known as dog salmon, sold for as high as 67 cents each. On the West coast some Indians are known to have earned as much as $1,000 in a single week. It is not likely that during the coming season the Indians of the west coast of Vancouver island will go far afield to fish, as they have numerous opportunities at their doors to work in the canneries or fish independently and dispose of their catches to whom they please. These advantages are due to the fact that many fish companies are now operating canneries, salteries, and freezing plants at numerous points on the west coast of Vancouver island.

The Indians have found ample opportunities to earn good wages at the logging camps, saw-mills, and at stevedore work, and a number of them have earned from five to seven dollars a day.

In the hop fields of Agassiz, Chilliwack, and Sardis, the Indians earned good wages in spite of the fact that the crop was a poor one, and that a much smaller acreage was put under cultivation. This was due to the particular care that was taken to fully inform the Indians with respect to the prevailing condition, and to see that the number going to the fields would only be sufficient to ensure their earning good wages.

It is pleasing to note that the bulk of the money earned by these Indians was put to good purpose, in the purchase or manufacture of launches, and also in many cases in the improvement of their homes, as is evidenced by the fact that new houses have been constructed on nearly all the reserves.

The agricultural Indians of the Cowichan and New Westminster agencies have also had a prosperous year. Their crops were excellent, and they obtained good prices for their produce. On the reserves in the neighbourhood of Chilliwack the production was considerably greater than in past years.

Health.—It is gratifying to be able to say that on the whole the health of the Indians of this inspectorate has been all that could be expected during the past year. Although various epidemics, such as measles and whooping-cough, have been prevalent among the white children on the coast, the Indians have happily escaped contracting these diseases, which as a rule, have such disastrous results among them.

Dwellings.—The majority of the Indians in the southwestern inspectorate now have good frame houses, and only a few of the older Indians continue to live in the primitive shacks and cabins of former days.

SOUTHEASTERN DISTRICT.

Agencies.—The following agencies are situated in the southeastern part of the province: Kamloops, Kootenay, Lytton, Okanagan, Stuart Lake and Williams Lake.

Tribal Origin.—The Indians of the Kamloops, Lytton, and Okanagan agencies belong to the Salish tribe. The Kootenay tribe is located in the agency of the same name. The Indians of the Stuart Lake and Williams Lake agencies belong to the Athapascan race.

Industries and Occupations.—There has been marked progress in all the agencies in southeastern British Columbia during the past year, and the Indians would have derived a very substantial revenue from the sale of their produce had it not been for the severe drought which prevailed during the summer of 1917. In spite of this serious drawback many of them prospered, as is evidenced by the fact that a number of them bought Victory Bonds and the investments of individual Indians in the bonds were in some cases as high as $1,000.

The sale of beans and cattle were the most profitable sources of income to the Indian farmers of this district. The Indians of the Lytton agency had more than a dozen car-loads of beans, for which they received 11 cents per pound.

In the cattle-raising industry the Indians of the Lower Okanagan and Similkameen districts in the Okanagan agency, those in the vicinity of Douglas lake in the Kamloops agency, and the Anahams in the Williams Lake agency made a particularly good showing.

More fall ploughing was done in 1917 than in any previous year, and preparations have been made for a greater increase in the acreage under crop in the season of 1918. Dairying and hog production are both receiving more attention than formerly.

Health and Sanitation.—There have been no serious epidemics among any of the bands of this inspectorate during the past year. There is a constant betterment from year to year in the health of these Indians, which is attributed in great measure to the better class of dwellings that they are erecting, and the consequent improvement in sanitary conditions.

Dwellings.—A marked improvement has been made in recent years in the class of dwellings erected by the Indians of the Okanagan agency, the majority of whom now have good frame houses on cement foundations, and which are in many cases neatly painted. In the Kootenay agency, new and improved dwellings are gradually taking the place of the unsanitary shacks which were so common among these Indians a few years ago. In the Lytton agency many of the Indians have saved enough money to enable them either to build new houses or to improve their old ones, and they now realize that it is better to build houses with separate rooms than to continue in their old method of living in one room. Among the Shuswaps of the Kamploops agency the majority of the dwellings are still of log construction. Many of the Thompson and Okanagan Indians in the Kamloops agency have frame houses, which are well built and well ventilated.

NORTHERN DISTRICT.

Agencies.—The following agencies are situated in the northern part of the province: Babine, Bella Coola, Nass, Queen Charlotte, and Stikine.

Tribal Origin.—The Indians of the Bella Coola agency belong to the Salish tribe. Those in the Queen Charlotte Islands are Haidas. Those in the Stikine agency are Tlingits. Those in the Nass are Tsimshians. The Indians of the Babine agency belong to the Athapascan race.

Industries and Occupations.—There has been a great improvement in the welfare of the Indians of Northern British Columbia owing to the increased demand for Indian labour, and the high prices paid for fish and furs.

Their chief occupations are fishing, hunting, trapping, logging, teaming, and boat-building. Many of them work in the canneries and saw-mills.

An interesting and progressive commercial enterprise has been undertaken by the Indians of the Skidegate reserve in the Queen Charlotte islands in the organization of the Graham Island and Skidegate Oil and Trading Company, the members of which are all Indians of the Skidegate band. Directors have been elected, and the affairs of the company are being conducted on an efficient business basis. They have leased the necessary buildings and equipment, and an industry has been started that will materially assist them and also provide food from a variety of fish that has hitherto been wasted. The fish in question is known by the Indian name of "kakata." A number of Indian men and women are now employed in this work, and there is every reason to believe that a large and prosperous industry will develop from the venture.

Health and Sanitation.—Health conditions have been very good among the Indians throughout the northern part of the province during the past year, and a marked improvement in sanitary conditions is observable.

Buildings.—There is a marked improvement from year to year in the class of houses and out-buildings erected on the Indian reserves in this district. Many of these houses are well finished on the interior and are equipped with modern cook stoves, sewing machines and other comforts of civilization. The Haida Indians of the Queen Charlotte Islands are excellent carpenters and build up-to-date frame houses that compare very favourably with those found in white communities.

Although many of the Indian in this inspectorate continue to erect dwellings of log construction, these are of a greatly improved design as compared with their old cabins and are in many cases well finished with lumber on the interior.

FINANCIAL.

At the close of the twelve months ended March 31, 1918, the capital of the Indian Trust Fund, which at the end of the preceding year amounted to $7,870,230.36, had increased to $8,665,137.35.

The amounts expended from the Consolidated Revenue Fund were as follows: voted by Parliament for the purposes of the department, $1,771,660.49; and annuities by statute, $187,066.

On March 31, last, the balance to the credit of the Indian Savings Account for the funding of the annuities and earnings of pupils at industrial schools, together with collections from Indians for purchases of stock and for ranching and farming expenses, was $55,519.49. Deposits and interest during the twelve months aggregated $67,290.68, and withdrawals, $73,608.07.

I have the honour to be, sir,

"Depot" Division.

Wood Mountain.
Yorkton.
Moosejaw.

The change in distribution and closing of detachments was necessary because permission was given on 6th April for all ranks to volunteer for overseas service.

Up until then, detachments were maintained along the international boundary from the lake of the Woods to the Rocky mountains for patrol work, and also in certain sections of the provinces of Alberta and Saskatchewan, where enemy aliens were settled in large numbers.

No alterations were made in the Northwest Territories and the Yukon Territory.

The present distribution in the provinces is only temporary, and will be revised when the permanent policy as to the future employment and duties of the force has been decided. In any case, a number of the divisional posts will be closed, and a careful readjustment made in the interests of economy and efficiency.

OVERSEAS CAVALRY DRAFT.

On the 6th April I was instructed that members of the force would be permitted to volunteer for overseas service, to reinforce the Canadian Cavalry Brigade on the Western Front. This was received with enthusiasm by all ranks, and practically everyone volunteered. As you are aware, from the beginning of the war it had been the ardent desire of all that the force should take part, but owing to the conditions in the western provinces during the first years of the war, it was not thought possible, in the interests of Canada, to permit it. However, the release from its police duties in the provinces, the entry of the United States into the war, and the good conduct generally of the enemy aliens within our borders, so changed the conditions that it was found possible to utilize their services.

The force was most desirous of proceeding as a unit, and strong representations were made by the people of the western provinces that this honour should be accorded. The Overseas Military Authorities found it impossible to comply except for a single squadron, the balance to be utilized as reinforcements for cavalry regiments then in the field.

Recruiting for the draft commenced on 18th April and closed on 13th May. On the 15th May, 12 officers and 726 N.C.O.'s and constables were transferred to the Canadian Expeditionary Force. Of these, 81 N.C.O.'s and 150 men were old members of the force, and 495 were recruits. Three N.C.O.'s were granted commissions.

It was with the keenest regret that many members of the force found themselves unsuitable owing to the age limit or being physically unfit.

The draft left Regina on the evening of the 30th of May, under the command of Major Jennings, and embarked at Montreal of 3rd of June.

The following telegram was received from the Comptroller:—

> "I am instructed by the Minister to say that the Government greatly appreciates the fine spirit shown by the officers, non-commissioned officers and men of the force in so promptly volunteering for overseas service at this critical time."

"B" SQUADRON—SIBERIA.

On 17th August, I was authorized to mobilize a squadron of cavalry, with horses from the force, for service in Siberia, on the same conditions as for the overseas draft. Recruiting was commenced at once, and completed on 9th September. The strength authorized was 6 officers, 184 other ranks, and 181 horses.

Owing to the severe outbreak of Spanish influenza, the organization and training was carried on with difficulty. Five died of the disease, and 50 per cent of the strength contracted it. The squadron was transferred to the Canadian Expeditionary Force on 1st October.

An advance party of 1 officer and 20 other ranks left on the 6th October, and are now at Vladivostok. Four officers and 149 N.C.O.'s and men and 181 horses sailed from Vancouver on 17th November.

The whole squadron was imbued with a fine spirit, and I am confident will render good service. The horses were carefully selected, and were in perfect condition when they left.

DUTIES IN ALBERTA AND SASKATCHEWAN.

Up until 15th April, when our detachments were withdrawn, a close patrol was maintained along the boundary. Every assistance was given the Department of Immigration in enforcing the laws governing the admission of persons into Canada, and in enforcing the order in council prohibiting men of the draft age under the Military Service Act from leaving Canada.

The Customs Department was aided in protecting the revenue. Five of our detachments acted as sub-collectors.

In the interior, constant patrols were maintained in the settlements of enemy nationalities, and a great many cases of alleged treasonable activity among them were investigated. It is fitting that I should state that during the whole course of the war, there was, generally speaking, no disturbance of the peace nor even unrest among the enemy people. There was much apprehension during the early stages, which was well founded, as to the possibility of outrages and even worse, but as time went on, it was realized that our settlers of enemy origin had no intention of making an organized effort to disturb the good order of the country, or thwart or impede our efforts in the war. It is true that many of them favoured their fatherland, and firmly believed in the ultimate victory of the Central Powers. Their expressions of sympathy were at times offensive to our loyal people, but they never led to serious trouble. When it is remembered that a very large percentage of the population is of foreign and enemy extraction, it is a matter of congratulation that peace and good order have been so well maintained.

POLICE PROTECTION IN DOMINION PARKS.

The force has continued its duties in the different National parks, Jasper, Rocky Mountain, and Waterton Lakes, but only in connection with park regulations. It was thought wise, however, in order to avoid confusion, that we should be responsible for the execution of all law in these areas, and on the request of the Department of the Interior, and with the consent of the Attorney General of Alberta, full jurisdiction was assumed in June last. It has recently been decided that the force will in future also enforce the provincial laws, and members of the force stationed in the parks will be appointed special constables in Alberta.

The customary assistance has been given the Indian Department. Escorts have been provided at treaty payments when requested, and constables to enforce quarantine and other regulations whenever necessary.

MILITARY SERVICE ACT.

When the Act came into force, instructions were issued that the force should actively assist in enforcing it. This was done, and every assistance given to the registrars under the Act in both provinces, until the detachments were closed.

In the meantime, a special force of Dominion Police was organized, and on request, two officers and two N.C.O.'s were loaned to them for service in Saskatchewan and Alberta, and are now so employed. In April, a detachment of 20 N.C.O.'s and constables was sent to Quebec under the command of Superintendent Starnes to assist the Dominion Police. Shortly after arrival there, the Overseas Cavalry Draft was mobilized, and half of the detachment returned to proceed overseas. On June 1 the Dominion Police was transferred to the Department of Militia, and Superintendent Starnes was appointed Assistant Provost Marshal, M.D. 4, and acted as such until 24th August, when he resigned and returned to duty. One officer and 5 N.C.O.'s are still serving at this date.

YUKON TERRITORY.

I am able to report that peace and good order prevail in this territory. The total number of cases entered during the year was 86, resulting in 76 convictions. This is a decrease of 24 cases compared with last year. There was an increase of 10 convictions under the Indian Act. There was not a single case of murder, and only 6 cases of theft.

The patrolling in the territory entails long and arduous journeys. The patrol mileage was 92,279, of which 12,213 miles were on foot. The more important patrols were:—

Dawson to McPherson	57 days.	1,000 miles.
Whitehorse to Teslin	24 "	318 "
" "	26 "	389 "
Dawson to Mayo	19 "	500 "
" Rampart	21 "	150 "

The duties of immigration inspectors were performed by us at all points of entry; 1,300 passports and permits were issued.

At our outlying posts, our men act as postmasters.

They also act as fishery inspectors, and generally aid and assist all departments of the Government.

Sixty-six prisoners were received in our guard-rooms, including four lunatics, who were transferred to the asylum at Westminster.

There was only one penitentiary prisoner.

One execution took place, on 23rd November, 1917, for a murder committed in the previous year.

NORTHWEST TERRITORIES.

The general condition as to law and order is very satisfactory. Only one serious crime has been reported, that of an attempted shooting of an Indian by an Eskimo near the eastern end of lake Athabasca. This is under investigation. The accused, after the shooting, returned to the Far North, and our detachments in those regious have instructions to investigate.

The Indians and Eskimos have had a successful year, game and fish being plentiful, and fur-bearing animals fairly abundant. There has been little or no sickness among them.

In the Mackenzie River sub-district, the officer in command, as sub-collector of customs, collected $3,887.50.

A trader was charged at Herschell island, in September, 1917, with having entered at customs a false manifest in 1916. He was convicted, sentenced to six months' imprisonment, fined $200, and ordered to pay duty on all goods smuggled. In addition, $6,000 received by him for sale of schooner *Challenge* was seized and remitted to the Collector of Customs at Dawson for disposal.

A serious charge has been preferred against the captain of the C. G. S. *Polar Bear.* It is alleged that he maliciously rendered unseaworthy the schooner *Mary Sachs,* then lying at cape Kettel, Banks island, on or about August 11, 1917. This charge is now under investigation.

For the Department of Interior, we paid out $2,000 in wolf bounties.

Two Eskimo prisoners undergoing life imprisonment were held in our guard-room at Fort Resolution. They are model prisoners, work willingly, and apparently are quite contented.

As in the Yukon Territory, police duty demands many long, trying, and dangerous trips. We have now become so accustomed to the work in the Far North that we

sometimes forget the danger and hard work entailed by water and land. As an instance, I quote from a report made by Inspector Phillips:—

"N" Division, Royal Northwest Mounted Police,
Mackenzie River Sub-District,
Herschell Island Detachment, July 24, 1918.

The Officer Commanding
R. N. W. M. Police,
Peace River, Alta.

Sir,—I have the honour to advise you of the total wreck of the Fort Macpherson whale boat, eight miles to the east of Herschell island, on the 22nd instant.

On this date I, in company with Regimental Numbers 4396, Const. Doak, W. A., and 5369, Const. Cornelius, E. H., were endeavouring to get into Herschell island, but on getting close enough to the island, we discovered that the ice would not permit us to enter the harbour.

Two courses only were open to me, the first to keep on running to the westward, which I considered impracticable on account of the gale which was blowing, and the possibility of being caught by the main ice flow, west of the island. My other course was to come about and try to make the harbour at "Itkilipik"—the latter course I adopted. We beat back to within about eight miles of the harbour at Itkilipik; it was still blowing heavily and our boat was shipping considerable water, and constant bailing became necessary.

At this place the mast stays broke, allowing the mast to lean dangerously to one side; before I could get this remedied our sail was blown to pieces, and I was obliged to cut it loose. I then tried with the oars to keep the boat from drifting in on the ice, but with the heavy sea running I soon found this to be ineffectual.

We drifted rapidly on to the ice, at the same time an effort was made to handle boat so that she might strike near a cake of ice sufficiently large for us to clamber on to. On getting closer to the ice I saw that it was all in small cakes. Our chances at this time of getting on to the ice did not seem very good, so to lessen the impact of our boat with ice, I had everything aboard her thrown overboard; this I considered necessary as there was a possibility that we might be able to run her up on a cake of ice without smashing the bow in. We struck a few minutes later, and in five minutes the boat was smashed to pieces. I started across the iceflow, shouting to Doak and Cornelius to follow; this was the only chance left us. I thought at that time that there was a bare possibility of us getting across the flow ice on to the shore pack.

Our journey across the flow ice is very hard for me to describe—the distance I imagine would be about four hundred yards. I am thankful to say we managed to get over this. The cakes were small, and were churning around and upending, at times the piece on which one of us would be standing would start to upend, and it was a case of jump or be crushed; this was the manner in which we reached the shore ice. After our arrival on the solid ice, we started to follow it southwest towards Herschell island. I had not proceeded far in this direction when I struck a wide lead which was impossible for us to cross. I here decided to make for the closest land, which was cape Itkilipik. We turned in a southerly direction, and found the leads narrower. By joining our belts and suspenders together a line was made. One of us would swim the lead and then assist the others over by the life-line I have described.

I should say that approximately twenty-four leads in the ice were crossed in this manner, before we eventually reached the shore. The time spent by us from the wrecking of the boat (on the ice) to our reaching shore was ten hours.

A gale from the northeast had been blowing all this time, and in our soaking wet condition we suffered severely from the cold. The only clothing we wore at this time was our under garments, trousers and muckluks, our Artiggies we threw away, as we found they hampered us too much when getting over the leads. Herschell island was about twelve miles by following the coast line from the place where we managed to get ashore. We started at once to walk in this direction; after travelling about one mile I noticed that Constable Doak was delirious. Constable Cornelius and myself assisted him to walk a little farther, when, owing to cramps in the legs, we could take him no farther. Constable Cornelius at this stage volunteered to go on to Herschell island for assistance, food, and matches, and I permitted him to go. After the departure of this constable I built a wind break out of driftwood. Constable Doak and I crawled into it; here we remained until 11 p.m. of the 23rd instant. We were taken off at this time by Captain Allan and Gonzalas, who were en route from Kittegaruit to Herschell island with whale-boat, they saw our signals, put into the "spit" on which we were, gave us some food, and after we had eaten, we all started for Herschell island with their whale boat. The wind by this time had turned to the southwest, and had made a small lead between the ice and the main land; this we followed, keeping a sharp look out for Constable Cornelius. We saw nothing of him, and on our arrival at Herschell island found that he had not arrived there. I at once started Constable Brockie and two natives with whale boat to search for this constable along the coast, who found him on a sand spit about ten miles off Herschell island. I am glad to be able to say that this constable was brought in safely. I am sorry to say that at the present time the two constables and myself are laid up with swollen feet and legs, due undoubtedly to exposure. I am, however, in hopes that we will be able to return to duty in the course of a day or so.

I cannot speak too highly of the courage and loyalty shown by Constables Doak and Cornelius through the trying circumstances encountered by us; at no time did these men lose their presence of mind; any hesitation on their parts at times might have been attended with fatal results.

With reference to government property lost in the wreck I regret to say that an approximate sum of $65, being balance of the last half-year's Sub-district Contingency Fund, went down in my valise. I was fortunate enough to save the fifteen hundred dollars sent in this summer. This amount I was carrying in my hip pocket.

Constable Doak's entire kit, all official mail, and the Herschell Island detachment books, also all personal property, was lost. I will have a list of all government store lost, and will submit board in due course.

I should have stated that I was on my return trip to Herschell island from Fort MacPherson when this accident happened. We had an uneventful trip up to the time we ran into bad weather and ice on the coast.

In conclusion, I must say that I am exceedingly sorry to have to give you a report of this nature, but I think you will agree that this accident occurred through circumstances over which I had no control. I am happy to be able to report no loss of life. As soon as I am able to send a patrol to the vicinity of the wreck I will do so, with the idea that there may be some government stores blown up on the coast.

I have the honour to be, sir,
Your obedient servant,

J. W. PHILLIPS, Insptr.,
Commanding Sub-district.

Mr. Stefansson, of the Canadian Arctic Expedition, was laid up at our Herschell Island post from 13th January to 3rd April, with typhoid fever, when, having somewhat recovered, he desired to proceed to Fort Yukon for medical assistance. He was taken to Old Crow river, 150 miles, by Constable Brockie, assisted by two Eskimos, and an Indian half-breed. Mr. Stefansson was greatly improved on the journey, and proceeded to his destination with another party. I regret to say that Constable Lamont, who assisted in nursing Mr. Stefansson, contracted the disease and died.

In August, 1917, Corporal Conway was sent to Coronation gulf from Herschell island to investigate a report that a Copper Eskimo woman had been murdered. No report of the return of this N.C.O. has yet been received.

A very extended patrol was made by Inspector Anderson from Fort Fitzgerald to Fort Norman, a round distance of 1,200 miles, which occupied from December 17, 1917, to February 9, 1918. Deep snow and bad roads were encountered, and the thermometer registered 72 degrees below zero. Inspector Anderson inspected the different police posts along the Mackenzie river, interviewed the Indians, and generally inquired into the state of the country. He reported that the Barren land cariboo were within 50 miles of Fort Resolution and as far south as the vicinity of Fort Fitzgerald. The Indians described their numbers as being like mosquitoes.

It is with great relief that I am able to record the return of the Baker Lake patrol from Bathurst inlet. Inspector French's report should be printed because of its special interest and the magnitude and importance of the patrol. I have had much pleasure in bringing to your notice the valuable services of Inspector French and Sergeant-Major Caulkin.

The patrol was made into the Arctic regions primarily to inquire into the circumstances surrounding the death of Messrs. Radford and Street in June, 1913, at Bathurst inlet, while exploring the Arctic coast; and also to visit the different Eskimo tribes for the purpose of instructing them in the laws of the country, and gradually bringing them under their influence.

The report of the death of the explorers was first received by the Officer Commanding at Port Nelson in July, 1913. Nothing could be done at that time as Bathurst inlet is so remote that only a well-organized expedition could accomplish the necessary journey.

Under instructions of the Government, this was organized under command of Inspector Beyts, in 1914, and sailed from Halifax on July 31. It was decided to establish a base at the east end of Baker lake, and forward supplies to depots well in advance. Owing to adverse weather conditions, it was not possible to reach Baker lake in the season of 1914, so that this expedition proceeded to Port Nelson.

In 1915, it again proceeded and passing up Chesterfield inlet, established the base, and during the winter of 1915-16, threw out its advance depot on the Thelon river. The following summer, Inspector French replaced Inspector Beyts in command. In March, 1917, the patrol set out and returned to its base in January, 1918, having successfully performed its mission. Inspector French reports that the result of the inquiry was to establish that Messrs. Radford and Street were killed by the natives on the shores of Bathurst inlet in June, 1913, and that there was great provocation. In accordance with the instructions of the Government, he did not arrest the actual offenders.

The following were the instructions: "It will be your duty to get in touch at the earliest possible moment with the tribes said to be responsible for the deaths. You will make inquiries and take such statutory declarations as may seem necessary in order to obtain a full and accurate account of the occurrence. From information received, it is assumed that there was provocation. If this is found to be the case, it is not the intention of the Government to proceed with prosecution. If, however, there was found to be no provocation, the Government will consider what further action is to be taken."

After completing his investigation, Inspector French proceeded as far west as Bernard inlet, visiting the different tribes en route to whom he explained the "white man's" laws and customs.

This patrol, as well as that of Inspector La Nauze the previous year, has had a marked effect on these barbarian, but on the whole, kindly people. Friendly relations have been established which will be of much value in the future.

The post at Baker lake was closed during the summer because of the difficulty in forwarding supplies, and that at cape Fullerton was reopened.

The maintenance of this far-flung outpost is very necessary. It protects the Eskimos as well as exerting a beneficial influence over them, and it is the only point in the vast area tributary to the northern part of Husdon bay, where there is an established authority. There are many evil customs among the Eskimo people which ought to be eradicated. Killing of female children is the most abhorrent, and it is freely practised. They make no effort to hide it, and claim it is an immemorial custom, resulting from their nomad life and precarious existence.

Inspector French recommends that an outpost be established at Lake harbour, Baffins Land, and that a properly equipped vessel be secured for the purpose of patrol work in the northern areas. This would entail heavy expenditure, but would be justified if carried out in conjunction with work by the Mining, Geological, and Naval departments.

With regard to policing the Arctic coast around Coronation gulf and the interior, I am of the opinion that outposts should be established at Fort Norman, Dease bay on Great Bear lake and Bernard harbour and, if practicable, at the mouth of the Coppermine. This portion of the country is being invaded by traders, who find their operations very profitable. The mineral resources of this region are said to be very valuable, especially in native copper which, owing to the high price, the traders have been purchasing.

In conjunction with the establishment of these proposed outposts, the Department of Mines might find it convenient to use them as bases for a thorough examination of the mineral resources.

GAME LAWS IN NORTHWEST TERRITORIES.

At the request of the Department of the Interior, Inspector La Nauze, who has had many years' experience in the North, was loaned to advise in preparing regulations under the new Game Act. It is too early to speak of the benefits under the new laws and regulations which were only promulgated recently. If they are to be progressively effective, our detachments will have to be increased. The game, fur-bearing animals and fish are the source of wealth and the present means of livelihood for the natives in the whole territories.

Owing to the operation of the Military Service Act, we have been handicapped in securing suitable recruits for the regular service. There was no trouble in getting men for our overseas units, and those recruited were a fine lot. To maintain the force at anything like effective strength, the standard, both physically and otherwise, had to be lowered. Men in category B and lower classes under the M.S.A. were permitted by the military authorities to join the force. It was not satisfactory. Now that peace is assured, I have issued instructions that the old standard must be re-established and that preference is to be given to ex-members of the force who have returned from or still are overseas. As there are hundreds, I anticipate that there will be no difficulty in re-establishing our efficiency, which has been so seriously affected as a result of the war.

HORSES.

No remounts were purchased for the force. On the request of the Quartermaster General, I undertook to purchase horses for service in Siberia. The purchasing officers covered a wide field, and found much difficulty in securing the horses required.

With regard to horsing the permanent mounted units in future, whether military or police, I am satisfied that suitable horses are not being bred in Western Canada in sufficient numbers. I strongly recommend that a remount breeding establishment be organized. Some of our divisional posts which are no longer required, could be utilized. In no other way will horses of the quality and stamp be secured.

BARRACKS.

No buildings have been constructed during the year. Necessary repairs have been done. On the whole, our buildings are in good condition.

RATIONS.

The rations have been of good quality, and were purchased on contract.

FORAGE.

The forage has been of fair quality. The hay crop in certain portions of the two provinces was a partial failure. The price has therefore been abnormally high and the quality inferior.

CLOTHING.

The clothing has been up to standard, except that the colour of the service clothing has faded rapidly in the sun, and made the garments look shabby. This fault was unavoidable, as it was not possible for the manufacturers to secure fast brown dyes.

CONDUCT.

The conduct has been very satisfactory. The breaches of discipline, with few exceptions, were of a minor character.

HEALTH.

Two serious epidemics, measles and Spanish influenza, occurred. The overseas cavalry draft suffered from the former, and B squadron from the latter, with five deaths. Two deaths also occurred from the disease at Wood Mountain and Lethbridge.

Apart from these epidemics, the general health has been satisfactory, although the average daily sick report has been above the normal, owing to the lower physical condition of many of the recruits.

The total contribution by the force since the beginning of the war to the Patriotic Fund is $46,137.36.

In concluding my report, I desire to acknowledge the support and co-operation which I have received from all ranks. The rapidity with which the overseas cavalry draft and the Siberian squadron were recruited and organized, was due to the keen interest of the officers commanding and their staffs. Many were grievously disappointed that they could not accompany their more fortunate comrades, but they did not slacken their efforts.

The whole staff and organization of the force was thrown into disorder, but with good-will on the part of all, matters soon readjusted themselves.

The employment and duties of the force in the future are now under consideration by you, and I venture to express the hope that the identity of the corps, which has now been in existence for forty-five years, will not be lost.

I have the honour to be, sir,
Your obedient servant,

A. BOWEN PERRY,
Commissioner.

APPENDIX A.

Inspector French's successive reports of his patrol in connection with the murder of Messrs. Radford and Street are published in a separate volume. These are:—

1. Report dated June 16, 1917, from Bernard harbour. This is a description of his journey from Baker lake to Bernard harbour.

2. Report dated June 30, 1917, from Bernard harbour. This contains a detailed account of the investigation into the circumstances attending the death of Messrs. Radford and Street; it includes statements made by ten Eskimos who were witnesses, or had knowledge of the fatal tragedy.

3. Report dated July 5, 1917, from Bernard harbour, regarding the killing of female infants by the Eskimos.

4. Report dated July 6, 1917, from Bernard harbour, containing additional details of the murder in 1913 of the two Roman Catholic priests, Fathers Rouvière and Le Roux.

5. Report dated July 6, 1917, from Bernard harbour, regarding the alleged murder of an Eskimo woman, Co-mak.

6. Report dated January 31, 1918, from Baker lake, describing the doings of the patrol on the Arctic coast from June 13, 1917, to September 1, 1917.

7. Report dated January 31, 1918, from Baker lake, describing the return journey from Bernard harbour to Baker lake.

The patrol was a remarkable achievement in the way of travel. Inspector French computes the distance traversed on the outward journey from Baker lake to Bernard harbour thus:—

Distance travelled over routes	1,835	miles.
" " deer-hunting	284	"
" " seal-hunting	114	"
" " looking for native camps	250	"
	2,483	"

No computation for the return journey is given by him, but the distance cannot have been much less than when outward bound; against the distance travelled in searching for native camps is to be set a certain amount of movement by the patrol along the Arctic coast. Altogether, it is fair to estimate the total travel at fully 4,500 miles. The return journey was carried out in the early winter under conditions of great hardship. It was impracticable to carry full stocks of provisions, and the party, Inspector French, Sergt.-Major T. B. Caulkin, and several natives were forced to rely for much of their subsistence upon the game and fish they could procure.

The investigation confirmed the accuracy of the information obtained by the R. N. W. M. Police in 1913. In brief it was that Mr. Radford, the elder of the two men, and the leader of the expedition, had all along showed ignorance of the proper manner of dealing with natives and that on the day of the affray, being irritated at one of the natives, he struck him, and thereby precipitated a scuffle in which both white men were killed.

Neither Mr. Radford nor Mr. Street understood these people's language, nor how to deal with them, and intercourse between them had been limited to signs. The tribe in question, the Killin-e-muits, is exceedingly primitive and had had next to no dealings with white men before; the white men lived amongst them without

molestation until the quarrel arose. The statement of one native, Gib-gol-u-ok, may be given; the others agree closely with it:—

"I remember the two white men, Ish-yu-mat-ok and Ki-uk, coming to Kwog-juk as I was camped there. There were not many camped there when the white men came. After the white men came many Eskimos came there, as it is a good place for seals in spring.

"I do not know now how long the white men came. It was a long time and three huskies that came with them returned to the south. The one white man Ish-yu-mat-ok (Radford) was always mad and shouting loudly to the natives, and the other white man, Ki-uk (Street), was good. We did not understand the white man's language, but sometimes they made signs and we understand.

"They wanted two men who were good hunters to go away with them to the west, and Har-la and Kan-e-ak were to go. When the white men were ready to leave, Kan-e-ak did not want to go as his wife had fallen on the ice and hurt herself and he did not wish to leave her. Har-la had left the camp with one team. I remember seeing the white man Ish-yu-mat-ok pick up a dog whip and catch hold of Kan-e-ak and commence hitting him over the head and face, the white man shouting all the time, Kan-e-ak sat down on the ice, and the other white man, Ki-uk (Street) went up and tried to stop the Ish-yu-mat-ok.

"I saw the Ish-yu-mat-ok catch hold of Kan-e-ak and draw him to a wide crack in the ice and hold him over it. We were afraid the white man was going to kill Kan-e-ak. The other white man, Ki-uk, caught hold of Kan-e-ak and they both commenced to push him towards the water. I was on the side of the hill behind the tents and saw Ok-it-ok and Hul-a-lark run out from the camp. Ok-it-ok caught hold of Ish-yu-mat-ok and Hul-e-lark stabbed him with a snow knife; he stabbed him in the back, the white man fell on the ice, the other white man ran away towards the sled that Har-lu had left with, Ok-it-ok ran after him and caught hold of him and Am-e-goal-nik stabbed him.

"The white men were put on the ice and covered over with their deerskins. I did not see anybody cut either of the white men's throats. The huskies took some of the white men's stuff and some was left behind. I have some paper that belonged to the white men. I do not know any more of their stuff, the rifles were broken up and used by the natives. I heard that Hul-a-lark and Kan-e-ak were away hunting on the sea ice to the east, and I do not know where Am-e-goal-nik is. We did not want to have any trouble with the white men and if the white men could have spoken our language I do not think it would have happened as we want to have the white man come and trade with us."

Inspector French adds that all the evidence obtainable bore out this version. He was favourably impressed with this tribe, which, he points out, treated his small party excellently, despite the delicate nature of the mission upon which it came amongst them.

REPORT

OF THE

UNDER SECRETARY OF STATE

To the Honourable
MARTIN BURRELL,
Secretary of State of Canada.

SIR,—I have the honour to submit to you a statement of the work of the Correspondence Branch of the Department of the Secretary of State for the year ended March 31, 1918.

INCORPORATION OF COMPANIES.

The number of companies incorporated under The Companies Act during the fiscal year 1917-18 was 574 with a total capitalization of $335,982,400 and the number of existing companies to which Supplementary Letters Patent were issued was 77, of which 41 increased their capital stock $69,321,400, 4 decreased their capital stock $1,894,300, the remaining 32 being granted Supplementary Letters Patent for various objects such as changing names, extending powers, etc., making a total of 651 charters and supplementary charters issued during the year, a decrease of 32 as compared with the previous year; whilst the total capitalization of new companies and the increased capital of existing companies amounted to $403,419,500.

Particulars as to the capital stock, etc., of the companies incorporated or granted Supplementary Letters Patent during the twelve months, together with the date, etc., of the *Canada Gazette* in which the objects and powers are set forth, will be found in my report of the work of the Registrar's Branch of the Department.

NATURALIZATION OF ALIENS.

In my report as Deputy Registrar General above referred to, full particulars are given of all naturalizations effected under the old Naturalization Act, Chap. 77, R.S.C., 1906, which was repealed January 1, 1918, for the twelve months ended December 31, 1917. Complete returns showing the names, places of residence, and former nationalities of all persons naturalized under this Act are tabulated and recorded in the Registrar's Branch of the department, and are always available for reference.

The Report of the Naturalization Branch which was organized to supervise applications under the Naturalization Act, 1914, will be found immediately following the Report of the Registrar's Branch.

The payments to the court officers, charged with the making of naturalization returns, details of which will be found in the report of the Auditor General, amounted to $5,883.82.

CANADA TEMPERANCE ACT.

During the fiscal year elections upon petitions for bringing the Act into force were held in the counties of Compton and Missisquoi and city of Quebec, province of Quebec, and resulted in the carrying of the Act by large majorities. Elections upon petitions for the repeal of the Act were held in the city of Fredericton and counties of Sunbury and Charlotte, New Brunswick, and resulted in the defeat of the Act, which now stands repealed in these places.

Petitions were also received for the repeal of the Act in the counties of Carleton, Northumberland, York, Queens, and Kings, New Brunswick, and action was taken thereon in accordance with the provisions of chapter 30, 7-8 George V, "An Act to amend an Act in aid of Provincial Legislation prohibiting or restricting the sale or use of Intoxicating Liquors," which provides for the suspension of the Act by Order in Council, without a vote, in places from which petitions for repeal have been received. The operation of the Act is accordingly now under suspension in these five counties.

The Act is now in force in the following counties and cities:—

Ontario.—Counties of Peel, Huron, Perth and District of Manitoulin.

Quebec.—City of Thetford Mines, City of Quebec, and Counties of Brome, Stanstead, Compton and Missisquoi.

Nova Scotia.—Counties of Digby, Guysborough and Yarmouth.

New Brunswick.—Counties of Albert and Westmorland.

Manitoba.—Lisgar and Marquette.

The Act is not in force elsewhere in the provinces or territories.

THE WAR CHARITIES BRANCH.

The present report contains the first annual statement respecting the operation of the War Charities Branch established to administer the War Charities Act passed on the 20th September, 1917. This statement shows a list of the societies registered under the Act during the fiscal year 1917-18. Appended thereto are the regulations made pursuant to section 6 of the Act. These regulations provide for the administration and carrying out of the provisions of the Act and were drawn up after consultation with representatives of several of the larger War Charity organizations of the Dominion.

My report of the work done in the registrar's branch of the department follows immediately hereafter. In addition to the list of charters of incorporation and supplementary charters, and the returns of naturalization already mentioned, it contains a list of commissions issued to public officers.

SESSIONAL PAPER No. 29

THE WAR CHARITIES ACT, 1917.

FOREWORD.

This statute was passed at the last session of Parliament at the instance of some of the most prominent war relief societies in Canada, for the purpose of regulating and controlling the collection of moneys and material from the public, and the distribution of assistance to soldiers and their dependents.

It was not intended by the Government, or by Parliament, that the Act should limit or hamper in any way the fine generosity of the Canadian people towards all branches of war relief work. Unfortunately, however, this generosity sometimes fails of its full effect both through fraud and through lack of business methods. Instances have been known when money has been improperly diverted from its intended channel and, on the other hand, entertainments have been held for patriotic purposes where heavy receipts have been eaten up by unnecessary and unregulated expenses.

The Act, therefore, and the regulations under the Act, exist for the purpose of preventing fraud and of encouraging and promoting economical and businesslike methods in dealing with the collection and distribution of moneys and supplies.

The regulation that only War Charities which are incorporated may be registered, was inserted in order to ensure that the societies undertaking relief work have regular officers and constitutions and that all their accounts are audited by properly qualified persons. Under the Dominion Companies Act such societies carrying on their activities in more than one province may be incorporated without the payment of any fee. Those operating within one province only may be incorporated by that province on the payment of a very moderate charge—five dollars or thereabouts.

Bodies such as the Red Cross, the Patriotic Fund, and other organizations which are established by Act of Parliament and have the right to establish branches throughout Canada and control the financial dealings of their branches, need not have the branches registered. Under these circumstances the auditing of the branches is done by the main executive, and the reports need only be made by the main executive to the minister. If, however, there is no direct financial control of branches by the main executive, it will be necessary that each branch should be registered and make returns to the department.

It is not necessary that all small local and church organizations should be registered. Under the Act, section 3 (1) (*b*) provides that the executive or governing body of a registered war charity may authorize the collection of money, the holding of entertainments, and other means of procuring funds for that charity: For instance, if a church organization desires to hold a sale or entertainment to obtain funds for the Canadian Red Cross Society, a written approval by the local Red Cross Branch (or the Provincial Branch) may authorize the holding of the sale or other entertainment, and all collections of moneys made by this means are quite within the Act without the registration of such local organization. Such transaction is, however, subject to this obligation, that the proceeds of the sale or entertainment must be handed to the Canadian Red Cross Society or other association approving of it, and the expenses must also be shown in the statement of the result and carried into the accounts of the Canadian Red Cross Society or other association approving of it, and the expenses contribute to the funds of more than one charity, and all the profits of a particular sale or entertainment are not to be devoted to an individual charity. If this is desired to be done, the organization should be incorporated and registered or else receive the necessary permission from each charity to which it proposes to make contribution.

It is not a hardship that war charities are required to keep minutes of their meetings and to have their accounts properly audited. These regulations are prompted by sound business methods. They produce orderliness, regularity and incite efficiency.

The regulation which requires half-yearly returns is necessary in order to meet the temporary character of many war relief organizations and to lessen the possibility of improper registrations. These returns are not intended to be a mere matter of form. Officers of the Department of the Secretary of State will scrutinize each return as it is made for the purpose of checking extraordinary expenditures, or items which raise a suspicion of the diversion of funds from the proper channel. The whole object of the Act is to make sure that all the money raised for sufferers through the war reaches these sufferers with as much economy as possible.

The carrying out of the War Charities Act and Regulations, as in the case of all Acts, must necessarily create some individual hardship and trouble. Such trouble will doubtless be cheerfully borne by those affected when they realize that the sole purpose of the Act is to organize war relief work in a more effective way and thus increase the benefits to those for whom it is undertaken.

M. BURRELL,

Secretary of State of Canada.

OTTAWA, December 19, 1917.

DEPARTMENTAL MEMORANDUM (1).

Address all correspondence and applications for registration to the Under Secretary of State Ottawa.

Purposes of the Act—

(1) To prevent fraud;

(2) To promote economical and business-like methods in dealing with the collection and distribution of moneys and supplies.

Definition of a "War Charity" (Act, section 2b)—

Any fund, institution or association having for its object or objects:—

(1) The relief of war suffering or distress.

(2) The supplying of needs and comforts to

(*a*) Sufferers from the war,

(*b*) Soldiers,

(*c*) Returned soldiers,

(*d*) The families or dependents of soldiers.

(3) Any other charitable purpose connected with the present European war.

Application of the Act—

War Charities must *either*

(1) Be registered under the Act (Act, section 3 (1) (*a*)).

or

(2) Obtain an approval in writing from a registered War Charity (Act, section 3 (1) (*b*)).

Thus if a small local society or church organization desires to hold a sale or entertainment to obtain funds for the Canadian Red Cross Society, which is registered under the Act, a written approval by the local Red Cross Branch (or the Provincial Branch) may authorize the holding of the sale or other entertainment and all collections of moneys made by this means are quite within the Act without the registration of such local organization. Such transaction is, however, subject to this obligation, that the proceeds of the sale or entertainment must be handed to the Canadian Red

(1) This memorandum is intended to be accurate, but for certainty reference must be had to the Act and regulations thereunder.

Cross Society or other association approving of it, and the expenses must also be shown in the statement of the result, and carried into the accounts of the Canadian Red Cross Society. It sometimes happens that a local association desires to contribute to the funds of more than one charity, and all the profits of a particular sale or entertainment are not to be devoted to an individual charity. If this is desired to be done, the organization should be incorporated and registered or else receive the necessary permission from each charity to which it proposes to make contribution.

Exemptions from the Act—

(1) Collections at Divine Service in a place of public worship (Act, section 3 (2)).

(2) The Salvation Army (Act, section 2 (b)).

(3) War Charities established by and under the direct control of the Dominion or a Provincial Government (Regulation 2).

Requirements for Registration under the Act—

Only War Charities which are incorporated under a general or private statute or ordinance of some competent incorporating authority may be registered under the Act. (Regulation 3.)

Under the Dominion Companies Act, War Charities carrying on their activities in more than one province may be incorporated without the payment of any fee. Those operating within one province only may be incorporated by that province on payment of a very moderate charge—five dollars or thereabouts.

Whereas section 6 of the War Charities Act, 1917, provides that the Secretary of State of Canada may make regulations respecting the matters therein referred to and generally for carrying the said Act into effect and whereas for the due administration of the said Act certain regulations and forms are necessary.

Given under my hand and the seal of the Secretary of State of Canada the 19th day of December, 1917.

[L.S.] M. BURRELL,
Secretary of State of Canada.

REPORT

OF THE

PUBLIC ARCHIVES

FOR THE YEAR 1918

ARTHUR G. DOUGHTY
Keeper of the Public Records

PRINTED BY ORDER OF PARLIAMENT

OTTAWA
J. DE LABROQUERIE TACHÉ
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY
1920

[No. 29a—1919]

OTTAWA, February 17, 1920.

The Right Hon. A. L. SIFTON, P.C.
Secretary of State,
Ottawa.

SIR,—I have the honour to submit to you a report of the work of the Public Archives for the years 1917 and 1918.

In the appendices will be found copies of all the ordinances, proclamations and other public notices that have been found relating to the Règne Militaire, that is the period between the capitulation of Quebec, 1759, and the establishment of Civil Government on August 10, 1764; the proclamations of the Governors issued between the establishment of Civil Government in 1764 and the division of the Province of Quebec into Lower and Upper Canada in 1791; and the conclusion of the calendar of the Neilson Papers.

Owing to the insecurity of transportation during the War, the Public Archives received few additions to its shelves from the copyists in London and Paris, but since the War ceased, transcripts have been arriving in considerable volume.

I have the honour to be, sir,

Your obedient servant,

A. G. DOUGHTY.

SEARCHES.

"The great interest which is taking place in the world of research, the enthusiasm which is kept at a high tension in the Public Archives, the determination to pursue at any price the useful researches, all this is a great treasure and helps to illuminate the history of Canada. The number of people who apply themselves to this work increases from year to year to an extraordinary number . . . ," as said the Reverend Father Candide, O.M., in "Silhouette de Missionnaire, part I. Le P. Léonard de Chartres."

This interest for research, which was described by Father Candide, in 1911, has been growing each year, that is to say, that the work of the information division has so much increased, that the services rendered by the office to those who study the history of the country are more and more numerous and useful. As in the past, the requests for information have been on the most varied subjects, of which some are of the greatest historical importance, whilst others relate to genealogy, histories of families, of parishes, seigniories, and other subjects.

APPENDIX B.

ORDINANCES AND PROCLAMATIONS OF THE RÈGNE MILITAIRE.

The documents which follow comprise all the ordinances, proclamations and other public notices, which can be found, relating to the Military Government of Canada during the period between the capitulation of Quebec on September 18, 1759, and the establishment of Civil Government on August 10, 1764.

The definitive possession of Canada by Great Britain was not settled until the conclusion of the Treaty of Paris on February 10, 1763, and as, by the terms of the treaty, the adherents of the French cause were allowed eighteen months to settle their affairs and leave the country, Civil Government was not established until August 10, 1764.

The documents, proceeding from the Governments of Montreal and Trois Rivières, are complete. They are exact transcripts of the journals kept by those Governments. The original Montreal journal is among the manuscripts of the Public Archives. The original Trois Rivières journal is, so far as known, no longer in existence, but the Quebec Literary and Historical Society have a copy, which was made from the original in 1832 by Edward Glackemeyer, an advocate of Quebec, and a careful antiquarian student.

Glackemeyer, in a letter written on April 4, 1872, presenting the copy to the Quebec Literary and Historical Society, states the circumstances under which the copy was made. The journal which fell into the possession of the Honourable Matthew Bell, a leading merchant of Trois Rivières, and a member of the Legislative Council was loaned to a friend (the Honourable John Neilson) who suggested that Glackemeyer should take a copy, in case the original should be lost. It is from a photographic reproduction of this copy, that the papers relating to the Government of Trois Rivières were taken.

The journal of the Quebec Government has, apparently, entirely disappeared and unfortunately no copy of it has been preserved. The Public Archives has consequently been obliged to seek for copies of documents wherever they might be found. The Librarians of the Laval University in Quebec, and of the Sulpician Library in Montreal, have made careful search among their papers, and have been able to secure some, which will be found duly acknowledged. The remaining documents transcribed are copies transmitted by Murray, to either the Commander-in-Chief of the Armies in North America, or to the Colonial Office. There are a few, which have been copied from Murray's collected papers.

APPENDIX B.

[*English translation.*]

ORDINANCES, PROCLAMATIONS, ETC., ISSUED BY THE MILITARY GOVERNORS OF QUEBEC, MONTREAL, AND TROIS RIVIERES, FROM THE CAPITULATION OF QUEBEC UNTIL THE ESTABLISHMENT OF CIVIL GOVERNMENT ON AUGUST 10, 1764.

(1) By the Governor of Quebec.

By His Excellency Robert Monckton, Esquire, Colonel of Infantry, Lieutenant Governor of Nova Scotia and of the Garrison of Annapolis Royal, Brigadier General and Commander in Chief of the troops of His Britannic Majesty on the River St. Lawrence.

Notwithstanding the obstinacy of the Canadians in refusing the equitable propositions which were made to them on behalf of His Britannic Majesty by General Wolfe; although they have continued not only to bear arms but even to carry on war in a barbarous and cruel manner—a very just cause for their punishment and defeat, at this time when they have nothing further to hope for, and are in our power, being desirous of showing them (in spite of their imprudent conduct) all manner of compassion, and a kindly and charitable regard for themselves and their families, I declare, and publish to all by these presents That all Canadians are at liberty to return to their parishes, to take possession of the lands, dwellings and effects belonging to them, to reap their harvests, to practice their religion, without the least impediment on the part of the English, who have not come to ruin and destroy the Canadians, but to enable them to enjoy the mildness of a just and equitable government, provided that, on their part, they surrender their arms, take the oath of fidelity and remain peaceably in their homes.

Done at Quebec this 22nd September, 1759, and sealed with the seal of our arms.

By James Murray, Brigadier General and Commander in Chief of the troops of His Britannic Majesty in the River St. Lawrence, Governor of Quebec and of the Conquered Territories.

After a severe and arduous campaign, we had no thought but to give rest to the troops, and to allow the people to recover themselves in peace after the misfortunes they have endured during the past year, which has been distinguished by great and decisive events. But in spite of intentions so humane, I find myself recalled to the field by the loyalty, which I owe to my Prince, and to protect the people, who have yielded to his arms.

By what right can Mr. de Vaudreuil give orders to people whom he has abandoned to their ill fortune?

Quel Jour peut il donner aux ordres injustes et Cruels donnés aux Sauvages de Courir sur et detruire les Canadiens ainsi abandonnés. Est ce après une suite d'injustices et de violences, pour mettre le Comble a leurs Malheurs? Comme les Generaux Enemis ont jugé a propos de lever des Contributions sur les Paroisses qui nous sont soumises; Les Loix de la Guerre et de la Justice m'obligent d'user de Represailles sur celles d'en-haut, en cela, comme pour l'avenir leur Conduite Reglera toujours la mienne.

Il seroit Heureux pour vous, Canadiens, que moins Soigneux de leur Gloire, ils ne songeassent uniquement qu'au bien de l'etat; les Courses sur les Canadiens seroient reprimées, L'Habitant jouiroit du Repos.

Ouvrés les yeux, Canadiens, sur vos propres Interets, toute Communication avec L'Ocean étant bouchée, que pouvés vous attendre d'une Armée foible, battue, et terrassée; Sans Espoir, sans Resource, avec un Grand Corps de Troupes aguerries dans le sein du Païs, un autre a ses Portes, presque tous les Postes d'en haut emportés ou abandonnés. Nous vous Exhortons avec empressement d'avoir recours a un Peuple Libre, Sage, Genereux, prêt a vous tendre les Bras, a vous affranchir, d'un despotisme Rigoureux, et a vous faire Goûter avec eux les douceurs d'un Gouvernement Juste, Doux et Equitable—Que si vous ne profités de cet avis, vous avés à attendre le traitement le plus severe qui puisse etre Permis par le Droit de la Guerre—

Les Manifestes des Generaux Wolfe et Monckton ont respiré les sentimens les plus doux et les plus Humains, Aussi leurs Menaces etoient Justes, ces Menaces jusques ici n'ont pas été exécutées, par ce qu'on Sçavait Combien on s'etoit attaché a faire accroire aux Canadiens que les Anglois etoient des Gens sans Foy, et sans Humanité. A présent ils doivent sentir combien on leur en a imposé, Notre conduite envers Ceux de leurs Compatriotes qui nous sont soumis met ce fait en Evidence. Ainsi comme il n'y aura plus d'excuse pour les Canadiens, Si jamais ils prennent le parti d'avoir recours aux Armes, ils doivent s'attendre a toutes les Rigueurs qui peuvent etre exercées par une Armée victorieuse et justement iritée, Le Blame en retombera sur eux memes; Une telle Conduite sera dictée par la Nature Humaine, et les Loix des Nations et de la Guerre la Justifient pleinement.

Et scellé du Sçeau de Nos armes.

Comme Nous Voulons Etablir l'ordre et la Police dans l'etat, nous avons jugé a propos de publier les ordres suivans, pour servir de Regles aux Habitans, et leur Enjoignons de s'y Conformer exactement, sous Peine d'etre Punis comme désobeissans.

1. Aussi tôt qu'il fera obscur les Habitans de la Ville passans dans les Rues, porteront une lumiere à la main, apres la retraite ils ne sortiront

What explanation can he give of the unjust and cruel orders given to the savages to overrun and destroy the Canadians thus abandoned? Is it, after a series of injustices and violence, to complete the measure of their misfortunes? As the generals of the enemy have thought fit to levy contributions on the parishes which have made submission to us, the laws of war and of justice force me to resort to reprisals on those in the upper country, since, for the future, their conduct will regulate mine.

It would be fortunate for you, Canadians, if less solicitous for their glory, they thought only of the welfare of the country; the incursions against the Canadians would be repressed, the inhabitants would enjoy repose.

Open your eyes, Canadians, to your own interests, all communication with the Ocean being blocked, what can you expect of an army, weak, beaten and dispirited; without hope or resource, with a great army of disciplined troops in the heart of the country, another at its gates, nearly all the posts in the upper country captured or abandoned.

We exhort you eagerly to have recourse to a people, free, honest and generous, ready to stretch out its arms to you, to set you free from a harsh despotism, and to enable you to enjoy with them the comforts of a government, just, mild and equitable. For if you do not profit by this advice, you must expect the most rigorous treatment, which is permissible by the laws of war.

The manifestos of Generals Wolfe and Monckton have breathed the kindliest and most humane sentiments; also, their menaces were just. These menaces have not so far been carried into effect, since it was known that every effort was made to induce Canadians to believe the English to be a race without honour or humanity. At this period, they should feel how much they have been imposed upon. Our conduct towards those of their compatriots, who have surrendered to us, establishes this fact. Therefore, since there is no longer an excuse for Canadians, if they should resolve to have recourse to arms, they must expect all the severity which it is in the power of a victorious but justly irritated army to exercise. The blame will fall on themselves. Such a line of conduct will be dictated by human nature, and it will be fully justified by the laws of nations.

point de ches eux, et a neuf heures on eteindra les lumieres dans toutes les maisons.

2. Si le feu set met dans une maison, celui qui l'occupe fera avertir le commandant du Quartier sur le Champ, et prendre en meme tems toutes les mesures necessaires pour l'eteindre.

3. Quand il arrivera des Etrangers dans la Ville, les Habitans chez lesquels ils entreront auront soin d'en avertir notre Secretaire immediatement, afin qu'il soient Examinés.

4. Monsieur Le Colonel Young demeurant prés du Gouvernement est Etably Juge des Procés et differens qui pourront Survenir Entre les Habitans, et donnera pour cet Effet audience Ches lui tous les Mardis et Vendredis matin, depuis les neuf heures jusques a midi.

5. Tous les Habitants pourront faire sortir de la Ville librement toute sorte d'effets, Excepté des Munitions de Guerre et de Bouche, du Cuir de toute Espece, du savon et de la Chandelle pour lesquels il leur faudra prendre des Passeports chés notre Secretaire—On pourra faire entrer librement toutes sortes de Provisions dans la Ville, et ceux qui y apporteront des Vivres seront particulierement encouragés.

6. La Comunication dans la Ville sera libre, et les Factionnaires aux dernieres Portes ou Barrieres seront les seuls qui auront ordre d'arreter.

7. Si aucun Soldat fait le moindre tort ou insulte a un habitant, il en portera sa plainte Sur le Champ a la premiere Garde dont L'Officier aura ordre d'arreter ce soldat, et la mettre aux Arrêts, jusques a ce que la dite Plainte puisse etre jugée.

8. Toutes les Plaintes que les Habitans pourront avoir a nous porter, ou les Graces qu'ils auront a demander seront redigées par ecrit en forme de Plants, et remis entre les mains de notre Secretaire aux heures de son Office et par lui presentés a nous, afin que deux fois par Semaine nous les Puissions Examiner et y repondre.—

Dans ces premiers momens de Confusion, on n'a pu mettre tout l'ordre aux affaires qu'il y auroit voulu apporter, et nous ne sommes que trop persuadés, qu'on fait du tort a bien de pauvre Habitans—Mais a cette heures que Nous sommes plus arrangés. Nous avons Resolu de maintenir une Discipline exacte et Rigoureuse, et de punir avec la derniere severité tous Ceux qui seront Convaincus de leur avoir fait la moindre injure—En Foy dequoi Nous avons Signé ces Presentes, et fait apposer le Sceau de Nos Armes—a Quebec Ce 15me Nov^{bre} 1759.

Par Son Excellence Jacques Murray.

Comme le Service du Roy, le bien de L'Etat, et l'avantage du Commerce demandent un Arrangement des Monnoies Courantes dans cette Colonie, afin d'en fixer la Valeur et de prevenir par la les Procés et disputes qui pourroient autrement survenir entre les Negocians des deux Nations: Nous jugeons a propos par ces presentes d'etablir le tableau suivant a ce sujet—

not leave their houses, and at nine o'clock the lights in all houses will be extinguished.

(2) If fire breaks out in a house, the occupant will notify the Commander of the District without delay, and will, at the same time, take all necessary measures to extinguish it.

(3) When strangers come to the town, the inhabitants whose houses they enter will take care to notify our secretary immediately, in order that they may be examined.

(4) Colonel Young, who dwells near Government House is appointed Judge of the cases and disputes, which may arise among the inhabitants, and will sit for this purpose at his house on Tuesday and Friday mornings from nine o'clock until noon.

(5) All inhabitants are at liberty to take from the town all sorts of goods, except munitions of war, food, leather of any kind, soap and candles, for which they will have to obtain passports from our secretary. All kinds of provisions may be brought freely into the town, and those who bring them will be particularly encouraged.

(6) Communication within the town is free; and the sentries at the outer gates or barriers are the only ones, who have orders to stop people.

(7) If any soldier offers the least injury or insult to an inhabitant, the latter will take his complaint without loss of time to the first guard-house, the officers in charge of which will have orders to hold the soldier, and put him under arrest, until the complaint can be dealt with.

(8) All complaints which the inhabitants may have to lay before us, or favours, which they may have occasion to request, should be put in writing in the form of a plea, and delivered to our secretary during his office hours, to be submitted by him to us, in order that, twice a week, we may examine and reply to them.

In those first moments of confusion, one could not put all the order into affairs, which was desirable, and we are but too fully persuaded that wrong was being done to many poor inhabitants. But at this time when we are more settled, we are determined to maintain a strict and rigid discipline, and to punish with the utmost severity all who may be convicted of having done the slightest injury. In testimony whereof, we have signed these presents and caused the seal of our arms to be affixed thereto—at Quebec this 15th of November 1759.

Attendu qu'il est présentement impossible aux personnes qui ont de l'argent de le transmettre ou d'en disposer et qu'il en faudra pour le service de Sa Majesté, nous invitons ceux qui en possèdent à aider au pays et à eux-mêmes, c'est pourquoi nous leur faisons les propositions suivantes:

1° Pour toutes sommes d'argent qui nous seront apportées, un billet promissoire, signé par moi et par le colonel Burton, lieutenant-gouverneur, et auquel nos sceaux seront apposés, leur sera remis.

2° Ces billets seront faits payables à six mois de date, avec la promesse que, si l'argent arrive d'Angleterre avant l'expiration du terme, ces billets seront rappelés et remboursés.

3° Qu'ils porteront intérêt au taux de cinq pour cent à partir de leur date, et que l'intérêt sera payé pour six mois, même s'ils étaient rappelés avant l'expiration de ce terme.

4° Et pour plus d'encouragement, les noms des souscripteurs et l'indication des sommes souscrites seront envoyés en Angleterre, afin que ceux qui auront bien voulu aider au Gouvernement durant cette exigence soient connus.

Toutes personnes, tant militaires que civiles, sont par la présente exhortées à faire tout en leur pouvoir pour le service du Roi et le bien de leur pays, durant cette période critique, causée par la saison tardive et le mauvais temps qui retardent l'arrivée des secours attendus. Murray Papers, Vol. I. Letter Book 1759-1760, p. 19.

By His Excellency James Murray, &c.

We had every reason for hoping that the just and equitable price which we had fixed on corn and flour for the relief of the inhabitants would have put a check upon the vexations caused by certain bakers in selling black bread, badly baked, at twenty sous a pound, and even more. The same abuse has crept in, among the butchers who sell their meat at an exorbitant price.

Having nothing so much at heart as to contribute, to the limit of our power, to the relief of the people, and there being no better way than by preventing monopolies, we have, for this purpose, fixed the price and made the regulation which follows.

Bakers and butchers, who desire to sell to the public are not allowed to do so without having a written permit from our secretary, on pain of confiscation, of a hundred livres fine for the first offence, and of corporal punishment in case of repetition.

Bakers and Butchers, who wish to sell must conform, under the same penalties as those above mentioned, to the prices which follow:

Bakers are not permitted to sell flour bread except for ten sous a pound.

Semi-white for eight sous.

Brown bread at six sous. It must be of full weight, well baked, and of good quality.

Butchers are not allowed to sell beef except at ten sous a pound.

Mutton and veal at twelve sous.

We enjoin all bakers and butchers to conform to the present regulation, as also persons of whatever quality and condition they may be, on pain of confiscation and of one hundred livres fine for the first offence,

laquelle amande en sera accordé un tiers au Denonciateur avec droit et preuve./.

Being justly irritated at the treachery of those of the inhabitants of Point Levy, who in disregard of the oath which they have taken and of the protection with which they have been favored by us, have for two consecutive nights concealed a large detachment of the enemy without informing us of them.

For this reason we are determined to chastise them with severity.

This chastisement is just and necessary to prevent the embarrassments, which may result if this crime remained unpunished, and to stop others from falling in a similar case.

Those should be held responsible, who, by their efforts, as feeble as they were powerless, instead of saving Canada, are bringing it to ruin.

We did not wish to listen to the first notices we received of the want of faith of these unfortunate people, it was not until their second offence that we resolved to punish them for it.

We promise again all the inhabitants of Canada, those under our rule, as well as those of the upper parishes, to protect with all our force, those who as good citizens remain quietly at their homes. As we declare solemnly that we shall take a striking vengeance upon those who dare to take up arms.

We are at last furnished with authority by His Majesty. In consequence we seize with joy the earliest moment to declare to Canadians his benevolent desires respecting them.

A gracious and kindly prince, the father and protector of all his subjects, speaks to them through me.

Adhering to his promises religiously, he will violate none of them.

Those who submitting to the circumstances, have taken the oath of fidelity to him, and who, faithful to their oath, have yielded with a good grace to the orders of those to whom he has delegated his power, can feel assured of his protection.

They will be made secure in their property, their religious and civil status, and the religious communities will enjoy all their privileges.

Les Portes du Commerce leur seront ouvertes d'un Etat bas et Langoureux, ils parviendront dans peu a un haut point de Gloire et de Richesses.

The doors of trade will be open to them; from a low and languishing condition, they will attain in a short time to a high pitch of glory and wealth.

His Majesty makes equal promises to those who are not yet subject to his dominion, provided that, content to act as good citizens, they do not meddle in any way in the war; but on those who in disregard of so many warnings, and in reliance upon misleading appearances are weak enough to have recourse to arms, he declares his vengeance; if these infatuated people do not lay down their arms after having experienced all the horrors of a cruel and bloody war, they will be expelled from the country, and will only have useless regrets for not having listened to our paternal remonstrances.

Their families, their houses will be a prey to a soldiery, furious and irritated by a persistence so misplaced, and their property will be the reward of those, who, wisely profiting by the misfortunes, have taken their place on the side of what they owe, to themselves, to their posterity, and to their country.

The preparations of our enemies seem to indicate an attack on this metropolis.

To place the poor citizens in shelter from the evils inseparable from war,

We publish these presents, by which we order all the inhabitants, as well in the town, as in the suburbs, of whatever age or condition they may be, to leave their houses within three days with the goods and effects they can carry away with them.

We very expressly forbid them, on the expiration of this period, either to remain in the town or to return to it, on any pretext whatever, until further orders.

In circumstances so sad for them, we exhort them strongly to exercise patience.

This sort of exile will not, according to all appearances, be of long duration.

It would not have taken place at all, if the pretended defenders of the colony had not sworn its ruin.

Their measures will be quite useless, the fall of Canada will be more overwhelming for them. The responsibility for it rests on them.

Only those measures are taken which prudence demands of us, and to which we are bound by the inviolable rules of war.

We are too well satisfied with the good conduct of the inhabitants of this town, until the present, not to have all the regard for their interests which the circumstances of the time may permit.

With this end in view, we have decided to establish the Recollets' House as a depot, where the people may put all the clothing and other effects, which they cannot carry away at present.

They will appoint two of their number, trustworthy persons, who will have permission to remain in the town to exercise a surveillance over these effects.

We shall mount a guard for greater assurance, over this depot, which shall be sacred, and, in a word, we shall take as great a care of it as if it were a magazine of His Britannic Majesty.

We have given the inhabitants the time necessary to come to themselves and to reflect seriously on the folly of their conduct.

They have neglected our salutary advice, and, trusting to deceitful appearances, have drawn upon themselves, fresh misfortunes.

If we listened only to our just resentment, for a course so unexampled they would deserve the severest chastisement, but guided by more humane sentiments, we wish to try to withdraw them from the abyss into which they have plunged. We are not unaware of the tricks and artifices, which have been employed to ensnare them and which in some measure, furnish their excuse.

In a word, the most generous people in the world stretch out their arms to them a second time, and offer them powerful and unfailing assistance.

Their past faults will be overlooked on condition that hereafter they will, by irreproachable conduct, make themselves worthy of so distinguished a clemency.

The King, my master, who is resolved to gain possession of Canada has no desire to reign over a depopulated province.

He wishes to preserve for the inhabitants, the religion they cherish and the priests, who exercise it, to maintain the communities and private individuals in all their property, laws and customs, provided that, satisfied with sentiments so generous, they submit willingly and promptly to his orders.

La France est dans l'impuissance et ne veut leur fournir aucun Sécours.

La Marine a Néantie par les Défaites de Conflans et la Clue nose se Montrer.

Les lettres de change non payées, le Discredit total d'un Papier vil et inutile n'offre à cette Colonie qu'un Enchainement de Malheurs Sans fin.

Mais il faut mériter nos bienfaits; Les Habitans ne pourront rentrer dans la Ville ni partager avec Nous les Douceurs qui viennent de Notre Continent, Jusques à ce que tout soit Soumis.

Par l'Arrest que le Roy de France à rendû le 15 Oct. 1759, il promet le payement des Lettres de Change de 1757 & 1758 enregistrées a Commencer trois Mois aprés la paix a raison de 500 Mille Livres par mois, avec

France is impotent, and is unable to furnish assistance to them.

The fleet, annihilated by the defeats of Conflans and La Clue, dare not come out.

Unpaid Bills of exchange, and the complete discredit of a contemptible and useless paper money offer to this colony nothing but an endless chain of misfortunes.

It has no resources except in our people, who, rich and flourishing, abound in everything.

But they must deserve our benefits; the inhabitants cannot return to the town nor partake with us the blessings, which come from our continent, until all have made submission.

Canadians! Withdraw from the army, put down your arms, remain in your homes, and give no assistance to our enemies; on these conditions your tranquillity will not be interrupted; you will carry on your labours in safety, the soldiery will be restrained, the fields will not be destroyed; you still have time to avoid famine and the plague, scourges of Heaven, more ravenous than those of war, and which at present, threaten Canada with total and irreparable ruin.

Interest, Le tout payable Selon L'ordre des Echeances; comme ceci embrasse, le papier de toutes les autres Colonies du Canada, Il ne faut pas être Arithmeticien pour Supputer dans Combien d'Années, on payera Cent ou Cent Vingt Millions a raison de Six millions par An.

La Lettre Circulaire de Messieurs Vaudreüil et Bigot porte que Les Lettres de Change tirées en 1759 seront payées 18 Mois aprés la paix, Mais L'Edit du Roy dit Expressement que pour Celles de 1757 et 1758, qui ne sont pas enregistrées aussi bien que Celles de 1759. Elles ne Seront Examinées que 18 mois aprés la paix, Sa Majesté Se reservant d'en ordonner alors ce que bon Elle Avisera.

Il est a présumer que La Lettre Circulaire parle plus veritablement quand elle dit que les Billets ou Ordonnances, Seront retirées et bien payées des que les Circonstances Le permetteront.

order in which it falls due; as this embraces the paper of all the other colonies of Canada one need not be a great arithmetician to calculate in how many years, one hundred or one hundred and twenty millions will be paid at the rate of six millions a year.

The circular letter of Messrs. Vaudreuil and Bigot states that the Bills of Exchange drawn in 1759 will be paid 18 months after the peace. But the King's edict states expressly that for those of 1757 and 1758, which are not registered as well as those of 1759, they will not be examined until 18 months after the peace, His Majesty reserving the right to order then as seems good to him.

It is to be presumed that the circular letter speaks more accurately when it says that Notes or Ordinances will be retired and paid as soon as circumstances will permit.

Because the circumstances will never permit it.

His Majesty, as it appears to us, seems to believe that the corrupt administration of his ministers has greatly contributed to the bankruptcy he is obliged to declare.

You will read this letter at the door of the church at the close of the mass on a holiday and you will explain it to the inhabitants, after which you will cause it to be affixed to the said door, and you will take care that it is not removed on any pretext whatever.

MONTREAL, June 15, 1760.

We have just received, Sir, a letter from the minister, who orders us to announce on behalf of the King, to the colonists and inhabitants of Canada the suspension which His Majesty has been forced to make, of the payment of the Treasury Bills of Exchange. He directs us to explain to them that the bills of exchange drawn in 1757 and 1758 will be punctually paid three months after the peace, with interest to be computed from the date they fall due until that of payment; that those drawn in 1759 will be paid in 18 months and that the Notes or Ordinances will be retired and paid as soon as circumstances permit.

His Majesty at the same time orders us to assure all subjects that it required nothing less than a total exhaustion of his finances to determine him to come to such a decision; but that he counts sufficiently upon the fidelity and attachment of which they have given so many proofs, to be assured that they will await with patience and confidence, the payment of all these sums.

You will read this letter at the door of the church at the close of the mass on a holiday, and you will explain it to the inhabitants.

Attendu que par une ordonnance publiée au nom de Sa Majesté britannique, et par son ordre, il a été déclaré et annoncé à tous les habitants de cette partie du Canada assujétie aux armes de Sa Majesté, généralement appelée le pays conquis, que ceux de ses dits habitants qui retourneraient à leurs habitations et y demeureroient paisibles jouiraient de la protection de Sa Majesté, mais que les habitants qui resteraient sous les armes, ou qui se joindraient à l'armée française ou resteraient avec elle, ou une partie

By His Excellency, &c.

Whereas by the capitulation of September 8, of the present year, one thousand Seven hundred and Sixty, all Canada passed under the dominion of Great Britain; all the inhabitants are become subjects of the King, and, in virtue of the oath of fidelity which they have taken or should take to him; we have reason to expect prudent conduct on their part, as also the same zeal, affection and fidelity which they formerly bore to His Most Christian Majesty.

For these reasons, and in order better to maintain good order and police within the whole extent of the said Canada, as well as for the welfare of the service, and to facilitate the execution of our orders, it is necessary to appoint Captains of Militia in all the parishes, and We relying upon the good conduct, experience and capacity of Mr.
formerly Captain of Militia for His Most Christian Majesty in the parish of South Shore.

We, in virtue of the power conferred upon us by His Excellency General Amherst Commander in Chief of all His Majesty's troops and forces in North America, have nominated and appointed, and by these presents do nominate and appoint the said gentleman, Captain of the Company of the said parish, to perform the functions of the office, and to execute all the orders addressed to him by us or on our behalf.

We enjoin all the inhabitants who compose the said company to obey him, and to give attention in all particulars to all they may be commanded for the King's service, under the penalty for disobedience. In testimony of which we have signed these presents, have caused the seal of our arms to be affixed thereto, and have caused it to be countersigned by our Secretary at this One Thousand Seven hundred and Sixty.

By His Excellency James Murray, Esquire, Brigadier General and Commander in Chief of all His Majesty's forces in the River St. Lawrence, Governor of Quebec and the conquered countries.

Whereas by ordinances published in his Britannic Majesty's name and by his authority it was expressly declared and announced to all the inhabitants of that part of Canada subjected by His Majesty's arms, commonly called the conquered country, that such of the said inhabitants as would return to their habitations and remain peaceably there, should have His Majesty's protection, but that such inhabitants as should continue in arms, or should join themselves to, or remain with the French army, or

quelconque d'icelle, seraient traités en ennemis de Sa Majesté et seraient privés de leurs biens, terres et propriétés, et, attendu que Monsieur Duchesnay, habitant de la paroisse de Beauport, a, en contravention de la dite ordonnance, abandonné sa demeure et s'est joint à l'armée française, ou à une partie d'icelle et demeure présentement avec elle, considérant en conséquence qu'il a volontairement encouru la pénalité prévue par la dite ordonnance, nous par la présente le privons et dessaisissons de toutes ses maisons et de tous ses biens meubles et immeubles généralement quelconque qu'il possédait dans la dite paroisse de Beauport, et nous octroyons, donnons et conférons au capitaine Lord William Johnston du régiment royal d'artillerie et au lieutenant Richard Nugent du 15e régiment de ligne de Sa Majesté, tous les biens, c'est-à-dire, toutes les maisons, terres et propriétés, tant meubles qu'immeubles, qui lui appartenaient jadis et dont il jouissait, ou qui ont appartenu et dont a joui en aucun temps le dit Monsieur Duchesnay, pleinement et amplement, à toutes fins que de droit, comme les possédait et en jouissant le dit Monsieur Duchesnay, avec pleins pouvoirs au dit Capitaine Lord William Johnston et lieutenant Richard Nugent, leurs hoirs, exécuteurs et ayant-cause, d'aliéner ces biens et d'en disposer.

Misled by promises, which have never had effect, you have always closed your ears to our remonstrances, blind to your own interests, you are the victims of your prejudices.

To-day everything moves towards a crisis; for a moment you are still masters of your fate.

The moment having passed a bloody vengeance will punish those who have recourse to arms.

The ravaging of their lands, and the burning of their homes will be the least of their misfortunes.

The wise colonists, on the contrary, who, profiting from past experience, remain quietly in their houses, will enjoy their religion and property, and under the auspices of a prince, father of his country, maintained and protected by so powerful an arm, will become rich and flourishing.

Our principal intention having been, in the Government which His Britannic Majesty has been pleased to confide to us, to cause justice to be rendered to his new subjects, Canadians as well as French, established in the town and *côtes* of this Government: We have considered it likewise necessary to establish the form of procedure, to fix the days of our sittings, as also those of our Military Council which we have established in this town, in order that every person may conform thereto in the affairs, which he will require to have adjudged in our sessions or those which we deem it necessary to refer to the said Council: For these reasons we have fixed and ordained, and, by these presents, do fix and ordain the following regulations:

Article 1.

All complaints or matters of civil or criminal concern will be laid before us by pleas or requests addressed to us, which will, however, be delivered to Mr. Cramahé our secretary who will give them his attention, so that the summons may be at once given by the first bailiff to the opposite parties in order that they may appear in their defence at our court, in accordance with the periods indicated, regard being had to the distance of the places.

2nd.

The days of our sittings will be Tuesday of each week, from 10 o'clock in the morning until noon, and they will be held in our mansion, commencing Tuesday next, the fourth of November.

3rd.

The pleas or requests, which have been dealt with by our secretary, in the form explained in the first article, having been signified to the opposite parties, and the period mentioned in the summons having expired, will be delivered to our secretary the day before the sitting, that is to say, on Monday for the Tuesday sitting without which the cases will not be adjudged but will be postponed until the following sitting.

4th.

The opposite parties who may have papers or writings, serving for their defence, will be likewise held to deliver them to our secretary the day before the sitting; if not, judgment will be given on the demand of the party.

5th.

If the parties summoned have no writings to produce, they will be required to appear in our court on the day fixed in the summons either in person or by attorney; if not, no further delay will be given, and judgment will be given on the single summons, which has been given them, in order to avoid prolixity in the proceedings and multiplicity of expense.

6th.

If the too great number of cases do not permit them to be all settled in a single sitting, they will be deferred to the next, and the parties will be required to appear without further summons.

7th.

The judgments which are rendered in our mansion at the court, will be executed without appeal, and the parties will be compelled to satisfy them, in accordance with the decision, with the exception of the cases,

By His Excellency James Murray, Esquire, Govr. of Quebec, &c., &c., &c.

On representations which have been made to us by the citizens, merchants and inhabitants of the town and government that they have learned with pleasure by the publication of the declaration of the Duke de Choiseul, that His Most Christian Majesty would make arrangements for the payment of the paper and notes, which he owes in Canada, that they had seen by this same declaration that it is His Most Christian Majesty's intention to avoid confounding the paper which is in the hands of the French with that belonging to the new subjects of His Britannic Majesty, and that they, being desirous of complying with this intention as far as possible, would wish to make sincere declarations of the Notes, Cards, Bills of Exchange and certificates which belong to them, before such persons as we would be pleased to appoint, We, having regard to this, and wishing to give, on our part, proofs of the paternal tenderness, which we have for the new subjects of His Britannic Majesty and to prevent, as far as in us lies, their paper from being trafficked in at a low price, as we know it has been proposed to do, from a letter addressed to us from London, for this purpose we authorize the citizens, merchants and inhabitants of this town and government, to make their declarations before Mr. Cramahé our secretary, and Panet chief clerk of the council, of all the Bills of Exchange, Cards, Ordinance, Notes, and Certificates which belong to them; and to do this without confusion, and without expense, each individual will be required to make two lists, in the following form

His Majesty attentive to the happiness and tranquillity of his subjects, has resolved to bring to reason some Indian nations, whose ill will has been manifested by violence and treason. For this reason the Government has determined to associate with the troops who are to march for this purpose, five companies of Canadian volunteers, each of sixty men, commanded by officers of the same nation, two of these companies are to be raised in the government of Quebec, two in that of Montreal, and the other, finally, in that of Trois Rivières. Only those will be employed in this corps of troops, who of their own will have determined to remain under the dominion of His Britannic Majesty.

In order to recognize and reward the good will of those who enlist, each volunteer will be given twelve dollars in cash as a bounty. There will be delivered to them a cloak, two pairs of mocassins, and a pair of leggings. They will be provided with arms, ammunitions and victuals during the whole period of the campaign. Aux Capitaines des Milices des Paroisses audessus de Quebec—
Monsieur

J'avais fait publier une proclamation, par laquelle j'invitais les Canadiens à former un Corps de Volontaires, destinés à aller conclure la Paix avec les Sauvages; j'étais en droit d'attendre que cette Invitation suffirait pour determiner leur bonne Volonté, le Succés n'a point répondu à mon attente—Les Paroisses situées audessus de Quebec ont montré un eloignement qui me surprend, je vous donne avis Monsieur que si elles persistent dans ces sentiments, et que si chacune d'entre elles ne fournit pas de plein gré à proportion de la multitude de ses habitants le nombre d'homes suffisant pour completter deux Compagnies, je serai obligé de doner des ordres pour faire ces enrollements, et pour lever autant de Miliciens que les Besoins du Service le demanderont; je ne m'en tiendrai point à ce coup d'authorité, je dépouillerai de leurs armes tous les habitants de la Paroisses à commencer par les officiers de Milice; les gens qui refusent de s'en servir pour le Bien public ne meritent pas d'en avoir l'usage pour leur Interet personnel; je priverai de plus ces engagés par contrainte de toute gratification— Il est triste pour moi d'en venir à ces extrémités, mais il est plus triste encore que vos Miliciens le merittent. C'est à vous Monsieur à

six sous (English currency) a day; care will be taken to have them accompanied by a Catholic priest, to exercise with them the functions of his office.

The service of these volunteers will finish with the campaign, after which every man will be free to do as he chooses, and to return to his home. Too much diligence cannot be employed to form these enlistments, which for the district of Quebec will take place at Government House, since the general meeting place of these different companies is fixed at Montreal by the end of this month.

Such a measure as this indicates in the government much confidence in the new subjects of His Majesty. It may reasonably be expected that they will respond to it not only by much eagerness to enlist, but, also, by great fidelity in adhering to their engagement in all the circumstances in which the welfare of the service may place them; at least, they should do this as much from honour and duty as out of gratitude and zeal for their own interests.

Given at Quebec under the seal of our arms, the 6th of March 1764, and in the 4th year of the Reign of His Majesty George III, by the grace of God, King of Great Britain.

QUEBEC, 22nd March, 1764.

To the captains of militia of the Parishes above Quebec.

Sir,

I have caused to be published a proclamation, by which I invited the Canadians to form a corps of volunteers, intended to go to conclude Peace with the Indians; I was justified in expecting that this invitation would be sufficient to decide their good will (towards it). The result has not corresponded to my expectation. The parishes situated above Quebec have shown an aversion which surprises me. I give you notice, Sir, that if they persist in this state of mind, and if each of them does not furnish, voluntarily, in proportion to the body of its inhabitants, the number of men sufficient to complete two companies, I shall be obliged to give orders to have these enlistments made, and to raise as many militiamen as the requirements of the service demand; and I will not limit myself to this exercise of authority; I will deprive of their arms all the inhabitants of the parishes commencing with the officers of militia; people who refuse to use them for the public good do not deserve to have the use of them for their personal concerns; furthermore I will deprive those under compulsory enlistment of all bounty. It is sad for me to come to these extremities, but it is still more so, that your militia men deserve it. It is

les reddresser, et à leur inspirer des sentiments que l'honneur la Reconaissance et leur propre interet demandent d'eux—

October 1, Commission as Notary to the said Hodienne.

Whereas, by the capitulation of September 8 last, all Canada has passed under the dominion of Great Britain, all the inhabitants have become subjects of the King, and as, in virtue of the oath of fidelity which they have taken or are about to take, we have reason to look for good conduct on their part, as also for the same affection and fidelity as they formerly bore to His Most Christian Majesty, for these reasons and to maintain good order and police, it is necessary to appoint notaries in our government to make contracts and other instruments appertaining to the notariate, for the benefit of the inhabitants, and being informed of the conduct, capacity and experience in the point of practice of Mr. Gervais Hodienne formerly notary of the jurisdiction of Montreal, we, in virtue of the power which has been conferred upon us by His Excellency General Amherst Commander in Chief of His Majesty's troops and forces in North America, have appointed, and by these presents do appoint him to exercise the said office of Royal Notary in the said town of Montreal and throughout our said government, so long as it shall please His Majesty, to continue him, we, the said Mr. Gervais Hodienne having taken the oath of fidelity to His said Majesty, by the grace of God, King of Great Britain, France and Ireland, defender of the faith, and having appeared to us to be of good life and morals, enjoin the Captains of the Militia of Montreal, that, after they shall have taken and received the required and customary oath, they will receive him and cause him to be recognized as Royal Notary, to enjoy the rights, prerogatives and emoluments appurtenant thereto.

which is indispensable, from the neighboring governments and two merchants of Quebec have made the following propositions, which he deems it proper to submit for the consideration of the public and to suggest that if there should be within this government any person whose knowledge would furnish ideas better founded and less expensive, he should send his propositions to the Secretary's office at Quebec before the 24th of the present month of February.

Memorandum presented to His Excellency Mr. Murray, Brigadier General and Governor of Quebec by two merchants of this town.

Honoured by the confidence of Your Excellency for that purpose and instructed by your orders we flatter ourselves Sir that we can satisfy exactly your views provided that the following means are provided to us.

The tax rolls settled in each parish of the two governments of Montreal and Three Rivers for the furnishing of the corn should be sent to us, so as to enable us to obtain a prompt receipt under the protection of the governors. The houses and barns which we shall as far as possible arrange for, should be established in places suitable for the delivery and the loading of the corn. Each supplier should be required to transport his share gratis to the depot nearest to his parish on the day fixed for him in order that there should be received only the corn most proper for seed. For the safety of the depots, the circumstances would call for sentinels to guard them.

The scarcity of linen suitable for making bags would oblige us to have recourse to the King's warehouse and we would be required to return them. To avoid many difficulties and accelerate matters, the governors should give us the right to choose, on payment being made, the necessary and suitable means of transportation to the places fixed for the distribution.

The places might be,

Pointe aux Trembles, which would furnish Cap Santé, Les Ecureuils, and dependencies; St. Nicholas, to Point Levis, St. Henry, and to the upper part of the government on the south shore; Quebec, to Old and New Lorette, Charlebourg, Ste Foy, Beauport, L'Ange Gardien, Chateau (Richer), St. Anne, St. Joachim, St. Patrick (Temiscouata), Island of Orleans; Berthier, Beaumont, St. Charles, St. Michel, St. Valier, Isle aux Grues, St. Francis, St. Pierre, St. Thomas, and the Cape, if necessary; Riviere Ouelle, to Isle St. Jean, St. Roch, St Anne, Kamouraska, and farther down, if required.

We would distribute the total amount of this corn according to the lists which would be furnished to us or pro rata of the quantity which we should receive might furnish, which would become a very embarrassing operation if it were not foreseen.

The rolls would be the more necessary for us as in the event of the loss of any of the vessels laden with corn, they would enable us to repair promptly the shortage of each parish.

We would remain joint sureties for the amount of the quantity of corn which would be delivered to us and would bind ourselves to pay it to each

au prix fixé par Messieurs Les Gouverneurs et en monnoye que leur Justice determineroit.

Ce Terme de payment ne paroitra pas si Long lorsque lon considerera que La majeure partie des habitants de Quebec sont entierement ruiné, et quil ont besoins de Jouir de cette douceur.

Les habitants qui nauroient point aquitté au mois de mars 1762. le montant du blé qu'ils auroient reçeu Seroient contraint de le faire en même monnoye que nous y seront obligés nous même et ce par un ordre particulier de Monsieur le Gouverneur de Quebec afin deviter des frais de Justice.

Ces propositions une fois approuvés de Son Excellence, il nous seroit octroyé un chelin et demy Sterlin par minot de blés en sus duprix que nous les payeronts pour nous tenir Lieu de fraix de reception, Loyer, remuage, embarquement, ceux de nos Voyage, de Journalier, fret risques des mortes paye et enfin du dechet qui est Inevitable Sur cette Article Votre Excellence Garderoit par devers elle une Copie de notre obligation et nous honnoreroit de Signer Lautres pour nous etre remise. ./.

inhabitant supplying, in the month of May next year, 1762, at the price fixed by the governors and in such money as their justice would decide.

This term of payment will not appear so long when it is considered that the greater part of the inhabitants of Quebec are entirely ruined and they require to be granted this indulgence.

The inhabitants who should not have settled, by the month of March 1762, the amount due for the corn they had received, would be compelled to do so in the same money that we shall be obliged to pay ourselves, and this by an express order of the Governor of Quebec, in order to avoid legal expenses.

Once these propositions have been approved by Your Excellency there would be 1 shilling and six pence sterling per minot of corn allowed to us, additional to the price which we shall pay, to cover the expenses of receipt, rent, removal, loading on vessel, the expenses of our trips, labour, freight, freight risks, losses through non-payment, and finally for the waste which is inevitable on this article. Your Excellency would keep with him one copy of our bond, and would honour us by signing the others to be delivered to us.

1761, February 20, Ordinance respecting the fines of Quint, and Lots et Ventes, due to the King.

Be it known that, having been informed that many individuals and inhabitants of this town and government have bought fiefs and seigniories, and made various transfers without having paid to the King the fines of Quint and of Lots et Ventes, which they owe.

We order all persons and inhabitants of this town and government to lay before us within twenty days from the present date, the contracts for acquisition and transfer which they have made, and to pay the fines of Quint and of Lots et Ventes, which they owe to the King, on pain of being constrained thereto by the seizure and confiscation of their estates, exception being always made of the vassals of the Seigniors of the Island of Montreal, to whom the fines on transfers belong.

We order all the notaries in the government to furnish, by extracts, copies of the contracts of sale and transfer of fiefs, as well as of transfers *en roture* which they may have made, since their appointment, within twenty days from the present date.

We request that our said ordinance be read, published and posted up in the customary places. Done at Montreal February 20, 1761. Signed by our hand, sealed with the seal of our arms and countersigned by our secretary.

We order in consequence all the inhabitants of this government to furnish without delay all the corn which they may have in reserve, their seeding and subsistance being first put aside, in the depot formerly indicated, and the persons in charge to receive it will give them receipts. The winter firing will commence on November 1, and will finish on April 30. That of summer will commence on May 1, until October 31.

Officers who have double commissions cannot require wood for more than one. It will only be furnished for the number of officers present. A major commanding a regiment may call for the quantity allotted to a lieutenant colonel, and a captain commanding a corp, that of a major.

In places where companies are encamped in different parishes, each parish will furnish to the commanding officer a cord in winter, and half a cord in summer.

If the hospital, the staff major and the officer commanding are located in the same parish, which by such a coincidence would be overburdened with the requirements of wood, the commanding officer is authorized to relieve it, in calling upon the neighbouring parishes to contribute.

A cord of wood will be 8 feet long, by 4 feet in height and breadth.

We require that the present regulation may be promptly carried into effect, and that no other provision of wood be made under any pretext, without an order from us.

On the report which has been made to us of the last harvest we have reason to think that there is a sufficiency of corn to provide for the subsistence of the people of the government, but in order to avoid the risks of falling back into a shortage similar to that experienced last year, when the government of Montreal having suffered greatly from the quantity which was withdrawn for the relief of other governments, it is proper not to allow corn and flour to go out, in order not to be in the same condition as the result of a second dearth; wherefore We make very express prohibition and interdiction to all persons who may intend to manufacture flour or biscuits for commerce, not only from sending it outside the government, for their account during the coming summer, but even from selling them to the captains of vessels, who may be in a position to use them for trade. We make similar prohibition to all carriers, masters of barks, or other vessels from loading flour and corn in any place whatsoever in the said government of Montreal for conveyance to Quebec or elsewhere by sea or by land without a permit from us in writing, under penalty to the said individuals, carriers or masters of barks, of one hundred dollars fine, and six months' imprisonment, and against the proprietors of the said corn and flour of confiscation of these and of a similar fine and of six months' imprisonment. The present ordinance will be recorded at the Registry of the Chamber of this town, read, published and posted up in the customary manner. Signed by our hand, sealed with the seal of our arms and countersigned by our secretary. We require &c.

Whereas the definitive Treaty of Peace between their Britannic, Most Christian, Catholic and Most Faithful Majesties has been concluded and was signed on February tenth last, and the ratifications exchanged on March tenth last, and inasmuch as by the said treaty His Most Christian Majesty having ceded Canada and all its dependencies, in full right of property to His Britannic Majesty, We in consequence, so that every person may be informed of the said cession in order that those most concerned may be advised at the earliest moment, and be in a position to make their arrangements in this regard, have judged it fitting to cause to be published the fourth article of the said treaty, the terms of which follow.

that the French inhabitants, or others who had been subjects of the Most Christian King in Canada, may retire with all safety and freedom wherever they shall think proper, and may sell their estates, provided it be to the subjects of his Britannick Majesty, and bring away their effects as well as their persons, without being restrained in their emigration, under any pretence whatsoever, except that of debts or of criminal prosecutions: The term limited for this emigration shall be fixed to the space of eighteen months, to be computed from the day of the exchange of the ratification of the present treaty.

We wish also to inform the Canadians that His Majesty always attentive to the welfare of his subjects, has caused the strongest remonstrances to be made by his ambassador, the Duke of Bedford, to His Most Christian Majesty, respecting the debts, due by France to his new subjects in Canada; in consequence Mgr de Choiseul, Duc de Praslin, being duly authorized by His Most Christian Majesty made, in the name of the King his master the following declaration.

Declaration of the Plenipotentiaries of His Most Christian Majesty, respecting the debts due to Canadians.

The King of Great Britain having desired that the payment of the bills of exchange and notes, which have been delivered to Canadians for the supplies furnished to the French troops, was assured that His Most Christian Majesty, well disposed to render to every man the justice legitimately due, has declared and declares that the said notes and bills of exchange will be strictly paid, in accordance with a liquidation made within a suitable time, having regard to the distance of the places and the possibility, to be avoided, that the notes and bills of exchange, which French subjects may have at the moment of this declaration may be mixed up with the notes and bills of exchange which are in the possession of the new subjects of the King of Great Britain.

In testimony whereof, We the undersigned ministers of His Most Christian Majesty, thereto duly authorized have signed the present declaration and have caused the seal of our arms to be affixed to it.

(signed) Choiseul Duc de Praslin.

The present shall be read, published and posted up in the accustomed manner and recorded at the Registry of the Chamber of this town. Signed by our hand, sealed with the seal of our arms, and countersigned by our secretary. We require &c.

On representations which have been made to us by traders and merchants of this town, that, in prejudice of the ancient police regulations, many artisans, journeymen and others, left their regular calling, to sell daily on the public squares of this town, in its streets, and on the shores, merchandise and other effects, engaged the inhabitants to buy their wares at prices often below the course of the market, which occasions that they no longer go but rarely to the shops of the complainants, who see by that means their business wiped out, besides obliging them, in such cases, to pay exorbitant prices, owing to the scarcity of labour. We having regard to the said representations and wishing to put an end to an abuse so prejudicial to commerce as well as to police, expressly prohibit and interdict all individuals of whatever calling from selling in the future on the public squares of this town or in its streets, even on the shores or in the suburbs, any merchandise, under pain of confiscation of the same; with the exception, nevertheless, of works of earthenware, copper &c, made by the artisans of the country.

Vu les outrages et les hostilités commis l'an dernier par les Sauvages des pays d'en haut il est nécessaire, pour le bien du service de Sa Majesté et suivant les coutûmes de la guerre, d'empêcher le commerce que l'on fait en temps de paix avec les diverses nations de ces contrées, jusqu'à ce que la paix soit rétablie et que le commerce avec les Sauvages soit redevenu libre dans les pays d'en haut, je m'empresserai de faire publier ce fait avec le plus grand plaisir, afin d'en donner avis à tous les sujets de Sa Majesté dans ce gouvernement, aussitôt que je serai autorisé de ce faire.

Mais pour que le commerce intérieur de cette colonie, ci-devant fait avec les Sauvages domiciliés dans les limites de ce gouvernement, ne souffre point de l'interruption ci-haut indiquée.

Je déclare par la présente à tous marchands et trafiquants que, pour la plus grande sûreté et commodité dudit commerce intérieur, j'ai établi un poste à Carillon sur l'Ottawa, ou Grande rivière, et un autre aux Cèdres, sur le Saint-Laurent, et qu'il sera permis à tous les sujets de Sa Majesté de trafiquer et de commercer avec les Sauvages, à jusqu'à ces postes, mais non au-delà, librement, sans être munis de mon permis pour ce faire, prenant garde cependant de ne pas empiéter sur les droits et privilèges des divers seigneurs, ou autres personnes établies dans les divers manoirs et paroisses dans les limites de ces postes, et défendant expressément à tous marchands de vendre et de détailler, à ces postes ou autres endroits dans les limites ci-haut indiquées, de la poudre, des armes à feu, des munitions et des liqueurs enivrantes. Toute personne convaincue de contrevention à cette défense sera, sur conviction, condamnée à la confiscation de toutes les marchandises et effets qu'elle aura dans ses canots ou bateaux; une moitié sera réservée au Roi, l'autre moitié ira au délateur. Exception sera faite, toutefois, pour les personnes qui auront obtenu de moi un permis spécial pour ce commerce.

Je défends aussi expressément à tous marchands et trafiquants d'aller au delà des postes établis, comme il est dit ci-dessus, sans un permis signé de ma main à cet effet. Quiconque sera pris tentant de dépasser ces dits postes ou sera trouvé au delà des dites limites, verra toutes ses marchandises, effets, canots ou bateaux, confisqués; une moitié sera réservée au Roi et l'autre à ceux qui auront opéré la saisie. Le contrevenant sera aussi passible de toutes autres confiscations et punitions imposées par les proclamations publiées antérieurement concernant le commerce avec les nations sauvages.

Avis est aussi donné à tous marchands et trafiquants qui ont présentement des marchandises et des effets à Oswego, que, sur demande à moi adressée, et en fournissant une liste des dites marchandises et effets, ils pourront obtenir un permis pour les faire ramener dans les bateaux du Roi, gratuitement, jusque dans cette ville. Ces dites marchandises ainsi ramenées le devront être en entier, sans rompre charge, et sans commercer ni trafiquer avec les Sauvags en route d'Oswego à cette ville.

LETTRES ET PLACARDS AFFICHES DANS LE GOUVERNEMENT DES TROIS RIVIERES, MIL SEPT CENT SOIXANTE, 1761, 1762, 1763 ET 1764.

De Par Son Excellence le Colonel Burton, Gouverneur des Trois-Rivières.

A tous Les Capitaines de milice pour empêcher qu'il ne soit vendu aux passants aucune sorte de denrées.

La molle complaisance des habitans de ce Gouvernement, qui se laissent persuader à se défaire de leurs moutons, volailles et autres choses nécessaires à la vie, en faveur des passans qui traversent le gouvernement, pourrait tirer à conséquence et épuiser le pays de ces rafraîchissements, il est donc expressément défendu par ces présentes aux habitans du Gouvernement des Trois Rivières, de se défaire de leurs volailles, moutons et autres choses nécessaires à la vie, en faveur des passans de cette qualité, ou sous quelque prétexte que ce soit, sans un ordre signé de Son Excellence, jusqu'à ce qu'il lui plaise d'en ordonner autrement, s'il arrivait que l'on usât de force pour les obliger à désobéir à la présente ordonnance, il leur est enjoint de faire connaître les contrevenans en les dénonçant au Cap^ne^ de milice, qui aura soin d'en faire son rapport pour qu'ils soient punis avec rigueur.

LETTERS AND PROCLAMATIONS POSTED UP IN THE GOVERNMENT OF TROIS RIVIERES
1760, 1761, 1762, 1763 and 1764.

By His Excellency Colonel Burton,
Governor of Three Rivers.

To all the Captains of Militia to prevent the sale to travellers of any sort of commodities. 1760, September 19..

The weak complaisance of the inhabitants of this government, who allow themselves to be persuaded to part with their sheep, game, and other necessaries of life, in favour of travellers passing through the government, may establish a precedent and exhaust the country of these provisions, it is therefore expressly forbidden by these presents to the inhabitants of the government of Trois-Rivières to part with their game, sheep, and other things necessary to life in favour of travellers of whatever rank or under any pretext whatever without an order signed by His Excellency until it may please him to order otherwise; if it should happen that force were used to compel them to disobey the present Ordinance they are enjoined to make known the offenders, by denouncing them to the captain of militia, who will be careful to make a report respecting them in order that they may be punished with rigour.

Given at Trois-Rivières the 19th September, 1760.

Order to all the captains of militia on the South Shore regarding the laying down of arms, and taking the oath of fidelity. September 21.

The Governor of Trois-Rivières will lose no time, Sir, in sending officers appointed by him to muster the militia on the whole South Shore of his government, to cause them to lay down their arms and take the oath of fidelity; he has in consequence ordered me to notify you to hold ready the roll of your company and that of the inhabitants of the parish, and to acquaint all the militia that they must hold themselves ready at the first moment, to appear on the arrival of the said officers.

You will cause the present to pass from parish to parish within the whole extent of the Government of Trois-Rivières on the South Shore.

I am very sincerely,
Sir,
Your most obedient servant,

Order to all the captains of militia to forbid their inhabitants to receive or give in payment, the Cards and Ordinance Bills, regarded as imaginary money. 1760, September 22.

Sir, I am extremely surprised to learn that despite the declarations, public and published, of General Murray and all the precautions taken to make known to Canadians the worthlessness of their paper money, since the edict of the King of France dated the 15th October last, there are still

habitans de recevoir ou donner en payement les Cartes et Billets d'ordonnance regardés comme monnaie imaginaire.

dernier, qu'il se trouve encore des habitans assez aveugles sur leurs intérêts particuliers pour recevoir cette monnaie imaginaire en échange pour des marchandises réelles et utiles. Ce ne peut être que par mauvaise foi et ignorance de part & d'autre, que cet argent est employé par les vendeurs et les acheteurs, et comme j'ai résolu très fermement de ne pas souffrir le premier vice dans mon Gouvernement, et que je regarde comme partie de mon devoir d'éclairer ceux à qui l'ignorance ferait commettre des erreurs.

Je vous donne ordre de faire assembler votre compagnie et les habitans de la Paroisse, pour leur lire la présente et leur faire savoir de ma part, que je leur défends de recevoir ou de donner en payement pour leurs effets ou marchandises, les cartes ou monnaie de papier connue sous le nom de *Billets d'ordonnance,* & que je ferai punir dans toute d'étendue de mon gouvernement ceux qui en imposeront à la crédulité des habitans, & les forceront de se contenter de ce payement frauduleux.

Vous ferez passer la présente au Capitaine de milice le plus voisin, qui en fera autant, jusqu'à ce que la lettre ait passé dans toute l'étendue de notre Province.—

Ordres à Mr Courval pour la régie des forges.

A Monsr Courval aux forges.

Monsieur, Son Excellence le Colonel Burton m'a ordonné de vous faire savoir qu'en conséquence des instructions qu'il a reçues de Monsr le Général Amherst, il juge à propos de faire exploiter à loisir la fonte qui est déjà tirée des mines, & pour cet effet voudrait retenir sur le même pied que ci-devant les ouvriers dont vous trouverez les noms à la suite de la présente. Le charbon étant un article indispensable, & dont les forges sont actuellement mal pourvues, & son excellence ayant appris qu'il y en a plusieurs fourneaux déjà préparés; il vous plaira d'engager en qualité de journalliers, les charbonniers & autres que vous jugerez absolument nécessaires pour faire la cuisson et autres ouvrages dépendants de cette partie là.

Vous tiendrez, s'il vous plaît, un compte exacte des gens que vous employerez, du temps que durera leurs travaux, & de quantité de charbon qu'ils feront.—Vous prendrez sur vous le soin de faire graisser &

inhabitants sufficiently blind to their own private interests, to receive this imaginary money in exchange for real and useful merchandise. It can only be by bad faith and ignorance on one side or the other that this money is employed by sellers and buyers, and as I have resolved very firmly not to suffer any wrong-doing in my government and as I regard it as part of my duty to enlighten those, whom ignorance would cause to commit errors.

I give you order to assemble your company and the inhabitants of the parish to read the present to them, and to acquaint them on my part that I forbid them to receive or to give, in payment for their goods or merchandise, the cards or paper money known under the name of Ordinance Money, and that I will punish, within the whole extent of my government those who impose on the credulity of the inhabitants in this regard, and force them to be satisfied with this fraudulent payment.

You will have the present passed to the nearest captain of militia, who will do likewise, until the letter has circulated within the entire extent of our province.

I am, Sir, Your affectionate servant,

To M. Laframboise Captain of Militia of the town of Trois-Rivières.

You are ordered on the part of Colonel Burton, governor of Trois-Rivières, to cause the gentlemen and other persons inhabiting this town of Trois-Rivières not incorporated in your militia roll, to be notified to repair with their arms to the parlor of the Recollets of this town tomorrow morning at 9 o'clock, to take the oath of fidelity and of submission, due to His Britannic Majesty George the Second.

Order to M. Courval, for the management of the Forges. October 1.

To M. Courval at the Forges.

Sir,—His Excellency Governor Burton has ordered me to acquaint you, that in consequence of the instructions which he has received from General Amherst, he deems it proper to have the castings which have already been taken from the mines worked up, and for this purpose desires to retain on the same footing as formerly the workers whose names you will find at the end of the present. Charcoal being an indispensable article and one which the Forges are at present ill-provided with, and His Excellency having learned that there are many furnaces already prepared, you will please engage as day-labourers the coal-burners and others whom you judge to be absolutely necessary to do the charring and other works depending upon this part.

You will keep an exact account, if you please, of the people you employ, of the time their work lasts, and of the quantity of charcoal they make. You will take upon yourself the care of the oiling, and overhauling

By His Excellency Jeffery Amherst, Esquire, Field Marshal, Commander in Chief of the troops and forces of His Majesty the King of Great Britain, in North America, and His Governor General for the Province of Virginia, etc., etc., etc.

Be it known, that We have constituted and appointed Mr. Gage, Brigadier General of the King's armies, Governor of the town of Montreal and of its dependencies; and that in like manner We have appointed Mr. Burton, Colonel of His Majesty's troops, Governor of Trois-Rivières and its dependencies.

That all the inhabitants of the Government of Trois-Rivières who have not yet given up their arms, are to give them up at the places named by Mr. Burton.

That for the better maintenance both of good order and police in each parish or district, their arms shall be delivered up to the officers of militia; and if thereafter there shall be any of the residents who desire to have them, they must ask for a permit from the governor, to be signed by the said governor, or by his subdelegates, so that the officer of the troops, commanding the district in which these persons are residing, may know that they have the right to carry arms.

That according to our instructions, the governors are authorized to nominate to all posts vacant in the militia, and may begin by signing commissions in favour of those who have lately enjoyed such posts under His most Christian Majesty.

That in order to settle amicably as far as possible all differences which may arise amongst the inhabitants, the said governors are enjoined to authorise the officer of militia commanding in each parish or district, to hear all complaints, and if they are of such a nature that he can settle them, he shall do so with all due justice and equity; if he cannot decide at once, he must send the parties before the officer commanding the troops in his district, who shall in like manner be authorised to decide between them, if the case is not sufficiently serious to require its being brought before the Governor himself, who in this, as in every other case, will administer justice where it is due.

Que les troupes tant dans les villes que dans leurs cantonnemens sont nourries par le Roy, en nature, & qu'il leur est ordonné expressément de payer tout ce qu'elles achètent de l'habitant en argent comptant & espèces sonnantes.

Que tout propriétaire de chevaux, de charettes ou autres voitures qui seront employées soit pour les troupes ou autres, seront également payés en espèces sonnantes, pour chaque voyage, ou par journées qu'ils auront été ainsi employés, & cela suivant le tarif & sur le pied de dix chelins, argent de la Nouvelle York, par jour, pour chaque charette ou traineau portant un milier pesant, & une journée de cheval à raison de trois chelins de York.

Les maîtres des postes auront attention de ne louer ni fournir à qui que ce soit, sans un ordre par écrit de nous, ou des Gouverneurs Gage, Murray & Burton, ni chevaux, ni calèches appartenantes aux bureaux des dites postes, & ceux à qui il en sera fourni comme ci-dessus, payeront pour un cheval à raison de 17 sols argent de la Nouvelle York, pour chaque trois milles anglaises ou lieue de France, ceux qui prendront cheval & calèche payeront le double, mais il leur sera permis d'y aller à deux personnes.—

Que le peu de secours que le Canada a reçu de la France depuis deux années l'ayant épuisé de bien de rafraîchissements & et de nécessaire nous avons, pour le bien commun des troupes & de l'habitant, recommandé par nos lettres aux différens gouverneurs des Colonies anglaises les plus proximes du Canada, d'afficher & publier des avis à leurs colons pour se transporter ici avec toutes sortes de denrées & de rafraîchissements, & nous nous flattons qu'on ne tardera pas de voir remplir ce projet; et lorsqu'il le sera un chacun en sera instruit pour qu'il puisse y participer au prix courant et sans impôts.—

Le commerce sera libre et sans impôts à un chacun, mais les commerçants seront tenus de prendre des passeports des gouverneurs qui leur feront expédiés *gratis*.

Comme il est expressément enjoint aux troupes de vivre avec l'habitant en bonne harmonie & intelligence, nous recommandons pareillement à l'habitant de recevoir & de traiter les troupes en frères & concitoyens. Il leur est encore enjoint d'écouter & d'obéir tout ce qu'il leur sera ordonné tant par nous que par leurs Gouverneurs & ceux ayant droit de nous & de lui; et tant que les dits habitans obëiront & se conformeront aux dits ordres, ils jouiront des mêmes privilèges que les anciens sujets du Roi; Et ils peuvent compter sur notre protection.

Voulons & entendons que notre présente ordonnance soit lue, publiée, & affichée ès lieux accoutumés.

That the troops, in the towns as well as in their cantonments, are provided for by the King in kind, and that it is expressly ordered that they shall pay for all that they buy from the inhabitants in ready money and specie.

That all proprietors of horses, carts or other vehicles who shall be employed, either by the troops, or others, shall likewise be paid in specie for each journey, or by the day, when they shall have been thus engaged, and the latter shall be according to the tariff and at the rate of ten shillings, New York currency, per day for each cart or sleigh carrying a thousand pounds weight, and a horse by the day at the rate of three York shillings.

Masters of posts shall be careful neither to let out nor furnish to any one soever, without a written order from us, or from the Governors Gage, Murray, or Burton, either horses or carriages belonging to the offices of the said posts, and those to whom they shall be furnished, as above stated, shall pay for a horse at the rate of 17 cents, New York currency, for every three English miles or French league; those who shall take a horse and carriage shall pay double, but two persons shall be allowed to go in it.

That the meagre support which Canada has received from France for the past two years having exhausted her wealth, her supplies, and her necessaries, we have for the common good of the troops and the inhabitants, given orders in our letters, to the different governors of the English colonies nearest to Canada, to post up and publish notices to their colonists to repair hither with all sorts of provisions and supplies, and we flatter ourselves, that we shall see this project carried out without delay; and, as soon as it is done, everyone will be notified so that he may have his share in it, at the current rates, and without duty.

Trade will be free to everyone, without duty, but merchants will be obliged to take out passports from the governors, which will be furnished them gratis.

As it is specially enjoined on the troops to live with the inhabitants in harmony and good fellowship, We likewise recommend the inhabitants to receive and treat the troops as brothers and fellow-citizens. It is further enjoined upon them to hearken to and obey all that is commanded them, whether by us or by their governors, and those having authority from us and them; and so long as the said inhabitants shall obey and conform to the said orders, they shall enjoy the same privileges as the ancient subjects of the King, and they may rely on our protection.

We desire and require that our present Ordinance be read, published and posted in the usual places.

Proclamation of His Excellency Governor Burton to accompany the above Proclamation, and to prevent the inhabitants from being misled regarding York money.

By His Excellency Ralph Burton, Esquire, Colonel of Infantry, Governor of Trois-Rivières and its dependencies.

His Excellency Field Marshal Amherst, having by the Proclamation annexed, made known his intentions, and given the regulations which he has judged most useful, and most necessary for the maintenance of good order and police within the entire extent of Canada.

We order and enjoin every captain or other officer of militia, commanding in each parish of the government of Trois-Rivières, to cause the tenor of the proclamation of His Excellency to be understood by the inhabitants of the said parishes and to explain to them its articles, so far as necessary, so that they may not be able to plead grounds for ignorance of it.

We, also, by these presents, make known to all Canadians or other persons established within the limits of our government of Trois-Rivières that by the powers conferred upon us, in conformity with the instructions of His Excellency General Amherst to the captains or officers of militia commanding in each parish, to hear all complaints brought before them and to settle them with justice and uprightness, it is ordered and enjoined by us upon the said officers to fulfil this part of their duty gratis, and without, on this ground, laying claim to any recompense in money or otherwise in any form whatever.

Furthermore, as it has already pleased His Excellency General Amherst to fix the price of certain articles and as it is ordered to pay the inhabitants for their work or commodities in specie, to obviate the wrong which ill-intentioned people may do to them in profiting from the lack of knowledge which they have of our specie; We judge it necessary to instruct them as to the value of the coins most commonly used as they circulate in New York.

Lettre à tous les Capnes de milice pour accompagner les placards de leurs Excellences Amherst & Burton, & qui nomme les dits Capnes arbitres & juges chacun dans leur paroisse.

Monsieur, je vous envoye par le présent courier deux placards, l'un de Son Excellence le Général Amherst, & l'autre de moi; vous aurez soin de lire l'un & l'autre avec attention, & d'en étudier le sens, pour les faire comprendre aux habitans de votre Paroisse. Le premier placard vous instruira des intentions de Mr le Général Amherst au sujet de l'administration de la Justice, & le second vous fera connaître que je veux qu'elle se rende sans intérêt & gratis. Je ne doute nullement que vous ne vous y prêtiez avec tout le plaisir qu'un honnête homme ressent lorsqu'il peut obliger ses concitoyens. La bonne réputation dont vous jouissez me persuade que j'aurai lieu d'être content de vos soins pour faire régner la paix & l'harmonie dans votre Paroisse.

Ainsi, en vertu du pouvoir à moi donné par son Excellence le Général Amherst commandant en chef les troupes & les forces de Sa Majesté Britannique. Je vous nomme & établi arbitre des différends & querelles qui pourraient survenir entre les habitans de la Paroisse de....., vous autorisant à recevoir & écouter toutes plaintes portées devant vous, sans aucune partialité, & vous ordonnant de les terminer, & d'en décider à l'amiable, suivant les lumières de votre raison, & en conscience, avec toute la justice & la droiture qu'il convient, & le tout gratis. Si l'entêtement des parties, ou la nature embarassante des causes vous ôtaient le pouvoir de terminer par vous-même, vous renverrez pour lors les parties devant l'officier des troupes commandant dans votre dite Paroisse de....., qui en décidera suivant les instructions qu'il a reçues de moi à ce sujet.

Vous garderez soigneusement la présente qui vous servira d'instruction & de pouvoir de ma part pour agir en qualité d'arbître vis-à-vis de vos concitoyens.

J'ai l'honneur d'être, Monsieur,

votre très humble serviteur

(signé) "R. Burton."

P.S. J'oubliais de vous dire au sujet des acadiens répandus dans mon Gouvernement, que le Roi d'Angleterre n'entend pas payer leur pension, & par là les encourager à la fainéantise. Il faut dorénavant qu'ils travaillent ou se mettent en service pour gagner leur vie. Vous en avertirez vos paroissiens. & les acadiens qui sont dans votre District; si il s'en trouvait parmi eux que leurs infirmités ou vieillesse rendissent réellement dignes de pitié et de secours, vous me les ferez connaître; & après avoir examiné par moi-même leur état, j'en déciderai comme bon me semblera.

Letter to all the captains of militia to accompany the proclamations of their Excellencies Amherst and Burton, and which appoints the said captains arbitrators and judges each in his own parish.

Sir, I send you by the present courier two proclamations, one from His Excellency General Amherst and the other from me. You will take care to read both with attention, and to study the sense of them to make them understood by your parish. The first proclamation will instruct you as to the intentions of General Amherst respecting the administration of justice, and the second will inform you that I desire that it be rendered without partiality and gratis. I have no doubt that you will lend your services to that end with the pleasure that an honest man feels when he can oblige his fellow citizens. The good reputation which you enjoy persuades me that I shall have reason to be satisfied with your efforts, to cause peace and harmony to reign in your parish.

Thus in virtue of the power conferred upon me by His Excellency General Amherst, Commander in Chief of the troops and forces of His Britannic Majesty, I nominate and appoint you arbitrator of the differences and disputes which may arise between the inhabitants of the parish of..... authorizing you to receive and hear all complaints brought before you, without partiality, and ordering you to settle them, and decide them in a friendly way, according to the light of your reason, and in conscience with all the justice and uprightness needful, free of all charge. If the obstinacy of the parties or the embarrassing nature of the cases deprives you of the power of settling them yourself, you will then send the parties before the officer of the troops commanding in your said parish of..... who will decide them according to the instructions which he has received from me on this subject.

You will carefully preserve the present, which will serve as instructions for you, and as authority from me to act in the capacity of arbitrator in relation to your fellow citizens.

I have the honour &c,

R. BURTON.

P.S. I forgot to say to you regarding the Acadians scattered throughout my government that the King of England does not intend to pay them their pension and in that way encourage them in idleness.

It is necessary henceforth that they work or put themselves in service, to make their living. You will notify your parishioners of this, and the Acadians who are in your district; if there should be found among them some whose infirmities or old age would render them really worthy of compassion and of assistance, you will let me know them, and after having examined their condition myself I shall decide regarding them as shall seem proper.

Placard de Son Excellence Monsieur le Gouverneur au sujet des déserteurs, & pour empêcher qu'on ne troque—avec les soldats, leurs hardes, ny taffia, eau de vie ou autre liqueur.

Comme il arrive quelques fois que des matelots, soldats ou autres engagés au service de Sa Majesté Britannique, s'absentent de leurs régimens, vaisseaux, ou compagnie, avec intention de ne plus retourner à leur devoir & de déserter, & qu'il est absolument nécessaire de faire punir des gens dont l'intention & la conduite sont aussi criminelles.

Nous défendons expressément à tous Canadiens & habitans de notre Gouvernement des Trois Rivières de tel rang & condition qu'ils soient, de retirer chez eux, ou de favoriser dans leur fuite, aucun déserteur soit matelot ou soldat; & leur ordonnons & enjoignons d'arrêter ou faire arrêter tout soldat, matelot ou autre engagé au service de Sa Majesté, qu'ils trouveront courant les côtes, ou séjournant dans les différentes paroisses de ce Gouvernement, ou qu'ils auront lieu de soupçonner, ou regarder comme vagabonds & déserteurs, lesquels il leur est ordonné de mener à leur capitaine de milice, qui les fera conduire sous main forte en présence de l'officier commandant les troupes anglaises, ou l'endroit le plus voisin où il s'en trouvera qui aura l'ordre de les envoyer au Quartier Général.

To the Captains of Militia of Batiscan, Ste. Anne, Ste. Marie and St. Pierre les Becquets, for not having complied with the orders of His Excellency.

Sir, I am directed to signify to you the surprise of the Governor, that you have neglected to obey the orders, which were communicated to you, to come yesterday morning to Government House; he expects greater punctuality on your part and he would be sorry if your negligence in the future should oblige him to employ measures which he will always be very glad to avoid. Set out immediately on the receipt of the present, and come to receive the proclamations and orders which you should have come to seek yesterday.

Have the present passed to the Captains of Ste. Marie, Ste. Anne, and St. Pierre les Becquets.

By His Excellency Ralph Burton Esquire, Colonel of Infantry and Governor of Trois-Rivières and its dependencies. October 11.

Proclamation of His Excellency the Governor respecting deserters and to prevent trafficking with the soldiers for their wearing apparel, rum, brandy or other liquor.

As it happens sometimes that sailors, soldiers, or others employed in the service of His Britannic Majesty absent themselves from their regiments, vessels or companies, with the intention of not returning again to their duty, and of deserting, and as it is absolutely necessary to cause to be punished persons whose intentions and conduct are so criminal,

We expressly forbid all Canadians and inhabitants of our government of Trois-Rivières of whatever rank or condition they may be, to conceal in their homes or to aid in their escape, any deserter, whether sailor or soldier and order and enjoin them to arrest or cause to be arrested every soldier, sailor or other employé in the service of His Majesty that they may find at large on the *côtes,* or sojourning in the different parishes of this government, and whom they have reason to suspect or regard as vagabonds and deserters, whom they are ordered to bring before the captain of militia who will have them brought under guard before the officer commanding the English troops or to the nearest place where some person may be found, who has orders to send them to headquarters.

We forbid, also, all Canadians and inhabitants to retain, buy or exchange with the soldiers of His Majesty or any other persons whatsoever, any of their arms, accoutrements, regimentals, shoes, gaiters, caps or other furnishings made for the said soldiers, by His Majesty.

We likewise forbid all persons whatsoever dwelling in our government to sell or exchange with our soldiers, their wives or children, rum, brandy or other strong liquor, by wholesale or by retail, without a written permit from us.

We desire and order that the present be executed in every point, under penalty for disobedience, and punishment corporal or pecuniary according to our will, and to the end that no person may be ignorant of it, We desire that it may be read, published and posted up in the customary places.

De par Son Excellence Ralph Burton, Ecuyer, Colonel d'infanterie, Gouverneur des Trois Rivières & de ses dépendances.

Placard de Son Excellence Monsr le Gouverneur, au sujet des incendies & pour le ramonage des cheminées.

Les ravages affreux que les incendies ont plusieurs fois causés dans cette ville, devraient être des leçons suffisantes à tous les habitans pour les engager à prendre les précautions nécessaires pour prévenir de pareils malheurs à l'avenir; il se trouve malgré cela toujours des paresseux qui s'exposent à périr & à faire périr les autres par une négligence criminelle.

Nous avons donc pour la sureté publique pourvu cette ville d'un Ramoneur, qui a nos ordres d'aller une fois en quinze jours netoyer & ramoner toutes les cheminées de la ville des Trois Rivières.—

Voulons et ordonnons que tous les habitans de la dite ville se servent du dit ramoneur, lorsqu'une fois pendant la quinzaine il ira pour cet effet se présenter à leurs portes.

Et comme il est juste que la peine d'une personne aussi utile à toute la société soit récompensée, tout propriétaire ou locataire de maison dans cette ville sera tenu sous peine d'éxécution, de payer à raison de quatre sols pour chaque cheminée à simple étage, & six sols pour celle à double étage, tous les quinze jours; lequel payement se fera de deux mois en deux mois, ès-mains du Captne des milices de la ville des Trois Rivières, à commencer du quinze d'octobre.

Voulons & ordonnons en outre que chaque particulier dans sa maison donne au dit ramoneur les secours & l'aide dont il pourra avoir besoin pour le nettoyage & ramonage des dites cheminées.—

Et Sçavoir faisons que si, par négligence, ou faute d'avoir voulu faire ramoner, lorsque le dit ramoneur se présente dans sa tournée pour le faire, il arrivait que le feu prît à quelques maisons, le propriétaire ou locataire de la dite maison où le feu prendroit, sera tenu de payer une amende de seize chelins, monnaie d'York, qui sera payable ès-mains du dit Capitaine de milice pour en disposer comme il en sera par nous ordonné, Et en cas qu'il parut dans le fait de l'incendiaire une malice marquée, & une envie de nuire au propriétaire de la maison qu'il habite, ou à ses voisins, le dit incendiaire sera pour lors puni corporellement avec toute la rigueur qu'une pareille méchanceté mérite. Voulons que la présente soit lue, publiée & affichée ès lieux accoutumés aux Trois Rivières, le 15e 8bre 1760.

R. BURTON.

By His Excellency Ralph Burton Esquire, Colonel of Infantry, Governor of Trois-Rivières and its dependencies. October 15.

Proclamation of His Excellency the Governor respecting fires and for the sweeping of chimneys.

The terrible ravages which fires many times caused in this town, should be sufficient lessons to all its inhabitants to oblige them to take the necessary precautions to prevent similar evils in the future. There are always found, in spite of that, idle people who expose themselves to perish and to cause others to perish, by a criminal negligence.

We have therefore for the public safety provided this town with a chimney sweeper, who has our orders to go once every fortnight to clean and sweep all the chimneys of the town of Trois-Rivières.

We desire and order that all the inhabitants of the said town employ the said sweeper, when he presents himself at their doors once during the fortnight for that purpose. But as it is just that the labour of a person so useful to the whole community should be compensated, every proprietor or tenant of a house in this town, shall be obliged, under penalty of prosecution to pay at the rate of four sous for each chimney of a single storey, and six sous for that of a double storey, every fortnight, which payment shall be made every two months into the hands of the Captain of Militia of the town of Trois-Rivières, commencing from October fifteen.

We desire and order, moreover, that every individual in his house give to the said sweeper the aid and assistance he may require for the cleaning and sweeping of the said chimneys.

And We make it known that if, through negligence, or through refusal to have the sweeping done, when the said sweeper presented himself in his rounds to do it, a fire should happen to start in some house, the proprietor or tenant of the said house in which the fire started shall be obliged to pay a fine of sixteen shillings, (York currency) which shall be payable into the hands of the said Captain of Militia to dispose of it as he shall be directed thereto by us. And in case there appeared in the deed of the incendiary an obvious malice, and a desire to injure the proprietor of the house he inhabits, or his neighbors, the said incendiary shall then be punished corporally with all the severity that such wickedness deserves.

We require that the present may be read, published and posted up in the customary places: at Trois-Rivières the 15 October 1760.

Placard de Son Excellence Monsieur le Gouverneur, pour faire défense aux Canadiens de vendre vin ou eau de vie aux soldats.—

Nous sommes très-surpris de trouver dans cette ville des personnes d'un caractère assez bas et assez méprisable pour abuser de la permission que nous avons donné à notre marchand de vendre, eau-de-vie, ou autres liqueurs aux canadiens & habitans. Ils ne peuvent ignorer que nous avons défendu en même temps, qu'il en fut vendu aux soldats, dans la crainte des désordres qui pourraient s'en suivre. Malgré notre précaution & nos ordres,—l'appas sordide d'une chetive récompense, ou la blamable envie de boire avec nos soldats, a séduit quelques misérables qui se sont laissés persuader d'en aller acheter pour eux, ce qui a occasionné des désordres. Nous avons même découvert, & fait mettre un de ces coupables à la grande garde.

Nous faisons sçavoir à tous Canadiens, ou habitans, que si pareille chose arrive à l'avenir, nous défendons très-expressément à notre Marchand, ou tout autre, de vendre aucune sorte de liqueur à telle personne que ce soit.—

Et que tout canadien, ou habitants qui sera convaincu d'avoir, sous tel prétexte que ce soit, procuré de l'eau de vie ou liqueur, à nos soldats, sera puni avec la même rigueur que le vendeur, comme désobëissant au présent ordre que nous voulons qui soit lû, publié & affiché aux lieux accoutumés.

Proclamation of His Excellency the Governor, to forbid Canadians to sell wine or brandy to the soldiers.

We are much surprised to find in this town persons of a character so low and contemptible as to abuse the permission We have given to our merchants to sell brandy or other liquors to Canadians and habitants. They cannot be ignorant that we have prohibited, at the same time, that it should be sold to the soldiers in fear of the disorders which might result. In spite of our precaution and our orders, the sordid appetite for a paltry gain or the reprehensible desire to drink with our soldiers, has misled some wretched creatures, who allowed themselves to be persuaded to go and buy some for them, which has been the occasion of disorders. We have even discovered and caused one of these guilty people to be confined in the guard house.

We notify all Canadians or habitants, that if such a thing happens in the future, We shall most expressly forbid our merchants or any other person, to sell any kind of liquor to any person whatever.

And any Canadian or habitant, who shall be convicted of having under any pretext whatever, procured brandy, or liquor for our soldiers, shall be punished with the same rigor as the seller, for disobeying the present order, which We require to be read, published and posted up in the customary places.

Sir/,

I observe sometimes that several persons coming from Quebec and Montreal pass through the government without being provided with permits in this regard; As you are on the frontier of our government you should give your attention to calling upon them to show their permits, and if they are without such, you should not disregard the precise orders of General Amherst. You should also stop any person from driving couriers or travellers, except those whom you may have already appointed to assist you and who should be registered. All this is in accordance with the orders which you have received in your commission as master of the post house.

A tous les Capnes de milice pour empêcher qu'il ne soit vendu aucunes sortes de denrées aux paysans ou coureurs de côtes.

Monsieur, Son Excellence vous a enjoint par un placard du 19e Septbre dernier, de ne pas souffrir que les habitans se défassent de leurs volailles, moutons & autres denrées en faveur des passants. Vous devez être assuré que c'est en conséquence de la connaissance que Monsr le Gouverneur a de la rareté de ces choses dans son Gouvernement, qu'il vous a fait publier le dit Placard. Il est surpris d'apprendre que malgré des ordres aussi publiques, quelques habitans s'exposent à vendre à des coureurs de côtes; il m'a chargé de vous avertir que c'est contraire à ses intentions et aux ordres déjà donnés. Vous aurez soin, s'il vous plaît, d'en rafraîchir la mémoire aux habitans, & leur faire connaître qu'aucune permission pour se pourvoir dans les côtes, faite en faveur d'autres personnes que les habitans mêmes de ce Gouvernement doit être regardée comme nulle, à moins qu'elle ne soit ratifiée ici au Gouvernement.—

Vous comprenez bien que cette défence n'a lieu que pour les étrangers & qu'il est permis de droit & sans aucun écrit aux habitans de Ce Gouvernement & aux officiers & soldats qui y sont cantonnés, de se pourvoir des denrées qu'ils y consomment.

Vous lirez la présente aux habitans de votre Paroisse le premier dimanche après sa réception, & vous tiendrez exactement la main à son exécution, & vous la ferez voir à Messieurs les officiers des troupes, s'il y en a dans votre paroisse.

A tous les Capnes de milice pour engager les habitans à apporter leurs denrées en cette ville.

Monsieur, les chemins sont maintenant frayés; il est aussi à présumer que les troupes répandues dans le Gouvernement ont fait leur provision d'hiver. Les bourgeois de cette ville paroissent souhaiter que les habitans y apportent des denrées, il n'y a pas lieu de craindre que les commandans des troupes dans les différens districts s'y opposent. Monsr le Gouverneur s'est expliqué avec eux à ce sujet. Tâchez donc d'engager les habitans de votre paroisse à apporter en ville ce dont ils veulent se défaire. Il en résultera un avantage mutuel pour eux & pour les bourgeois de cette ville. Pour que la présente ait un effet plus sûr, vous tiendrez une main exacte au dernier ordre qui défend aux habitans de se défaire de leurs denrées en faveur des coureurs de côtes. Ce sont gens qui communément leur en imposent, & qui font naître la disette dans des endroits où sans eux elle ne paraîtrait jamais. Vous ferez connaître à vos habitans que ce qui est dit ci-dessus est l'intention de Son Excellence.

To all captains of militia, to prevent any kind of provision from being sold to travellers passing through, or to coureurs de côtes (hucksters). 1760 November 13

Sir/

His Excellency enjoined you by a proclamation dated the 19th September last not to permit the inhabitants to part with their game, sheep or other provisions to travellers passing through. You should be assured that it is in consequence of the knowledge which the Governor has of the scarcity of these things in his government that he has required you to publish the said proclamation. He is surprised to learn that, despite such public orders, some inhabitants are ready to sell to *coureurs de côtes.* He has directed me to notify you that this is contrary to his intentions and to the orders already given. You will make it your business, if you please, to refresh the memories of the inhabitants in this regard, and to inform them that any permission to obtain supplies in the countryside, made in favour of other persons than the inhabitants themselves of this government must be regarded as null and void, unless it be ratified here at the government.

You understand of course that this prohibition concerns strangers only, and that the inhabitants of this government and officers and soldiers quartered therein are permitted as of right and without writing to provide themselves with the commodities for their consumption.

You will read the present to the inhabitants of your parish the first Sunday after receiving it, and you will give strict attention to its execution; and you will communicate it to the officers of the troops, if there are any in your parish.

I am, Sir,

J. Bruyère.

Sir, The roads are now traced. It is to be presumed that the troops scattered throughout the government have put in their winter provisions. The citizens of this town appear to wish that the inhabitants may bring their wares here. There is no reason to fear that the commanders of the troops in the different districts are opposed thereto. The Governor has come to an understanding with them on the subject. Make an effort, then, to induce the inhabitants of your parish to bring to town the things they wish to dispose of. There will result a mutual advantage for them and for the citizens of this town. In order that the present may be more certain in its effect, you will give strict attention to the last order, which forbids the inhabitants to dispose of their provisions to the travelling traders. These are people who usually impose on them, and who give rise to scarcity in places, where, without them, it would never appear. You will inform your inhabitants that what is said above is the intention of His Excellency. November 24

Sir/

You will find herewith a proclamation, designed to assert, and realize upon, His Majesty's dues within the limits of this Government. You will have it published in the customary manner and you are enjoined, to give heed that no contract of sale or exchange be made within the limits of your parish, without giving notice thereof to the government, in case the inhabitants neglect to do so.

By His Excellency Ralph Burton, Esquire, Colonel of Foot, of a Regiment of Infantry, Governor of Trois-Rivières, &c. &c. April 26.

The return of mild weather renders the great number of fires less necessary, and conflagrations are consequently less to be feared; His Excellency thinks it proper to spare the inhabitants of this town during the course of the warm season the expense of a chimney sweeper, with which his regard for the public safety has provided them.

All citizens and inhabitants of this town are therefore enjoined to have their chimneys swept themselves, until further orders.

Si la négligence ou la malice de certains particuliers cause quelque incendie, ils seront punis aux termes du placard de Son Excellence en date du quinze Octobre dernier par amande pécuniaire, ou punition corporelle suivant la nature de leur faute.

Les changements faits dans la forme d'administrer la justice, en établissant les Cap^{nes} de milice pour juges, n'ont eu pour but que la Commodité & le soulagement du public. Cela ne regarde que la décision des procès que des prétentions mal assurées ou mal fondées pouvaient faire naître entre les habitans de ce païs, ou à tâcher d'en accélérer la fin, & de retrancher les frais immenses qui les accompagnaient. Les actes qui assurent les biens & les prétentions des particuliers, tels que contrats, donations, ventes, clôtures d'inventaires &c sont assujettis à une formule qui doit être suivie. Si on la néglige on se prépare des disputes & des procès.

Il y a des gens avoués par le Gouvernement, connus sous le nom de Notaires, dont le devoir & l'étude sont en s'assurant des intentions des parties contractantes, de les revêtir de la forme ordonnée par les lois. Ils y sont obligés par serment.

Proclamation of His Excellency, prohibiting all unqualified persons from drawing notarial deeds. May 17.

By His Excellency Ralph Burton, Esquire &c. &c.

The changes made in the manner of administering justice, in appointing the captains of militia as judges, have had no aim but the accommodation and relief of the public. That concerns only the decision of suits which ill assured or ill founded pretensions may give rise to among the inhabitants of this country; efforts have been made to accelerate the conclusion of them, and to reduce the immense expenses which accompanied them.

Deeds, which assure the property and claims of individuals, such as contracts, donations, sales, closing of inventories, &c., are subject to a form which should be followed. If that is neglected, the way is opened for disputes and suits.

There are persons recognized by the Government under the name of notaries whose duty and study it is in assuring themselves of the intentions of the contracting parties, to clothe them in the form decreed by the laws. They are bound thereto by oath.

We have learned that several unqualified persons take on themselves to draw up deeds; without suspecting them of bad faith, it is to be feared that their ignorance may give rise to suits and disputes, and, to obviate this, We forbid all persons whatsoever, within the limits of this government,

Gouvernement de s'ingérer à dresser les actes qui ont coutume d'être passés devant les Notaires publics, sous peine d'amande envers les dits Notaires, ou même de punitions plus sévères si le cas le méritait, ainsi qu'il nous plaira en ordonner. Exceptons néanmoins les contrats de mariages qui peuvent ainsi que ci-devant se passer devant les curés, en les faisant insinuer au Greffe des Trois Rivières, dans l'espace de deux mois de leur date.

Monsieur,

Il plait à Son Excellence pour le soulagement des habitans de Son Gouvernement, d'accorder à chaque paroisse un nombre fixe de fusils pour la chasse. Son intention est qu'ils soient confiés aux plus pauvres & aux plus nécessiteux. To all the captains of militia, sending them hunting licenses. July 4.

Sir/

His Excellency is pleased, for the relief of the inhabitants of His government, to grant to each parish a fixed number of guns for the chase. His intention is that they may be entrusted to the poorest and most necessitous. The permits are numbered and no mention is made on them of any name but that of the parish, His Excellency desiring that the said guns and permits should be lent mutually and of good will from one to another among the inhabitants of the same parish. You are ordered to see that the said guns and permits are lent impartially, and that they pass in turn to all those who are able to use them, taking care nevertheless to leave them longest, preferably, to those who are poorest. The Governor grants———— of them to your parish, besides, one for the seignior and one for the curé. You will find herewith the numbered permits and an order that..... guns may consequently be delivered to you here at Government House, which you will deliver to the person whom you send to procure the said guns.

Notify your parishioners that it will be useless to employ any person to obtain a single gun more in your parish, His Excellency being determined not to grant any more under any pretext whatever.

The officers of militia and sergeants may continue to keep theirs, without other permission than the privilege attaching to their commission.

I have the honour to be, Sir, &c.

Ordre à tous les Capnes de milice pour défendre de chasser à travers les terres ensemencées et les prairies.

Malgré la bonne volonté avec laquelle chacun devrait être porté à conserver les grains & les fourrages que la Providence promet aux habitans de ce Gouvernement, il nous est parvenu que plusieurs personnes préférant leur plaisir particulier au bien public, vont à travers les terres ensemencées & les prairies dont le foin est presque mur, pour suivre leur gibier. C'est abuser de la permission que nous leur avons donné de se servir de leurs armes. Nous défendons donc à toutes personnes quelconques, sous peine d'amende & autre punition, de chasser à travers les terres ensemencées, & les prairies dont le foin n'est pas encore coupé. Ordonnons à tous officiers de milice de tenir la main à l'éxécution du présent ordre, & de nous faire un rapport exact des contrevenans. Donné aux Trois Rivières, ce 26 juillet 1761.

Order to all the captains of militia to forbid hunting across sown fields and meadows. July 26.

By His Excellency Ralph Burton, Esquire, Colonel of a Regiment of Infantry, Governor of the town and Government of Trois-Rivières &c.

In spite of the goodwill with which every person should be moved, to preserve the grain and forage which Providence promises to the inhabitants of this Government, it has come to our knowledge that several persons preferring their private pleasure to the public welfare, go across the sown fields and meadows the hay on which is almost ripe, in pursuit of game. This is an abuse of the permission which We have given them to make use of their arms.

We forbid therefore all persons whatsoever, under penalty of a fine and other punishment, from hunting across sown fields, and meadows, the hay upon which is not yet cut. We order all officers of militia to give attention to the execution of the present order, and to make to us a strict report of all offenders.

We repeat these orders and forbid, under pain of a fine and confiscation of the provisions, the selling to any huckster, without permission on our part, and order the inhabitants, when one presents himself to them to buy, to have their captain or the nearest officer of militia notified at once, in order that the latter may examine the permits in virtue of which they are acting.

Be it known, &c., to all Canadians, and other subjects of His Majesty in the whole extent of our Government, that His said Majesty Our Sovereign Lord and King has been pleased to make the following declaration to his Council assembled at St. James' Palace in London, on the 8th day of July 1761, in these terms:—

"Having nothing so much at heart as to procure the welfare and happiness of my people, and to render the same stable and permanent to posterity, I have, ever since my accession to the throne, turned my thoughts towards the choice of a princess to share my throne; and I now, with great satisfaction, acquaint you, that, after the fullest information, and mature deliberation, I am come to a resolution to demand in marriage the princess Charlotte of Mecklenburgh Strelitz; a princess distinguished by every eminent virtue and amiable endowment, whose illustrious line has constantly shewn the firmest zeal for the protestant religion, and a particular attachment to my family. I have judged proper to communicate to you these my intentions, in order that you may be fully apprised of a matter so highly important to me, and to my kingdoms, and which, I persuade myself, will be most acceptable to all my loving subjects."

Placard pr défendre d'aller au devant des têtes de boule avec des marchandises.

Ralph Burton, Ecuyer, Colonel &c &c &c

Savoir faisons &a qu'il nous est parvenu que quelques particuliers de cette ville & Gouvernement avaient envoyé des marchandises audevant de la nation Sauvage, appelée têtes de boule, dans les profondeurs, & avaient par ce moyen empêcher cette nation de descendre faire la traite ouvertement aux Trois Rivières. La visite que nous avons reçue ces jours derniers de quelques-uns de ces sauvages, nous a confirmé la vérité du rapport qui nous avait été fait.

Une pareille conduite est contraire à l'intention du Gouvernement anglais, qui veut que le commerce soit libre et ouvert à toutes personnes. Nous sommes de plus persuadés que ceux dont l'avarice les a portés à faire ce commerce avaient en vue de tirer avantage de l'ignorance de ces peuples, & que pour y parvenir et retenir cette nation crédule & craintive ils leur ont tenu des discours injurieux à l'honneur de la nation anglaise,—crime qui mériterait une punition exemplaire & qui serait sûrement puni si les coupables étaient connus avec certitude.—

Pour empêcher que pareille chose n'arrive à l'avenir, nous défendons très-expressément à toutes personnes quelconques de remonter avec des marchandises les rivières par lesquelles les têtes de boules ont coutume de descendre pour faire la traite de leur pelleteries, sous peine de confiscation des dites marchandises & autres punitions. Voulons que le commerce avec la dite nation soit libre & ouvert à toutes personnes, ainsi que nous l'avons fait entendre aux dits Sauvages, dans la dernière visite qu'ils nous ont rendue. Ordonnons que le présent placard soit lû, publié & affiché à la manière accoutumée afin que personne ne puisse prétendre en ignorer.

Proclamation prohibiting the meeting of the Têtes de Boule with merchandise before they reach the market. 1761 October 11.

Ralph Burton Esquire, &c. &c. &c.

Be it known &c that we have been informed that certain individuals of this town and government have sent merchandise to meet the Indian nation called the Têtes de Boule in the wilds and have, by this means, forestalled this nation in their descent for the purposes of trading openly at Trois-Rivières. A visit which we have received within the last few days from some of these Indians has confirmed the truth of the report which had been made to us.

Such conduct is contrary to the intention of the English government, which desires that the trade may be free and open to all persons. We are, moreover, persuaded that those whose avarice has led them to trade in this way have it in view to take advantage of the ignorance of these peoples, and that, in order to succeed therein and to hold to themselves this credulous and timid nation, they have used language injurious to the honour of the English nation, a crime which would deserve exemplary punishment, and which would surely be punished, if the guilty parties were known with certainty.

To prevent such a thing from happening in the future we most expressly forbid all persons whatever, from ascending with merchandise the rivers by which the Têtes de Boule are accustomed to come down to carry on trade with their peltries, under penalty of confiscation of the said merchandise, and other punishments.

We will that the trade with the said nation may be free and open to all persons, as We have made the Indians understand, on the last visit which they made to us.

We order that the present proclamation be read, published and posted up in the customary manner, to the end that no person may plead ignorance of it.

To all the captains of militia respecting Coureurs de Côtes (hucksters.) January 30.

Sir/

You must have understood from the published placards, which have been repeated, that His Excellency did not desire to countenance the trade, which is carried on by strolling hucksters; Notwithstanding these, it has been reported to him that, in spite of his wish and his prohibitions, there are roaming about, from time to time, persons, who with permits from the Government of Quebec, trafficked for a fortnight in one parish, and from there went off into another. You are again directed to have this sort of trade stopped, and to have the notices of His Excellency carried into effect.

For this purpose, when you learn of the arrival of some of these *coureurs de côtes* in your parish, you will have them summoned to appear before you and you will require them to produce their permits and passports, and when you do not see upon them the signature of His Excellency or of myself by his order, you will signify to those people the orders which you have received and order them to quit your parish within the space of 24 hours, forbidding them nevertheless to traffic during the said time. The whole under penalty of the seizure of their wares. If, after these orders on your part, they persist in remaining beyond the time fixed, you are enjoined to have their effects seized and put in safekeeping, in some part of your house or wherever you consider necessary, under lock and key, and to send here as soon as possible your report of what you have done, accompanied by the men whose goods you have seized and a memorandum of their quantity and nature.

You will observe that, if permits are issued here to go into the parishes, they will be in French, and that if the said *coureurs de côtes* produce to you a permit in English from Mr. Murray or his secretary, and this permit bears a marginal note from me likewise in English, this note contains a prohibition to traffic and not a permit.

Il a plu à Son Excellence M[r] le Ch[er] Jeffery Amherst, Maréchal des Camps & armées, commandant en chef des troupes de Sa Majesté Britannique en Amérique, de nous envoyer copie d'une lettre qui lui a été adressée par Mylord Egremont, Sécretaire d'état de la Grande Bretagne, en date de Whitehall du 12 Décembre 1761. Elle renferme les ordres gracieux de Sa Majesté pour ses conquêtes dans l'Amérique Septentrionale. Sa bonté & sa bienfaisance envers ses nouveaux sujets y sont exprimés d'une façon trop flateuse pour ne pas répandre la joie dans leurs cœurs, & exciter en eux tous les sentimens de reconnaissance & d'attachement qu'une pareille attention à leur bonheur doit naturellement produire. C'est dans cette persuasion que nous nous faisons un plaisir sensible d'en donner connaissance à tous les habitans de notre Gouvernement & que nous voulons que les intentions de Sa Majesté leur soient communiquées dans les propres termes qui composent la lettre ci-dessus mentionnée.

Mylord Egremont après avoir applaudi de la manière la plus ample et la plus gracieuse, de la part du Roi, à la prudence des arrangements faits par Son Excellence M[r] le Ch[er] Amherst pour le Gouvernement du Canada, & ses ordres donnés en conséquence aux Gouverneurs de Québec, de Montréal & des Trois Rivières, s'exprime ainsi "Sa Majesté remarque, avec "plaisir, la douceur & la bénignité avec laquelle vous offrez également, & "sans partialité, sa protection Royale à tous ses sujets. Letter from the Secretary of State to Sir Jeffery Amherst, respecting the Canadians. 1762 March 19.

By His Excellency &c &c

His Excellency Sir Jeffery Amherst, Field Marshal and Commissioner in Chief of His Britannic Majesty's troops in America, has been pleased to send you a copy of a letter which was addressed to him by Lord Egremont, Secretary of State of Great Britain, dated from Whitehall on the 12th December 1761.

It contains the gracious orders of His Majesty for his conquests in North America. His goodness and benevolence towards his new subjects are expressed therein in a manner too flattering not to spread joy in their hearts and excite in them all the sentiments of gratitude and attachment, which such attention to their happiness would naturally produce. It is in this persuasion that We take a real pleasure in imparting a knowledge of it to all the inhabitants of our government, and that We desire that the intentions of His Majesty may be communicated in the exact terms, which compose the letter above mentioned.

My Lord Egremont, after having praised in the amplest and most gracious manner on the part of the King, the wisdom of the arrangements made by His Excellency, Sir Jeffery Amherst for the government of Canada and his orders given in consequence to the Governors of Quebec, Montreal and Trois-Rivières expresses himself thus:

"His Majesty observes, with Pleasure, the laudable Gentleness and mildness, with which you offer his Royal Protection, indiscriminately to all his subjects, recommending it particularly to the Troops, to live in good Harmony & brotherhood with the Canadians, & as nothing can be more essential to His Majesty's Service, than to retain as many of the French subjects, as may be, & to prevent their leaving their homes to repair to such Colonies, as shall remain in the possession of the French, when those, which are now His Majesty's Conquest, shall be confirmed to him at the Peace, it is the King's pleasure that you should earnestly inforce, to the several Governors above mentioned, the conciliating part of the Instructions, which you have given, and that you Recommend it strongly to them to employ the most vigilant attention, & take the most effectual care that the French Inhabitants (who, as you very properly observe being equally His Majesty's subjects are consequently equally entitled to his

Placard au sujet du commerce avec les Sauvages.

De Par Son Excellence &c &c &c

Il nous a été rapporté de façon à n'en point douter, qu'il y a de petits marchands en Canada, qui pour satisfaire aux basses vues d'un intérêt personnel sont assez méprisable pour mettre en usage toutes sortes d'artifice pour en imposer aux sauvages, & les tromper dans les marchés qu'ils font ensemble. Cette indigne conduite est parvenue jusqu'aux oreilles de Sa Majesté & n'a pas manqué d'exciter toute son indignation.

Or comme les sauvages sont maintenant sujets de Sa Majesté et ont par conséquent le même droit de s'attendre aux avantages de Sa protection, que de plus une conduite aussi injuste en irritant leurs esprits les indispose contre le Gouvernement & leur donne des idées fausses & déshonorantes des commerçans anglais. Nous voulons & ordonnons que tous les sujets de Sa Majesté résidans dans notre Gouvernement, soit anglais ou français, traitent les sauvages avec humanité & fassent affaires avec eux avec cette ouverture & cette probité à laquelle ils ont droit de s'attendre ainsi que tous les autres sujets de Sa Majesté Britannique; et ils peuvent être assurés au cas qu'ils aient de justes sujets de plainte, qu'on leur rendra la justice la plus éxacte, & que les contrevenants au présent ordre seront punis avec sévérité suivant l'éxigence des cas.

Proclamation respecting the Indian Trade. 1762 Mar. 19.

By His Excellency

It has been reported to us, in a manner to put it beyond doubt that there are small traders in Canada who to satisfy low views of personal interest, are contemptible enough to employ all sorts of artifices to impose upon the Indians and deceive them in the dealing they have together. This unworthy conduct has reached the ears of His Majesty and has not failed to excite his utmost indignation. Now, since the Indians are subjects of His Majesty and have consequently the same right to look for the advantages of his protection, since, furthermore, a course of conduct so unjust in irritating their minds indisposes them against the government and gives them false and shameful ideas of the English merchants.

We will and order that all the subjects of His Majesty residing within our government, whether English or French shall treat the Indians with humanity, and carry on transactions with them with that frankness and probity which they as well as all other subjects of His British Majesty have a right to expect; and they may be assured, in case they have just causes for complaint that the strictest justice will be rendered to them and that those disobeying the present order shall be punished with severity according to the exigencies of the case.

Proclamation forbidding the killing of Partridge. 1762 March 19.

By His Excellency &c &c &c.

Having been informed that, from March 20 and July 15, a great destruction of partridge takes place and notably during the time of their mating, by the facility with which they may be killed, they disclosing where they are by the flapping of their wings, and to prevent the continuation of this abuse from which will infallibly result the entire destruction of these birds, which would deprive the public of a great comfort of life.

We forbid all persons, of whatever rank or condition, to kill partridge, from April 1 until August 1, on pain of a fine of $20, for the benefit of the informer, as also to take them by means of a tunnelling-net or snare, or to carry off the eggs, on pain of a fine double that mentioned above, half of which will go to the informer and half to the fabrique of the parish, in which they were taken or carried away. And to remove all temptation which some may have to kill them in the future, during the period limited above, We forbid also, under the same penalty of $20 fine, all sorts of people to sell or buy them during the said period or to bring them into the town or other places in this government.

We require the captains and officers of militia, as well of this town as of the *Côtes* within this Government to give attention to the execution of the present ordinance, which will be read, published and posted up wherever it is necessary, so that no person may be ignorant of it.

& d'autant plus qu'une parfaite harmonie entre la Grande Bretagne et l'Espagne est en tout temps de l'intérêt mutuel de ces deux nations. Nous avons toujours ardemment souhaité entretenir l'amitié la plus étroite avec le Roi d'Espagne, & arranger à l'amiable les différens qui pouvaient s'élever entre nous & cette couronne. Nous avons persisté constamment dans cette vue malgré la partialité évidente des Espagnols pour les français nos ennemis, pendant le cours de cette guerre qui ne s'accordait nullement avec leur neutralité. Et la Cour de la Grande Bretagne n'a cessé de donner des preuves essentielles de son amitié & de son estime pour le Roi d'Espagne & sa famille. Après une conduite aussi amicale & remplie de tant de bonne foi de notre part, nous nous sommes trouvés extrêmement surpris à la vue d'un mémoire présenté le 23 juillet dernier par Mr de Bussy, Ministre Plénipotentiaire de France à un de nos Principaux Secrétaires d'état au sujet des disputes qui subsistent entre nous & la Cour d'Espagne, portant que si ces disputes occasionnent la guerre entre les deux couronnes, la France se trouverait obligée d'y prendre part. Notre surprise augmenta ensuite lorsque le ministre d'Espagne avoua à Notre Ambassadeur à la Cour de Madrid, qu'une démarche aussi extraordinaire & aussi insultante faite par une puissance actuellement en guerre avec nous, s'était faite avec l'approbation & du consentement du Roi d'Espagne, en assurant que ce mémoire n'aurait jamais été présenté si l'on avait pu prévoir qu'il eût été reçu comme une insulte, qu'au reste le Roi d'Espagne était le maître d'arranger ses différens avec la Cour de la Grande Bretagne, sans l'interposition de la France, & qu'il était porté à le faire. Peu de temps après nous eumes la satisfaction d'apprendre par Notre Ambassadeur à Madrid, que sur les bruits qui couraient d'une rupture prochaine, le Ministre d'Espagne avait pris occasion de l'assurer que le Roi son Maître était autant que jamais disposé à cultiver sa bonne intelligence avec nous, & comme l'ambassadeur Espagnol à Notre Cour répétait les mêmes déclarations, nous avons cru qu'il était de notre justice & de notre prudence de ne point en venir à aucune extrémité.—

Mais le tendre intérêt que nous prenons au bien de nos sujets en nous empêchant d'entrer avec précipitation en guerre avec l'Espagne, s'il était possible de l'éviter, nous obligeait nécessairement de nous informer avec certitude des engagemens actuels & des intentions réelles de la Cour d'Espagne. En conséquence nous apprîmes qu'il s'était contracté depuis peu des engagements entre les Cours de Madrid et de Versailles, & peu après les ministres de France eurent soin de répandre adroitement dans toute l'Europe que le but de ces engagements était offensif envers la Grande Bretagne, & que l'Espagne était sur le point d'entrer en guerre, sur quoi nous ordonnames à notre Ambassadeur de demander, de la façon la plus amicale, communication des traités conclus depuis peu entre la France & l'Espagne, ou des articles qui avaient particulièrement rapport aux intérêts de la Grande Bretagne, s'il y en avait, ou enfin une assurance positive qu'il n'y en avait aucuns qui fussent incompatibles avec la bonne amitié qui éxistait entre nous & la Couronne d'Espagne. Nous fûmes extrêmement surpris & peinés d'apprendre que le Ministre Espagnol avait évité de répondre à une demande aussi raisonnable & s'était servi de raisonnemens & d'insinuations qui paraissaient découvrir des intentions d'hostilité, & comme nous reçumes en même temps des intelligences certaines que l'Espagne faisait de grands armemens par mer & par terre, nous jugeames qu'il était indispensablement nécessaire d'essayer encore une fois s'il serait possible d'éviter d'en venir à une rupture. En conséquence nous donnâmes ordre

calamities from being extended still farther, and because the most perfect harmony between Great Britain and Spain is, at all times, the mutual interest of both nations, it has been our earnest desire to maintain the strictest amity with the King of Spain, and to accommodate the disputes between us and that crown in the most amicable manner. This object We have steadily pursued, notwithstanding the many partialities shewn by the Spaniards to our enemies the French, during the course of the present war, inconsistent with their neutrality; and most essential proofs have been given of the friendship and regard of the court of Great Britain for the King of Spain and his family.

After a conduct so friendly, and so full of good faith, on our part, it was matter of great surprise to us, to find a memorial delivered on the twenty-third day of July last, by Monsieur de Bussy, Minister Plenipotentiary of France, to one of our Principal Secretaries of State, expressly relating to the disputes between us and the crown of Spain; and declaring, that, if those objects should bring on the war, the French King would be obliged to take part therein. Our surprise was encreased, when afterwards, this unprecedented and offensive step, made by a power in open war with us, was avowed by the Spanish Minister to our Ambassador at Madrid, to have been taken with the full approbation and consent of the King of Spain. But as this avowal was accompanied with the most becoming apologies on the part of the King of Spain, and with assurances, that such memorial never would have been delivered, if it had been foreseen that we should have looked upon it in an offensive light; and that the King of Spain was at liberty, and ready, to adjust all his differences with Great Britain, without the intervention, or knowledge, of France; and soon after, we had the satisfaction to be informed by our Ambassador at Madrid, that the Spanish Minister, taking notice of the reports industriously spread of an approaching rupture, had acquainted him, that the King of Spain had, at no time, been more intent on cultivating a good correspondence with us; and as the Spanish Ambassador at our court made repeated declarations to the same effect; We thought ourselves bound, in justice and prudence, to forbear coming to extremities.

But the same tender concern for the welfare of our subjects, which prevented our accelerating precipitately in a war with Spain, if it could possibly be avoided, made it necessary for us to endeavour to know with certainty, what were the engagements, and real intentions of the court of Spain. Therefore, as We had information, that engagements had been lately contracted between the courts of Madrid and Versailles; and it was soon after industriously spread throughout all Europe, by the Ministers of France, that the purport of those engagements was hostile to Great Britain, and that Spain was on the point of entering into the war; We directed our Ambassador to desire, in the most friendly terms, a communication of the treaties lately concluded between France and Spain; or of such articles thereof as immediately related to the interests of Great Britain, if any such there were; or, at least, an assurance that there were none incompatible with the friendship subsisting between us and the crown of Spain. Our astonishment and concern was great, when We learnt, that, so far from giving satisfaction upon so reasonable an application, the Spanish Minister had declined answering: with reasonings and insinuations of a very hostile tendency; and as, at the same time, We had intelligence, that great armaments were making in Spain, by sea and land, We thought it absolutely necessary to try, once more, if a rupture could be avoided: We therefore

1762 Avril

à Notre Ambassadeur de demander d'une façon polie mais ferme, si la Cour de Madrid avait intention de se joindre aux français nos ennemis dans leurs actes d'hostilité contre la Grande Bretagne; ou si elle se proposait de se départir de sa neutralité, & en cas qu'il s'apperçût que le ministre espagnol évita de donner une réponse claire & précise, il avait ordre d'insinuer que son refus de répondre précisément à une demande aussi raisonnable donnerait lieu de penser que le Roi d'Espagne avait pris parti contre nous, ou qu'il était résolu de le faire, ce qui serait regardé comme un aveu de ses intentions ennemies, & équivalent à une déclaration de guerre, auquel cas il avait ordre de quitter incessamment la Cour de Madrid. Le refus positif que la Cour d'Espagne fit de donner la moindre satisfaction à des demandes aussi raisonnables de notre part, & la déclaration solennelle, que le Ministre Espagnol fit en même temps, que l'on regardait la guerre comme actuellement déclarée, prouve clairement que la résolution d'agir offensivement était décidement & si fermement prise, qu'il n'était plus possible de la cacher ou de la nier.—

Le Roi d'Espagne ayant donc jugé à propos, sans aucune provocation de notre part, de regarder la guerre comme déjà commencée contre nous, & l'ayant en effet fait déclarer à Madrid, nous espérons que par la protection du Dieu Tout-Puissant, en égard à la justice de notre cause, & l'aide de nos bons & fidèles sujets, nous nous trouverons en état d'arrêter & de défaire les desseins ambitieux qui ont formé la présente alliance entre les deux branches de la maison de Bourbon, qui donnent naissance à une nouvelle guerre, & menacent l'Europe des plus fatales suites. En conséquence nous avons jugé à propos de déclarer & Nous déclarons dès à présent la guerre au dit Roi d'Espagne, & conformément à cette déclaration, nous sommes résolus de continuer avec vigueur cette guerre qui intéresse si intimement l'honneur de notre couronne, le bien de nos sujets & la prospérité de cette nation dont la conservation & l'appui feront en tout temps l'objet le plus cher de notre attention. Et Nous voulons & ordonnons par ces présentes à tous nos généraux & commandans de nos troupes, aux personnes commises à l'éxécution de la charge de Grand Amiral de la Grande Bretagne, à nos lieutenans dans les différentes provinces, à nos Gouverneurs des forts & des citadelles, & à tous autres officiers & soldats soumis à leur commandement tant par mer & par terre, en conséquence de la présente guerre, de faire & d'éxécuter tous actes d'hostilité contre le dit Roi d'Espagne, ses vassaux & sujets, & de s'opposer à leurs entreprises. Nous voulons et ordonnons à tous nos sujets de faire attention à la présente déclaration, leur défendant très-expressément d'entretenir à l'avenir aucune correspondance ou d'avoir communication avec le Roi d'Espagne ou ses sujets, et Nous commandons par ces présentes à tous nos sujets, & donnons avis à toutes autres personnes de telle nation qu'elles soient, de ne point transporter aucuns soldats, armes, poudre, amunition ou autres effets de contrebande, sur les terres, territoires, colonies, établissements & pays appartenant au d. Roi d'Espagne, déclarant que tout vaisseau ou bâtiment qui sera trouvé chargé de soldats, armes, poudre, amunition ou autres effets de contrebande destinés pour les terres, territoires, colonies, établissemens & pays appartenans au d. Roi d'Espagne, seront pris, saisis & condamnés comme de bonne prise. Et comme il se peut trouver plusieurs sujets de Sa Majesté Espagnole, habitués & établis dans nos Royaumes, Nous déclarons par ces présentes que notre Royale Intention est, que tous les sujets espagnols qui se comporteront envers Nous avec respect soient protégés & maintenus tant en leurs personnes que dans leurs effets.

directed our Ambassador to ask, in a firm, but friendly manner, whether the court of Madrid intended to join the French, our enemies, to act hostilely against Great Britain, or to depart from its neutrality; and, if he found the Spanish Minister avoided to give a clear answer, to insinuate, in the most decent manner, that the refusing, or avoiding to answer a question so reasonable, could arise only from the King of Spain having already engaged, or resolved to take part against us, and must be looked upon as an avowal of such hostile intention, and equivalent to a declaration of war; and that he had orders immediately to leave the court of Madrid. The peremptory refusal by the court of Spain to give the least satisfaction, with regard to any of those reasonable demands on our part, and the solemn declaration at the same time made by the Spanish Minister, that they considered the war as then actually declared, prove to a demonstration, that their resolution to act offensively, was so absolutely and irrevocably taken, that it could not be any longer dissembled, or denied.

The King of Spain, therefore, having been induced, without any provocation on our part, to consider the war as already commenced against us, which has in effect been declared at Madrid; We trust, that by the blessing of Almighty God on the justice of our cause, and by the assistance of our loving subjects, We shall be able to defeat the ambitious designs, which have formed this union between the two branches of the house of Bourbon; have now begun a new war; and portend the most dangerous consequences to all Europe. Therefore, We have thought fit to declare, and do hereby declare war against the said King of Spain; and We will, in pursuance of such declaration, vigorously prosecute the said war, wherein the honour of our crown, the welfare of our subjects, and the prosperity of this nation, which We are determined, at all times, with our utmost power, to preserve and support are so greatly concerned. And We do hereby will and require our Generals and Commanders of forces, our Commissioners for executing the office of our High Admiral of Great Britain, our Lieutenants of our several counties, Governors of our forts and garrisons, and all other officers and soldiers under them, by sea and land, to do and execute all acts of hostility, in the prosecution of this war, against the said King of Spain, his vassals and subjects, and to oppose their attempts; willing and requiring all our subjects to take notice of the same; whom We henceforth strictly forbid to hold any correspondence or communication with the said King of Spain, or his subjects; and We do hereby command our own subjects, and advertise all other persons, of what nation soever, not to transport, or carry any soldiers, arms, powder, ammunition, or other contraband goods, to any of the territories, lands, plantations, or countries, of the said King of Spain; declaring that whatsoever ship or vessel shall be met withal, transporting, or carrying any soldiers, arms, powder, ammunition, or other contraband goods, to any of the territories, lands, plantations, or countries of the said King of Spain, the same being taken, shall be condemned as good and lawful prize. And whereas there may be remaining in our kingdoms divers of the subjects of the King of Spain, We do hereby declare our Royal intention to be, that all the Spanish subjects, who shall demean themselves dutifully toward us, shall be safe in their persons and effects.

Proclamation respecting the Trade with the Têtes de Boule Indians. May 28.

By us Frederick Haldimand Esquire Colonel of Infantry, Commander of the Town and Government of Trois-Rivières and of His Majesty's troops within the limits of the said Government.

The trade with the Têtes de Boule is one of the chief resources of the inhabitants of this town and government. It would therefore be proper to endeavor to induce this Indian nation to bring their peltries here. It appears to us that the surest means of attaining that end is to give to this trade all the security and liberty possible.

To this effect, We repeat the prohibitions before made to all persons against going to meet the said Indians and thereby preventing them from coming to the public market. We require, furthermore, that immediately

outre qu'aussitôt l'arrivée des sauvages leurs pelleteries soient déposées en gros à l'endroit accoutumé, sur le haut de la côte, vis-à-vis la maison du Sieur de Francheville où après avoir préalablement prelevé les crédits qu'ils auront reçus dans les voyages précédens, & qui seront dûment enrégistrés au Secretariat, elles seront exposées en vente publique, & toute personne quelconque reçue & admise à faire avec les dits sauvages tels marchés qu'il jugera le plus convenable.—

L'heure du marcher après l'arrivée des dits sauvages sera notifiée à tous les marchands bourgeois de cette ville par cri public.

Il est défendu à qui que ce soit d'attirer avant l'heure dudit marcher les sauvages dans sa maison pour y faire aucun marcher particulier, sous peine de vingt piastres d'amende, & de confiscation des pelleteries qu'il aura ainsi acquises.

La Poudre est un article nécessaire pour la traite des sauvages, et comme la vente en est particulièrement attribuée à un seul Marchand de cette ville, Nous faisons savoir à tous les marchands & bourgeois de cette ville que pour faciliter la dite traite & la rendre d'un avantage commun à tous, nous fixerons à l'arrivée de chaque parti sauvage la quantité que nous jugerons à propos qu'il leur soit vendue, laquelle sera également repartie entre les commerçans de cette ville qui en conséquence se muniront à l'ordinaire d'ordres pour autoriser le dit marchand à leur en donner en payant le prix ordinaire la quantité qui sera spécifiée par les ordres susdits.

Et Pour prévenir les mauvaises suites l'yvrognerie des dits sauvages, défaut auquel ils ne sont que trop enclins, Nous défendons sous peine de punition arbitraire suivant l'exigence du cas, à qui que ce soit de leur donner aucune liqueur forte avant la fin du dit marcher public, & même de leur en procurer une trop grande quantité en retour de leurs pelleteries, d'autant plus que cette sorte d'échange les empêche de se pourvoir des autres choses qui leur sont nécessaires pour la chasse, qui seule peut établir & augmenter leur commerce avec les habitans de cette colonie.

on the arrival of the said Indians, their peltries be deposited in bulk at the usual place on the top of the hill opposite the house of Mr. de Francheville, where, after having settled for the credits which they may have received on previous trips, and which will be duly registered at the secretary's office, they will be offered for public sale, and any person whatever will be allowed to make with the said Indians such bargains as they deem most suitable. 1762 May

The hour for the market after the arrival of the said Indians will be announced to all the merchants and citizens of this town by the public crier.

It is forbidden to any person whatsoever to attract, before the hour for the said market, the Indians into his house to make any private bargain, under penalty of a twenty dollars' fine, and of confiscation of the peltries which he may thus have obtained.

Gunpowder is a necessary article for the trade with the Indians, the sale of which is entrusted to a single merchant of this town, We make it known to all merchants and citizens of this town that in order to facilitate the said trade and render it of equal advantage to all, We shall, on the arrival of each party of Indians, fix the quantity which We judge it necessary to be sold to them, which quantity will be distributed equally among the merchants of this town, who will, in consequence, provide themselves as usual with orders to authorize the said merchant to deliver to them, on payment of the ordinary price, the quantity specified in the said orders.

And to prevent the evil consequences of drunkenness among the said Indians, a weakness to which they are only too prone, We forbid under penalty of arbitrary punishment in accordance with the exigencies of the case, any person whatsoever to give them any strong liquor before the close of the public market, or even to procure for them too great a quantity, in return for their peltries, more particularly as this sort of exchange prevents them from providing themselves with other things which are necessary to them for the chase, which alone can establish and increase their trade with the inhabitants of this colony.

Monsr,

Vous devez avoir reçu & publié le 23 Avril dernier un placard par lequel il est défendu de donner l'abandon aux animaux & bestiaux jusqu'à la St Michel, sous peine d'une demie piastre d'amende, cela aurait dû naturellement engagé les habitans à faire faire les clôtures de la commune pour éviter de s'exposer à l'amende ci-dessus. J'ai été surpris d'apprendre par plusieurs lettres que la clôture de votre commune n'avait point été faite & les guérets des environs se trouvaient exposés. Vous ferez donc sommer sur la présente les habitans de faire faire ladite clôture le plûtot que faire se pourra, sous les peines ordinaires & vous les avertirez en même temps que les animaux qui se trouveront dans les champs voisins seront à l'avenir arrêtés & retenus pour l'amende sans aucune rémission ni distinction.

Placard pour établir des chambres d'audience pour l'administration de la justice.

De Par Nous Frederick Haldimand, Ecuyer, Colonel d'infanterie, Commandant la ville & Gouvernement des 3 Rivières & les troupes de Sa Majesté dans l'étendue du dit Gouvernement.—

Cherchant avec zèle les moyens de rendre l'administration de la justice dans les campagnes du Gouvernement, qui nous est confié pour le temps présent, plus prompte, plus aisée, & moins couteuse, à ceux qui seront dans l'obligation d'y recourir, nous avons fait le présent règlement que nous voulons être suivi suivant sa forme & teneur.—

SESSIONAL PAPER No. 29a

To Mr. Sicard, Captain of Militia of Maskinongé respecting cattle enclosures. 1762 May 31.

Sir/ You must have received and published on the 23rd April last a placard by which it was forbidden to allow animals and cattle to run at large until Michaelmas, on pain of half a dollar fine. That should naturally have led the inhabitants to have enclosures made on the common, to avoid exposing themselves to the above fine. I have been surprised to learn by several letters that the enclosure of your common has not been made and the fields thereabouts are exposed. You will therefore, on receipt of the present, order the inhabitants to have the said enclosure built as soon as possible under the ordinary penalties, and you will warn them at the same time that the animals found in the neighboring fields will in the future be stopped and impounded until the fine is paid, without remission or distinction.

De Par Nous Frederick Haldimand &c &c &c

L'incendie malheureux qui vient de consumer une partie de la Basseville s'est passé sous vos yeux. Les craintes qui agitaient chacun des habitans de cette ville pendant son ravage, ont sans doute fait place à la compassion pour ceux qui en ont été les victîmes, & ont fait naître dans le cœur de tous un désir sincère de les soulager chacun suivant ses facultés. Trop heureux d'y être échappé soi-même, & de pouvoir en témoigner en partie sa reconnaissance à la providence qui vous a préservé par des œuvres de charité, Nous pensons que vous n'attendez qu'à être instruits de l'endroit où vous pouvez déposer les preuves de votre humanité & de votre compassion pour les y porter avec empressement. By Us, Frederick Haldimand &c &c.

The unfortunate fire which has just consumed a part of the lower town has taken place under our eyes. The fears, which agitated every one of the inhabitants of this town during its ravages, have beyond doubt given place to compassion for those who have been its victims, and have aroused in the hearts of all a sincere desire to relieve them, each according to his means, too happy in having escaped himself, and to be able to testify to some extent by works of charity his gratitude to Providence who has preserved him. We feel sure that you are only waiting to be informed of the place, where you may deposit the proofs of your humanity and of your compassion, to carry them there eagerly. We therefore have pleasure in acquainting you that Messrs. De Par Nous Frederick Haldimand, &c &c &c

Le feu vient encore de passer par la ville des Trois Rivières, le 4e du présent mois. Toute la vigilance & l'activité que l'on a employé pour arrêter le progrès de ce terrible fléau, n'ont pu empêcher que les flammes n'aient dévoré cinq maisons entières, tous les hangards & fournis qui en dépandaient, ainsi que les meubles, marchandises & effets qui y étaient renfermés; ces maisons sont positivement celles qui par leur proximité de la grève servaient de retraite aux habitans des campagnes, lorsque leurs affaires les attiraient en ville. Les propriétaires et locataires sont réduits à la dernière misère.—

Nous sommes trop persuadés des sentimens d'humanité, de religion, & de compassion qui doivent remplir le cœur des habitans de ce Gouvernement envers leurs frères & compatriotes pour croire qu'il faille les éxciter par des réprésentations étudiées. Nous pensons qu'il suffit de leur annoncer que cet accident est arrivé, que plusieurs personnes en souffrent qu'elles ont besoin d'un secours prompt et réel, & que nous avons donné nos instructions à tous les Capnes de milice de s'informer chacun dans leur endroit des secours qui leur paraisse se propose d'envoyer aux incendiés, soit en planches, madriers, bois de charpente, argent, ou autrement, dont ils nous enverront la liste au plutôt.—

Public notice published in the country parts, respecting fires.

By Us, Frederick Haldimand &c &c &c.

Fire has again just passed over the town of Trois-Rivières on the 4th of the present month. All the vigilance and activity that were employed to check the progress of this terrible scourge, were not able to prevent the flames from devouring five entire houses, all the sheds and buildings annexed to them, as well as the furniture, merchandise, and effects which they contained. They are the houses which by their proximity to the beach, served as a resting place for the inhabitants of the country, when their business drew them to town. The proprietors and tenants are reduced to the greatest misery.

We are too persuaded of the sentiments of humanity, religion, and compassion, which must fill the hearts of the inhabitants of this government towards their brothers and fellow countrymen, to believe that it is necessary to arouse them by elaborate representations. We are of opinion that it is sufficient to announce to them that this accident has happened, that many persons have suffered from it, that they have need of prompt and material assistance, and that We have given our instructions to all the captains of militia to enquire, each in his own place, respecting the aid which their parish proposes to send to those who have suffered by the fire, whether in boarding, timber, framing wood, money or otherwise, of which they will send us the list as soon as possible.

Proclamation of the suspension of the administration of justice until September 5 next, and which allows the crown (écu) of France to circulate at the rate of 6 livres 12 sous. 1762 August 7.

By Us, Frederick Haldimand, &c &c.

The harvesting of the grain, the cutting of the hay and other works indispensably necessary in the country parts during this season must hold and occupy all the inhabitants of this government on their lands. To prevent the inconvenience, which the illwill or the litigious disposition of certain persons might occasion, We deem it proper to suspend the administration of justice entrusted to the courts established in the different districts of our government by our proclamation of June 5 last, and We desire that the said courts be closed and their sittings suspended until the fifteenth of the month of September next, on which day they will resume the exercise of their functions in the customary manner, as heretofore. And We likewise inform all the inhabitants of this government, merchants and others, that to facilitate trade, and to place the money in circulation on the same footing as in the governments of Montreal and Quebec, We permit, computing from this day, the French crown which is given for one dollar, to pass and have currency within the entire limits of this government for the sum of six livres twelve sous (French) or five shillings, six sous (Halifax currency), the rate at which it is received in the governments of Montreal and Quebec.

Sur les réprésentations qui nous ont été faites que le grand chemin de poste traversant le Gouvernement des 3 Rivières pour aller de Montréal à Québec, était trop étroit en plusieurs endroits du Gouvernement, ce qui cause le retardement des couriers & voyageurs, lorsque plusieurs voitures se rencontrent & donnent lieu à des mares d'eau & à des bourbiers qui gâtent entièrement les chemins après la chûte des pluies ou à la fonte des neiges. Ayant considéré l'avantage du public, Nous voulons & ordonnons que le grand chemin de Roi et conduisant de Montréal à Québec, soit à l'avenir dans l'étendue de ce Gouvernement de trente pieds de large entre les clôtures ou les bois, & que pour l'égout des eaux il soit fait dans tous les endroits nécessaires un fossé sur les côtés du dit chemin, voulant que ces fossés soient de trois pieds de large à fleur de terre, & de deux pieds et demi de profondeur, observant d'en jeter la terre sur le milieu du grand chemin pour le relever & lui donner une pente douce pour l'écoulement des eaux vers les dits fossés.—

Ordinance to have the King's highway made 30 feet wide with ditches on the sides of the said road. October 2.

By Us, Frederick Haldimand, &c &c.

On representations which have been made to us, that the King's post-road, passing through Trois-Rivières for travel from Montreal to Quebec is too narrow in several places of the government, which occasions delay to couriers and travellers when several carriages meet, and causes the water to gather in pools and make mud, which spoils the roads entirely after rain falls or the melting of the snow, having considered the advantage of the public, We will and ordain that the King's highway leading from Montreal to Quebec be, in future, within the limits of this government, thirty feet wide between the fences or the woods, and that for the draining off of the water, there be made in all necessary places, a ditch on each side of the said road, desiring that these ditches be three feet wide, level with the ground, and two and a half feet in depth, having the earth from them thrown on to the middle of the road to raise it and give it a gentle slope for draining off the water to the said ditches. We require and direct all captains of militia of the *côtes,* to have the work started without delay on the said road, by all the militiamen of their companies, whether they dwell along the said road or not, until it is finished and complete, after which each person will keep it up on his own frontage, according to custom.

Sir/ You will be good enough, as soon as you receive this, to make a census of the grain gathered in your parish during the last harvest, and to send a report of it to the government as soon as it will be possible for you.

Proclamation of the suspension of hostilities by land and sea, settled between His Britannic Majesty, the Most Christian King, and His Catholic Majesty, with order to conform thereto. 1763 February 15.

GEORGE R.

Be it known that the preliminaries of the peace have been signed at Fontainebleau on the third day of the present month by our Ministers, those of His Most Christian Majesty and those of His Catholic Majesty, and to put an end as promptly as possible to the misfortunes of war, We, His Most Christian Majesty and His Catholic Majesty are agreed upon the following articles, to wit:

That, as soon as the preliminaries are signed all hostilities shall cease by land and by sea.

And in order to prevent all causes of complaint and dispute which may arise on account of ships, merchandise and other effects which may be taken by sea, we are reciprocally agreed that the ships, merchandise, and effects which may be taken in the Channel, and in the North Seas, after the space of twelve days, to be computed from the ratification of the present preliminary articles, and six weeks after the said ratification, beyond the Channel, the British Seas or the North Seas as far as the Canary Islands either in the ocean or in the Mediterranean sea, and within the space of three months beyond the said Canary Islands as far as the Equinoctial line, and lastly after the space of six months in all other places beyond the said Equinoctial line in all parts of the world without any exception or other more particular distinction of time and place, shall be reciprocally restored on each side.

1763 On fait pareillement à savoir que la dite ratification des articles préliminaires a été signée & passée en bonne forme par nos Plénipotentiaires, ceux de S.M.T.C. & ceux de Sa Majesté Catholique, à Versailles, le vingt deux du présent mois de Novembre, duquel jour commenceront les délais ci-dessus mentionnés, de douze jours, six semaines, trois mois et six mois pour la restitution de tous vaisseaux, marchandises et autres effets pris en mer.

Nous avons jugé à propos de l'avis de notre conseil privé de faire publier la présente à tous nos bons et loyaux sujets, & nous enjoignons & commandons très expressément à tous nos officiers, tant de mer que de terre, et à tous nos autres sujets quelconques de cesser tous actes d'hostilité par mer & par terre envers Sa Majesté très-Chrétienne & Sa Majesté Catholique, leurs vaisseaux ou sujets depuis et après les délais ci-dessus marqués, & ce sous peine de toute notre disgrâce. Car telle est notre royale volonté & notre bon plaisir.—

Lettre à tous les Capitaines de milice au sujet du retour de Mr Burton.

Monsieur,

Le Placard du huitième Mai dernier vous a annoncé, & à tous les habitans de votre paroisse qu'il plaisait à la Cour que je m'absentasse pour quelque temps de mon Gouvernement des Trois Rivières. J'ai maintenant la satisfaction de vous faire part de mon retour, & de me réjouir avec vous du succès dont la providence a couronné l'expédition où j'ai eu l'honneur d'être appelé. Les témoignages que M^{r} le Colonel Haldimand, Gouverneur pendant mon absence, m'a rendu de la soumission & de la bonne conduite des habitans de votre paroisse m'a rempli de joie. Je ne doute point que votre attention & votre vigilance pour prévenir & arrêter tout ce qui pourrait porter atteinte au bon ordre, conjointement avec vos officiers, ne contribue efficacement à assurer cette tranquillité dont je souhaite sincèrement que tous les habitans de ce Gouvernement jouissent sans interruption. Ils peuvent être assurés, & particulièrement ceux de votre paroisse, que je me ferai toujours un devoir & un plaisir de veiller à leur procurer tous les avantages qu'ils ont lieu d'espérer d'un gouvernement juste & doux, tant qu'ils continueront à le mériter par leur conduite.

Vous ferez ou ferez faire lecture de la présente, Dimanche prochain, à l'issue de la messe paroissiale, ou par assemblée de votre compagnie chez vous, au cas qu'il n'y ait pas de service divin ce jour là dans votre Paroisse, afin qu'aucun habitant n'en ignore, & vous leur donnerez les assurances sincères de ma protection.

J'ai l'honneur d'être,

Be it likewise known that the said ratification of preliminary articles 1763

Letter to all the captains of militia respecting the return of Mr. Burton. March 11.

Sir/ The proclamation of May 18 last announced to you and to all the inhabitants of your parish that it had pleased the Court that I should absent myself for some time from my government of Trois-Rivières. I have now the satisfaction to inform you of my return, and to rejoice with you on the success with which Providence had crowned the expedition to which I had the honour to be called. The testimony which Colonel Haldimand, Governor during my absence, has rendered to me of the submission and good conduct of the inhabitants of your parish has filled me with joy. I have no doubt that your attention and watchfulness to forestall and check all that might threaten good order, in co-operation with your officers has contributed effectively to assure that tranquillity, which I desire sincerely to see all the inhabitants of this Government enjoy without interruption; they may be assured and, in particular, those of your parish, that I shall always make it my duty and pleasure to be alert to procure for them all the advantages which they have reason to expect from a just and mild Government, so long as they continue to deserve it by their conduct.

You will read, or cause to be read the present, next Sunday, at the close of the parochial mass, or by assembling your company at your house, in case there should be no divine service that day, in your parish, to the end that no person may be ignorant of it, and you will give them the sincere assurance of my protection.

De Par Son Excellence Ralph Burton, Ecuyer, Brigadier Général, Colonel du quatre vingt quinzième Régiment d'infanterie, Gouverneur de la ville et Gouvernement des Trois Rivières &c &c &c

Jugeant nécessaire pour l'avantage public de renouveller l'ordre que nous avons donné le 19e Mars 1762 pour la conservation des perdrix dans toute l'étendue de ce Gouvernement.

Nous défendons à toutes personnes de quelque qualité & condition qu'elles soient de tuer des perdrix depuis la présente publication jusqu'au premier Août à peine de vingt piastres d'amende applicable au dénonciateur, comme aussi de les prendre à la tonnelle ou au collet, & d'en enlever les œufs sous peine d'une amende du double de celle ci-dessus marquée, applicable moitié au dénonciateur & moitié à la Fabrique de la paroisse sur laquelle elles auront été prises & enlevées. Et pour ôter entièrement l'envie que quelques-uns peuvent avoir d'en tuer à l'avenir, pendant l'espace de temps ci-dessus marquée, Nous défendons aussi sous la même peine de vingt piastres d'amende à toutes sortes de personnes d'en vendre ou acheter pendant le dit temps, & d'en apporter dans la ville ni autres lieux de ce Gouvernemens.

Enfin nous ordonnons qu'aussitôt que la terre sera découverte, les ponts, chaussés & chemins soient réparés ou refaits dans toute l'étendue de ce Gouvernement en la manière accoutumée; observant néanmoins que le grand chemin de Roi allant de Québec à Montréal, & passant à travers ce Gouvernement soit de trente pieds de large entre les clotures ou les bois avec des égouts pour les eaux & fossés aussi sur les côtés dudit chemin, dans les endroits nécessaires, ainsi qu'il est ordonné par le placard du 2e Octobre dernier.

Mandons & ordonnons à tous les Capitaines de milice des côtes de ce Gouvernement de tenir exactement la main à l'éxécution du présent placard, de faire travailler au dit chemin par tous les miliciens de leurs compagnies soit qu'ils demeurent sur le dit chemin ou non jusqu'à ce qu'il soit fait & parfait, après quoi chacun l'entretiendra sur sa devanture dans cette même proportion ainsi que de coutume.

SESSIONAL PAPER No. 29a

Proclamation respecting partridges, bridges, and roads, and the enclosure of animals and cattle. 1763 April 15.

By His Excellency Ralph Burton, Esq. Brigadier General, Colonel of the 95th Regiment of Infantry, Governor of the Town and Government of Trois-Rivières, &c., &c., &c.

Deeming it necessary for the public welfare to renew the order which we gave on March 19, 1762, for the conservation of partridge within the entire limits of our Government.

We forbid all persons, of whatever quality or condition, to kill partridge from the publication of the present until August 1, on pain of twenty dollars' fine, which shall be assigned to the informer, as also to tunnel or ensnare them, and to remove their eggs, on pain of a fine double in amount of that above indicated half of which shall be assigned to the informer and half to the funds of the church of the parish, in which they have been taken or carried off. And to remove entirely the desire that some may have of killing them in future, during the period of time above indicated, We forbid also under the same penalty of twenty dollars' fine all classes of persons to sell or buy them during the said time or to bring them into the town or other places in this government.

We likewise, for the preservation of the seed sown, forbid by these presents, all inhabitants or others to allow their animals and cattle to run loose, from the publication of the present until next Michaelmas, under penalty of a fine of half a dollar for each animal or horned beast.

Finally, We order that, as soon as the ground is cleared, the bridges, and roads may be repaired or remade, within the entire limits of this government, in the customary manner, observing nevertheless that the King's highway running from Quebec to Montreal should be thirty feet wide between the fences or the woods, with runlets for the water and ditches also on the sides of the said road, in the necessary places, as it was ordered by the placard of October 2 last.

We require and order all captains of militia of the *côtes* of this Government to give strict attention to the execution of the terms of the present placard to have the work done on the said road by all the militia men of their companies whether they reside on the line of the said road or not, until it is completed and perfect, after which each one shall keep up that portion on his own front, in the same proportion, as is customary.

Proclamation de la paix. *De Par Son Excellence Ralph Burton, Ecuyer, Brigadier Général, Colonel d'un Régiment d'Infanterie, Gouverneur de la ville & Gouvernement des Trois Rivières &c &c &c.*

Son Excellence, Monsieur le Gouverneur, a la satisfaction de faire savoir à tous les bons & fidèles sujets de Sa Majesté Britannique résidans dans ce Gouvernement, que le très honorable Mylord Egremont Secretaire d'Etat, lui a donné avis par ses dernières dépêches que le traité définitif de la paix entre leurs Majestés, Britannique, Très Chrétienne, & Catholique, avait été signé à Paris, le dix du mois de Février dernier, que l'ambassadeur de Sa Majesté le Roi de Portugal y avait accèdé le même jour, & que les ratifications du dit traité avaient été mutuellement échangées entre les quatre puissances ci-dessus nommées le dix du mois de Mars aussi dernier. Ayant donc plu au Tout Puissant de répandre l'Esprit d'union & de concorde sur les princes dont les divisions avaient porté le trouble dans les quatre parties du monde, & de leur inspirer le dessein de faire succèder les douceurs de la Paix aux malheurs d'une longue & sanglante guerre: Il a été convenu qu'il y aura une paix chrétienne, universelle & perpétuelle, tant par mer que par terre, & qu'une amitié sincère & constante sera rétablie entre leurs Majestés Britannique très Chrétienne, Catholique, & très fidèle, & entre leurs héritiers, successeurs, Royaumes, états, sujets, et vassaux, de quelque qualité & condition qu'ils soient, en sorte que les hautes parties contractantes apporteront la plus grande attention à maintenir entre elles & leurs états & sujets cette amitié & correspondance réciproque sans permettre que dorénavant on commette de part ni d'autre aucune hostilité par mer, où par terre, sous quelque prétexte que ce puisse être, et qu'il y aura un oubli général de tout ce qui a pu être fait, ou commis avant, ou depuis le commencement de la guerre qui vient de finir.

Par un des articles du dit traité Sa Majesté très-chrétienne renonce à toutes les prétentions qu'elle a pu former à la Nouvelle Ecosse, ou l'acadie en toutes ses parties, & la garantit toute entière, & avec toutes ses dépendances au Roi de la Grande Bretagne. De plus Sa Majesté très chrétienne cède & garantit à sa dite Majesté Britannique en toute propriété le Canada avec toutes ses dépendances, ainsi que l'Isle du Cap Breton, & toutes les autres Isles & côtes dans le Golphe & Fleuve St Laurent, & généralement tout ce qui dépend du dit païs en toute souveraineté, propriété et possession, & tous droits acquis par traités ou autrement, que le Roi très-Chrétien cède & transporte au Roi & à la couronne de la Grande Bretagne, de la manière & dans la forme la plus ample sans restriction, & sans qu'il soit libre de revenir contre cette cession & garantie.

De son côté Sa Majesté Britannique convient d'accorder aux habitans du Canada la liberté de la Religion catholique, & donnera les ordres les plus précis pour que ses nouveaux sujets catholiques Romains puissent

Proclamation of Peace.

By His Excellency Ralph Burton, Esquire, Brigadier General, Colonel &c., &c. May 21.

His Excellency the Governor has the satisfaction to make known to all the good and faithful subjects of His Britannic Majesty, residing in this Government, that the Right Honourable Lord Egremont, Secretary of State, has given him notice by his last despatches, that the definitive treaty of peace between their Britannic, Most Christian and Catholic Majesties has been signed at Paris on the tenth of the month of February last, that the ambassador of His Majesty the King of Portugal acceded thereto the same day, and that the ratifications of the said treaty were reciprocally exchanged between the four Powers above mentioned on the tenth of the month of March also last.

It having pleased the Almighty to diffuse the spirit of union and concord among the princes, whose divisions had spread troubles in the four quarters of the world and to inspire them with the inclination to cause the comforts of peace to succeed to the misfortunes of a long and bloody war, it has been agreed that there shall be a Christian, universal and perpetual peace as well by sea as by land, and a sincere and constant friendship shall be re-established between their Britannic, Most Christian, Catholic and Most Faithful Majesties and between their heirs and successors, kingdoms, dominions, subjects and vassals, of what quality or condition soever they be, so that the high contracting parties shall give the greatest attention to maintain between themselves and their dominions and subjects, this reciprocal friendship and correspondence, without permitting, on either side any kind of hostilities, by sea or by land, to be committed from henceforth, under any pretext whatsoever, and that there shall be a general oblivion of everything that may have been done or committed before or since the commencement of the war which has just ended.

By one of the articles of the said Treaty His Most Christian Majesty renounces all pretensions which he might have formed to Nova Scotia or Acadia in all its parts, and guarantees the whole of it and with all its dependencies to the King of Great Britain. Moreover His Most Christian Majesty cedes and guarantees to His said Britannic Majesty, in full right, Canada, with all its dependencies, as well as the Island of Cape Breton, and all the other islands and coasts in the Gulf and River St. Lawrence, and, in general, everything that depends on the said country, with full sovereignty, property and possession, and all rights acquired by treaties or otherwise, which the Most Christian King cedes and makes over to the King and Crown of Great Britain, and that in the most ample manner and form without restriction, and without any liberty to depart from this cession and guarantee.

His Britannic Majesty agrees, on his side, to grant the liberty of the Catholic religion to the inhabitants of Canada, and will give the most precise orders, that His new Roman Catholic subjects may profess the

1763 professer le culte de leur Religion selon le rit de l'Eglise Romaine, en tant que le permettent les loix de la Grande Bretagne, Sa Majesté Britannique convient en outre que les habitans français ou autres qui auraient été sujets du Roi très-Chrétien en Canada pourront se retirer en toute liberté & sureté où bon leur semblera, & vendre leurs biens pourvu que ce soit à des sujets de Sa Majesté Britannique, & transporter leurs effets, ainsi que leurs personnes, sans être génés dans leur émigration, sous aucun prétexte, hors celui de dettes, ou de procès criminel. Le terme limité pour cette émigration est fixé à l'espace de dix huit mois à compter du dix de Mars, dernier jour de l'échange des Ratifications.

Et par un article séparé il est marqué que le Roi de la Grande Bretagne, ayant désiré que le payement des lettres de change & billets qui ont été délivrés aux Canadiens pour les fournitures faites aux troupes françaises fut assuré, Sa Majesté très-chrétienne, très disposée à rendre à chacun la justice qui lui est légitimement due, a déclaré & déclare que les dits billets & lettres de change seront exactement payés d'après une liquidation faite dans un temps convenable selon la distance des lieux, & à la possibilité, en évitant néanmoins que les billets et lettres de change que les sujets français pourraient avoir au moment de cette déclaration, ne soient confondus avec ceux qui sont dans la possession des nouveaux sujets de la Grande Bretagne.

Mandons & ordonnons à tous nos Cap^nes^ ou officiers de milice qu'ils aient à faire lire, publier et afficher le présent placard en la manière accoutumée.

Placard qui défend d'aller au devant des têtes de boule &c

De Par Son Excellence &c &c &c

Les sauvages têtes de boule sont sur le point de descendre des terres, & d'arriver en cette ville & Gouvernement, Son Excellence souhaitant sincèrement de donner au commerce qui se fait avec cette nation, toute la sureté & toute la liberté possible réitère les défenses ci-devant faites à toutes personnes quelconques d'aller à la rencontre des dits sauvages, ce qui les empêcherait de venir au marcher public de cette ville, sous les peines portées par les placards déjà publiés à cet effet. En outre veut que les pelleteries des dits sauvages, aussitôt leur arrivée soient déposées en gros sur le marcher vis-à-vis la maison du Sieur de Francheville, les crédits déjà faits payés, les nouveaux enrégistrés au Secretariat. Le tout ainsi qu'il s'est pratiqué l'année dernière, & qu'il est porté au placard du 28 mai 1762 que son Excellence veut qui soit suivï en touts points à l'exception de ce qui regarde la poudre à tirer.—

A cet égard pour assurer autant qu'il est possible l'égalité du commerce entre toutes les personnes qui traitent avec les dits sauvages, Monsieur le Gouverneur leur fait à savoir qu'il se propose de faire monter incessamment de Québec une certaine quantité de poudre à tirer qu'il fera déposer au magasin, d'où les marchands pourront la tirer sur les ordres

worship of their religion according to the rights of the Roman Church, as far as the laws of Great Britain permit. His Britannic Majesty further agrees, that the French inhabitants, or others who had been subjects of the Most Christian King in Canada may retire with all safety and freedom wherever they shall think proper, and may sell their estates, provided it be to the subjects of His Britannic Majesty, and bring away their effects as well as their persons, without being restrained in their emigration under any pretence whatesoever, except that of debts or criminal prosecutions. The term limited for this emigration shall be fixed to the space of eighteen months, to be computed from the tenth of March last, the day of the exchange of the ratification of the present treaty. 1763 May 21.

And by a separate article it is provided that the King of Great Britain having desired that the payment of bills of exchange and notes, which had been delivered to the Canadians for the supplies furnished to the French troops, be assured, His Most Christian Majesty, well disposed to render to every person the justice which is legitimately due to him, has declared and declares that the said notes and bills of exchange shall be strictly paid according to a liquidation to be made within a convenient time according to the distance of the places, and to what is possible, while avoiding, nevertheless, that the notes and bills of exchange which French subjects may hold at the moment of this Declaration be mixed up with those which are in the possession of the new subjects of Great Britain. We require and order all captains or officers of militia to cause the present Proclamation to be read, published and posted up in the customary manner.

The Indians are about to come down from their lands and to arrive in this town and government. His Excellency, wishing sincerely to extend to the commerce which is carried on with this nation all the safety and freedom possible, repeats the prohibitions already made to all persons whatsoever against going forward to meet the Indians, which would prevent them from coming to the public market of this town, under the penalties set forth by the placards already published to this effect. Moreover, he desires that, as soon as the Indians arrive, their peltries may be placed in the bulk in the market opposite the house of Mr. de Francheville, the credits already extended to them paid, the new credits recorded at the secretary's office, the whole as was carried out last year, and set forth in the Placard of May 28, 1762, which His Excellency wishes to be followed in all points, with the exception of that relating to gunpowder.

On this point, in order to assure as far as is possible, equality of trade among all the persons dealing with the said Indians, the Governor makes known to them that he proposes to have brought up from Quebec without delay a certain quantity of gunpowder which he will have deposited in the storehouse, from whence they will order it for this purpose only, and

To prevent or check the abuses which may be committed respecting the imposition of the fines set forth by the placard of April 15 last, against owners of horses or horned cattle, whose animals go astray and get into the sown lands for want of shackles or other precautions employed.

Be it known that all persons whatsoever are forbidden, under pain of arbitrary punishment, to levy the said fines on their private authority.

When horses or horned cattle are found among the grain or running loose without shackles, the person finding them is required to have the proprietor summoned to appear before the captain of militia, who on the report and enquiry will pronounce the fine with damages if the case calls for it.

The captain of militia is authorized to require the fine to be paid on the spot, half of which he will hand over immediately to the informer, and will keep the other half which he will record, and which will, in accordance with our orders, be applicable to works of charity.

So that no person may plead reason for ignorance of it, We will and order that the present placard be read, published and posted up in the accustomed manner.

Whereas We have taken into Our Royal Consideration the extensive and valuable Acquisitions in America, secured to our Crown by the late Definitive Treaty of Peace concluded at Paris, the 10th Day of February last; and being desirous that all Our loving Subjects, as well of our Kingdom as of our Colonies in America, may avail themselves with all convenient Speed, of the great Benefits and Advantages which must accrue therefrom to their Commerce, Manufactures, and Navigation, We have thought fit, with the Advice of our Privy Council, to issue this our Royal Proclamation, hereby to publish and declare to all our loving Subjects, that we have, with the Advice of our Said Privy Council, granted our Letters Patent, under our Great seal of Great Britain, to erect, within the Countries and Islands ceded and confirmed to Us by the said Treaty, Four distinct and separate Governments, styled and called by the names of Quebec, East Florida, West Florida and Grenada, and limited and bounded as follows, viz.

First—The Government of Quebec bounded on the Labrador Coast by the River St. John, and from thence by a Line drawn from the Head of that River through the Lake St. John, to the South end of the Lake Nipissim; from whence the said Line, crossing the River St. Lawrence, and the Lake Champlain, in 45. Degrees of North Latitude, passes along the High Lands which divide the Rivers that empty themselves into the said River St. Lawrence from those which fall into the Sea; and also along the North Coast of the Baye des Chaleurs, and the Coast of the Gulph of St. Lawrence to Cape Rosieres, and from thence crossing the Mouth of the River St. Lawrence by the West End of the Island of Anticosti, terminates at the aforesaid River of St. John.

Secondly—The Government of East Florida, bounded to the Westward by the Gulph of Mexico and the Apalachicola River; to the Northward by a Line drawn from that part of the said River where the Chatahouchee and Flint Rivers meet, to the source of St. Mary's River, and by the course of the said River to the Atlantic Ocean; and to the Eastward and Southward by the Atlantic Ocean and the Gulph of Florida, including all Islands within Six Leagues of the Sea Coast.

tière liberté de pêche de nos sujets puisse s'étendre & se faire sur la côte de Labrador & les Isles adjacentes, nous avons jugé propre par l'avis de notre Conseil privé, de mettre toute cette côte depuis la Rivière St Jean jusqu'au détroit de Hudson avec les Isles d'Anticosti & de la Magdeleine & autres petites Isles situées sur la dite côte sous les soins & l'inspection de notre Gouverneur de Terreneuve. Nous avons aussi par l'avis de notre Conseil privé, jugé nécessaire d'anèxer les Isles de St Jean & du Cap Breton, ou Isle Royale, avec les petites Isles des environs à notre Gouvernement de la Nouvelle Ecosse.—

Nous avons en outre par l'avis de notre conseil privé, jugé propre d'annèxer à notre Province de Georgie toutes les terres entre les Rivières Attamaka & Ste Marie.

Et comme il contribue beaucoup au prompt établissement de nos susdits Gouvernements, que nos bien aimés sujets soient informés de nos soins paternels pour la sureté, liberté & biens de ceux qui sont & qui en deviendront habitans, Nous avons jugé nécessaire de publier & déclarer par notre présente proclamation, que nous avons dans les lettres patentes, sous le Grand Sceau de la Grande Bretagne par lesquels les dits Gouvernements sont constitués, donné pouvoir exprès, & instructions à nos Gouverneurs de nos dites Colonies respectivement qu'aussitôt que les circonstances des dites colonies le permettront, qu'ils feront par l'avis et le consentement des membres de Notre Conseil, ajourner, convoquer des assemblées générales dans nos dits Gouvernements respectivement, en telle manière & forme usitée & enjointe dans les dites colonies des provinces de l'Amérique, qui sont sous notre Gouvernement immédiat. Et nous avons aussi donné pouvoir à nos dits Gouverneurs, avec l'avis de nos conseils et les réprésentans du peuple ainsi convoqués comme ci-dessus, de faire, constituer, passer des loix, statuts, & ordonnances, pour le bien du public, conservation, & le bon ordre de nos dites colonies, & de ses habitans, autant que cela pourra convenir avec les loix d'Angleterre, & sous tels règlements & restrictions qui sont en usage dans les autres colonies; Et en attendant, et jusqu'à ce que telles assemblées puissent être convoquées, comme il est dit ci-dessus, toutes personnes habitans actuellement, ou qui se rendront dans nos dites colonies, peuvent être assurées de notre protection Royale en la jouissance des avantages des loix du Royaume d'Angleterre; à ces fins nous avons donné pouvoir à nos Gouverneurs de nos dites colonies respectivement, sous le Grand sceau, d'ériger & de constituer par l'avis de nos dits Conseils respectivement, des cours de judicature & de justice publique, dans nos dites colonies, pour entendre & déterminer toutes causes tant criminelles que civiles, suivant les loix & l'Equité, et autant que faire se pourra suivant les loix d'Angleterre, avec liberté à toutes personnes qui se croyent lézées par les sentences de telles cours en matière civile, d'en appeler sous les limitations & restrictions usitées à nous dans notre Conseil privé.

Nous avons aussi jugé propre avec l'avis de notre Conseil privé, comme ci-dessus, de donner à nos Gouverneurs & Conseils de nos dites trois nouvelles Colonies sur le continent, plein pouvoir & autorité d'arranger & convenir avec les habitans de nos dites nouvelles colonies ou avec quelqu'autres personnes qui s'y rendront, pour telles terres, tenement, héritages qui sont actuellement, ou qui seront ci-après en notre disposition, de les accorder à telle personne ou personnes, à tels termes & redevance modique, services & reconnaissance féodale, comme celles qui ont été règlées & arrangées dans nos autres Colonies, & sous de telles autres conditions qui nous paraîtront

And to the end that the open and free Fishery of our Subjects may be extended to and carried on upon the Coast of Labrador, and the adjacent Islands, We have thought fit, with the advice of our said Privy Council, to put all that Coast, from the River St. John's to Hudson's Streights, together with the Islands of Anticosti and Madelaine, and all other smaller Islands lying upon the said Coast, under the care and Inspection of our Governor of Newfoundland.

We have also, with the advice of our Privy Council, thought fit to annex the Islands of St. John's and Cape Breton, or Isle Royale, with the lesser Islands adjacent thereto, to our Government of Nova Scotia.

We have also, with the advice of our Privy Council aforesaid, annexed to our Province of Georgia all the Lands lying between the Rivers Alatamaha and St. Mary's.

And whereas it will greatly contribute to the speedy settling our said new Governments, that our loving subjects should be informed of our Paternal care, for the security of the Liberties and Properties of those who are and shall become Inhabitants thereof, We have thought fit to publish and declare, by this Our Proclamation, that We have, in the Letters Patent under our Great Seal of Great Britain, by which the said Governments are constituted, given express Power and Direction to our Governors of our Said Colonies respectively, that so soon as the state and circumstances of the said Colonies will admit thereof, they shall, with the Advice and Consent of the Members of our Council, summon and call General Assemblies within the said Governments respectively, in such Manner and Form as is used and directed in those Colonies and Provinces in America which are under our immediate Government; and We have also given Power to the said Governors, with the consent of our Said Councils, and the Representatives of the People so to be summoned as aforesaid, to make, constitute, and ordain Laws, Statutes, and Ordinances for the Public Peace, Welfare, and good Government of our said Colonies, and of the People and Inhabitants thereof, as near as may be agreeable to the Laws of England, and under such Regulations and Restrictions as are used in other Colonies; and in the mean Time, and until such Assemblies can be called as aforesaid, all Persons Inhabiting in or resorting to our Said Colonies may confide in our Royal Protection for the Enjoyment of the Benefit of the Laws of our Realm of England; for which Purpose We have given Power under our Great Seal to the Governors of our said Colonies respectively to erect and constitute, with the Advice of our said Councils respectively, Courts of Judicature and public Justice within our Said Colonies for hearing and determining all Causes, as well Criminal as Civil, according to Law and Equity, and as near as may be agreeable to the Laws of England, with Liberty to all Persons who may think themselves aggrieved by the Sentences of such Courts, in all Civil Cases, to appeal, under the usual Limitations and Restrictions, to Us in our Privy Council.

We have also thought fit, with the advice of our Privy Council as aforesaid, to give unto the Governors and Councils of our said Three new Colonies, upon the Continent full Power and Authority to settle and agree with the Inhabitants of our said new Colonies or with any other Persons who shall resort thereto, for such Lands, Tenements and Hereditaments, as are now or hereafter shall be in our Power to dispose of; and them to grant to any such Person or Persons upon such Terms, and under such moderate Quit-Rents, Services and Acknowledgments, as have been appointed and settled in our other Colonies, and under such other Conditions as shall appear to us to be necessary and expedient for the

Et comme nous souhaitons en toutes occasions témoigner notre approbation royale à l'égard de la conduite & bravoure des officiers & soldats de nos armées, & afin de les récompenser, nous commandons et autorisons par ces présentes nos Gouverneurs de nos trois nouvelles Colonies, et tous les autres Gouverneurs de nos différentes provinces de l'Amérique Septentrionale de concèder sans droits ni récompense à tels officiers réformés qui ont servi dans l'Amérique Septentrionale pendant la dernière Guerre, & à tels soldats qui ont été congédiés, & à ceux qui doivent l'être en Amérique, & qui y résident actuellement, & qui en feront personnellement la demande, les quantités suivantes de terre sujettes à l'expiration de dix ans, aux mêmes rentes foncières, que le sont les terres dans la province dans laquelle ces terres auront été concèdées, & seront sujettes aux mêmes — conditions d'amélioration, à chaque officier de l'Etat major 5000 arpens, aux capitaines 3000, aux subalternes 2000, aux sergents 200, & à chaque soldat 50 arpens.

Nous autorisons & requérons pareillement les Gouverneurs & Commandans en chef de nos dites colonies du Continent de l'Amérique Septentrionale, de concèder les mêmes quantités de terre, et aux mêmes conditions, à tels officiers réformés de la Marine, de même rang, qui ont servi à bord de nos vaisseaux de Guerre dans l'Amérique Septentrionale à la réduction de Louisbourg & de Québec pendant la dernière guerre, & qui s'adresseront personnellement à nos Gouverneurs, pour de pareilles concessions. Et comme il est juste, raisonnable & essentiel à nos intérêts & à la sureté de nos colonies que les différentes nations de sauvages avec lesquelles nous avons quelques relations & qui vivent sous notre protection, ne soient ni inquiétées & ni troublées dans la possession de telles parties de nos domaines & territoires comme ne nous ayant pas été cèdés, ni achetés par nous, leur sont réservés, ou à aucun d'eux, comme leur pays de chasse; En conséquence nous déclarons par l'avis de notre Conseil privé, que tel est notre bon plaisir & volonté royale qu'aucun gouverneur ou Commandant en chef dans quelles de nos Colonies que ce puisse être, soit de Québec, Floride orientale, floride occidentale, ne présume sous quelque prétexte que ce puisse être, d'accorder des ordres pour faire arpenter, ou accorder des lettres patentes pour terres hors des limites de leurs gouvernemens respectifs, comme il est enjoint dans leurs commissions, comme aussi qu'aucun gouverneur ou commandant en chef de nos Colonies, ou plantations en Amérique, ne présume pour le présent, & jusqu'à ce que notre volonté soit plus amplement connue, d'accorder aucunes lettres patentes ou permissions, pour établir des terres au delà des sources des Rivières qui se déchargent dans l'Océan Atlantique du Ouest au Nord-Ouest, ou sur quel autre que ce puisse être qui ne nous ayant pas été cèdées, ou autrement sont réservées pour les dits sauvages, comme il est dit ci-dessus.

Nous déclarons de plus que telle est notre volonté & notre bon plaisir, pour le présent comme ci-dessus, de réserver sous notre Souveraineté, protection & Gouvernement pour l'usage des dits sauvages, toutes les terres ou territoires qui ne sont pas compris dans les limites des trois nouveaux gouvernements ci-dessus mentionnés, ou dans celles des terres accordées à la compagnie de la Baie d'Hudson, comme aussi toutes les terres & territoires qui se trouvent au Ouest des sources des Rivières qui se jetent dans la Mer depuis le Ouest au Nord Ouest, comme il est mentionné ci-dessus; et nous défendons aussi expressément sous peine d'encourir notre déplaisir, à tous nos fidèles sujets, d'acheter, cultiver, ou prendre possession

Advantage of the Grantees, and the Improvement and settlement of our said Colonies.

And Whereas, We are desirous, upon all occasions, to testify our Royal Sense and Approbation of the Conduct and bravery of the Officers and Soldiers of our Armies, and to reward the same, We do hereby command and impower our Governors of our said Three new Colonies, and all other our Governors of our several Provinces on the Continent of North America, to grant without Fee or Reward, to such reduced Officers as have served in North America during the late War, and to such Private Soldiers as have been or shall be disbanded in America, and are actually residing there, and shall personally apply for the same, the following Quantities of Lands, subject, at the Expiration of Ten Years, to the same Quit-Rents as other Lands are subject to in the Province within which they are granted, as also subject to the same Conditions of Cultivation and Improvement; viz.

To every Person having the Rank of a Field Officer.	5,000 Acres.
To every Captain..	3,000 Acres.
To every Subaltern or Staff Officer..	2,000 Acres.
To every Non-Commission Officer..	200 Acres.
To every Private Man..	50 Acres.

We do likewise authorize and require the Governors and Commanders in Chief of all our said Colonies upon the Continent of North America to grant the like Quantities of Land, and upon the same conditions, to such reduced Officers of our Navy of like Rank as served on board our Ships of War in North America at the times of the Reduction of Louisbourg and Quebec in the late War, and who shall personally apply to our respective Governors for such Grants.

And whereas it is just and reasonable, and essential to our Interest, and the Security of our Colonies, that the several Nations or Tribes of Indians with whom We are connected, and who live under our Protection, should not be molested or disturbed in the Possession of such Parts of our Dominions and Territories as, not having been ceded to or purchased by Us, are reserved to them, or any of them, as their Hunting Grounds. We do therefore, with the Advice of our Privy Council, declare it to be our Royal Will and Pleasure, that no Governor or Commander in Chief in any of our Colonies of Quebec, East Florida, or West Florida, do presume, upon any Pretence whatever, to grant Warrants of Survey, or pass any Patents for Lands beyond the Bounds of their respective Governments, as described in their Commissions; as also that no Governor or Commander in Chief in any of our other Colonies or Plantations in America do presume for the present, and until our further Pleasure be known, to grant Warrants of Survey, or pass Patents for any Lands beyond the Heads or Sources of any of the Rivers which fall into the Atlantic Ocean from the West and North West, or upon any Lands whatever, which, not having been ceded to or purchased by Us as aforesaid, are reserved to the said Indians, or any of them.

And We do further declare it to be Our Royal Will and Pleasure, for the present as aforesaid, to reserve under our Sovereignty, Protection, and Dominion, for the use of the said Indians, all the Lands and Territories not included within the Limits of Our said Three new Governments, or within the Limits of the Territory granted to the Hudson's Bay Company, as also all the Lands and Territories lying to the Westward of the Sources of the Rivers which fall into the Sea from the West and North West as aforesaid;

And We do hereby strictly forbid, on Pain of our Displeasure, all our loving Subjects from making any Purchases or Settlements whatever,

1764. d'aucune des terres ci-dessus réservées, sans avoir premièrement obtenu notre permission à ce sujet.

Et nous enjoignons & ordonnons à toutes personnes quelconques, qui se sont établies volontairement ou autrement sur quelques terres dans les territoires ci-dessus mentionnés, ou sur quelques autres terres qui ne nous ont point été cèdées ni vendues, et par là réservées aux dits sauvages, comme mentionné ci-dessus, de se retirer immédiatement de dessus telles habitations.

Et comme il s'est commis de grandes fraudes & abus dans l'achat des terres fait avec les sauvages au grand préjudice de nos intérêts, & au mécontentement des dits sauvages, pour prévenir de pareilles irrégularités à l'avenir, et afin que les sauvages soient convaincus de notre justice & de la résolution que nous avons prise d'écarter tout juste sujet de mécontentement; Voulons & ordonnons avec l'avis de notre Conseil privé que personne n'achète des terres des sauvages qui leur ont été réservées dans ces parties de nos colonies où nous avons trouvé à propos de permettre des établissemens. Mais s'il arrivait qu'aucun des dits sauvages voulut disposer des dites terres, nous voulons que l'achat en soit fait par nous, & en notre nom dans une assemblée des dits sauvages qui sera convoquée à ce dessein par les gouverneurs ou commandans en chef de nos différentes colonies dans lesquelles elles pourront se trouver, & dans le cas qu'elles fussent dans les limites de quelque gouvernement propriétaire, on ne pourra les acheter qu'aux noms et pour l'usage uniquement de tel propriétaire, suivant les directions & instructions que nous ou eux trouverons à propos de donner à ce sujet; Et avec l'avis de notre conseil privé, Nous déclarons & enjoignons que le commerce avec les dits sauvages sera libre à tous nos sujets quelconques pourvu que ceux qui souhaiteront commercer avec les dits sauvages soient autorisés par permission du Gouverneur, ou du Commandant en Chef, de celle de nos colonies ou la personne réside; elle devra aussi donner caution d'observer tels règlements que nous croirons nécessaires de donner par nous mêmes ou des commissaires nommés pour veiller au bien & à l'agrandissement du dit commerce; & nous autorisons, enjoignons & commandons par ces présentes tous nos Gouverneurs & commandans en chef de chacune de nos colonies en particulier, aussi bien celles qui se trouvent immédiatement, comme celles qui sont sous le Gouvernement et la direction des propriétaires, d'accorder telles permissions sans exiger de droits ni récompense, avec cette réserve, que telles permissions deviendront nulles & la caution confisquée, au cas que la personne à qui on aura accordé une pareille permission, refuse ou néglige de se porter au règlement que nous jugerons à propos de prescrire comme ci-dessus.—

En outre nous enjoignons & requerons expressément tous officiers militaires, comme ceux qui sont chargés de la direction des affaires des sauvages dans les territoires réservés, comme il est dit, à l'usage des dits sauvages, de se saisir & prendre tous ceux qui sont accusés de trahison, ou qui en auront eu connaissance sans en faire part; ceux qui auront commis meurtre, crime, ou malversation, et qui se refugieront dans les dits territoires pour éviter les poursuites de la justice, de les faire conduire par une garde sure, à la colonie dans laquelle le crime dont on l'accuse aura été commis, afin qu'ils puissent y être jugés en conséquence.

or taking Possession of any of the Lands above reserved, without our especial leave and Licence for that Purpose first obtained.

And, We do further strictly enjoin and require all Persons whatever who have either wilfully or inadvertently seated themselves upon any Lands within the Countries above described, or upon any other Lands which, not having been ceded to or purchased by Us, are still reserved to the said Indians as aforesaid, forthwith to remove themselves from such Settlements.

And whereas great Frauds and Abuses have been committed in purchasing Lands of the Indians, to the great Prejudice of our Interests, and to the great Dissatisfaction of the said Indians; In order, therefore, to prevent such Irregularities for the future, and to the end that the Indians may be convinced of our Justice anad determined Resolution to remove all reasonable Cause for Discontent, We do, with the Advice of our Privy Council strictly enjoin and require, that no private Person do presume to make any Purchase from the said Indians of any Lands reserved to the said Indians, within those parts of our Colonies where, We have thought proper to allow Settlement; but that, if at any Time any of the said Indians should be inclined to dispose of the said Lands, the same shall be Purchased only for Us, in our Name, at some public Meeting or Assembly of the said Indians, to be held for that Purpose by the Governor or Commander in Chief of our Colony respectively within which they shall lie; and in case they shall lie within the limits of any Proprietary Government, they shall be purchased only for the Use and in the name of such Proprietaries, conformable to such Directions and Instructions as We or they shall think proper to give for that Purpose; And we do, by the Advice of our Privy Council, declare and enjoin, that the Trade with the said Indians shall be free and open to all our Subjects whatever, provided that every Person who may incline to Trade with the said Indians do take out a Licence for carrying on such Trade from the Governor or Commander in Chief of any of Our Colonies respectively where such Person shall reside, and also give Security to observe such Regulations as We shall at any Time think fit, by ourselves or by our Commissaries to be appointed for this Purpose, to direct and appoint for the Benefit of the said Trade:

And we do hereby authorize, enjoin, and require the Governors and Commanders in Chief of all our Colonies respectively, as well those under Our immediate Government as those under the Government and Direction of Proprietaries, to grant such Licences without Fee or Reward, taking especial Care to insert therein a Condition, that such Licence shall be void, and the Security forfeited in case the Person to whom the same is granted shall refuse or neglect to observe such Regulations as We shall think proper to prescribe as aforesaid.

And we do further expressly enjoin and require all Officers whatever, as well Military as those Employed in the Management and Direction of Indian Affairs, within the Territories reserved as aforesaid for the use of the said Indians, to seize and apprehend all Persons whatever, who standing charged with Treason, Misprisions of Treason, Murders, or other Felonies or Misdemeanors, shall fly from Justice and take Refuge in the said Territory, and to send them under a proper guard to the Colony where the Crime was committed of which they stand accused, in order to take their Trial for the same.

Sa Majesté notre Auguste Souverain ayant commandé de nouveau à ses ministres de travailler à obtenir de la Cour de France l'entier accomplissement de ce qu'elle a stipulé dans le dernier traité de Paix au sujet du papier du Canada. Nous exhortons vivement tous les propriétaires du dit papier domiciliés en la ville, Gouvernement & dépendances des Trois Rivières, Province de Québec, de n'en point agioter ou escompter à vil prix, mais plutôt d'attendre avec patience la définition de cette affaire.

L'agiotage pouvant porter préjudice à leurs droits & servir de prétexte pour empêcher ou reculer la liquidation qui s'en faire suivant la Déclaration du Ministre Plenipotentiaire de France du 10e Février 1763. SESSIONAL PAPER No. 29a

Public Notice admonishing the people not to engage in jobbing in Canadian paper money. 1764. Feby 15

By His Excellency Frederick Haldimand, Esquire, Colonel &c., &c., &c.

His Majesty Our August Sovereign having again commanded his ministers to labour to obtain from the Court of France the complete accomplishment of what it had stipulated in the late Treaty of Peace, on the subject of Canadian paper money. We strongly exhort all holders of the said paper, dwelling in the town, government and dependencies of Trois-Rivières, Province of Quebec, not to traffic in them or to part with them at heavy discounts, but rather to await patiently the conclusion of the subject. Jobbery may cause prejudice to their rights and serve as a pretext to prevent or delay the liquidation, which should be effected according to the declaration of the Minister Plenipotentiary of France of the 10th February, 1763.

The new subjects of His Majesty may always expect to feel the effects of his paternal attention, like all his other peoples, so long as they conduct themselves as good and faithful subjects, as they have done until the present.

Public Notice, respecting the registration of the paper money of Canada. March 11

By His Excellency Frederick Haldimand, Esquire, &c., &c., &c.

Having received orders to ascertain as exactly as lies in my power, the amount of the Canadian Bills of Exchange, Ordinance Notes, Card Money and Certificates which are held in this country, in order that the repayment of it may be demanded, in accordance with the declaration of the Minister Plenipotentiary of the 10th February 1763, and in execution of the orders of His Majesty signified by one of His Secretaries of State.

We order and require all the subjects of His Majesty, as well English as Canadians, and the French, residing in the Government of Trois-Rivières to furnish immediately an exact and faithful statement of the Canadian Bills of Exchange, Ordinance Notes, Card Money and Certificates they possess, setting forth therein the means by which they acquired them.

We order, furthermore, those who, through necessity or for other reasons, have been induced to sell at reduced rates part of what they possessed of these papers at the time of the Cession of the country by the treaty of Paris concluded at Paris on the 10th February, 1763, to give a separate and detailed statement of the paper which they sold since that time, indicating by whom, to whom it was sold, and at what price, which statement they will confirm by a solemn oath taken before the Judge Advocate, established for the present in this Government. And to the end that what is ordered by these presents may be well and duly executed, we have thought fit that the registration should be made under the inspection

Les personnes nommées pour présider à l'enrégistrement ci-dessus ordonné, sont Mrs de Tonnancour, de Rouville, & Bte Perreault—Et le Bureau pour cet effet se tiendra pendant le temps prescrit ci-dessus chez Mr Bte Perreault.

Monsieur,

Quoique je vous aie déjà instruit de bouche des soins que Sa Majesté se donne pour assurer le bonheur de ses sujets, & de la ferme résolution qu'elle a prise de faire revenir à la raison quelques nations sauvages, dont la mauvaise volonté s'est manifestée par la trahison & la violence, & de les obliger à conclure une paix stable, qui assure le retour d'un commerce avantageux, & la tranquillité si nécessaire à ses peuples; j'ai cru devoir vous informer qu'à cet effet le Gouvernement s'est déterminé de joindre cinq compagnies de canadiens aux troupes qui doivent être employées à procurer ce but. Ces compagnies seront composées de soixante hommes chacune. Deux seront levées dans le Gouvernement de Québec, deux dans celui de Montréal, & une dans celui des Trois Rivières, & seront commandées par des officiers canadiens; on n'agrégera dans ces compagnies que ceux qui de leur plein gré seront déterminer de rester sous l'empire de Sa Majesté Britannique. Pour reconnaître & récompenser la bonne volonté de ceux qui s'enroleront on donnera douze piastres en argent, à chaque volontaire, on leur délivrera un capot, deux paires de souliers sauvages, & une paire de mitasses. On les pourvoira d'armes, d'amunition & de vivres, durant tout le temps de la Campagne. La solde affectée pour chaque homme sera de six sols anglais par jour, & on aura soin de les faire accompagner par un Prêtre, pour y éxercer les fonctions de son ministère.

Le service de ces volontaires finira avec la campagne, après laquelle chacune sera libre de retourner chez soi.

Une pareille démarche suppose dans le Gouvernement bien de la confiance envers les sujets de Sa Majesté; on est en droit d'attendre qu'ils y répondront non seulement par un grand empressement à s'enroller, mais

of three persons of this town, who will sit every day of the week (Sundays excepted) commencing from the 16th of the present month of March until the 30th April inclusively, between nine o'clock in the morning and one o'clock in the afternoon, on which day of the 30th April all registration will cease, and no more declarations will be received. The lists will be made in accordance with the form delivered to the commissioners. And in order that all the faithful subjects of His Majesty may know His benevolent intentions, they are notified that the registration of the said papers will be made gratis. 1764. March 11

We expressly order the captain of militia of each parish to cause the present ordinance to be read, at the close of the parochial mass the first two Sundays after it has been received, and afterwards to have it posted up in the customary manner to the end that no person may plead reasons for ignorance of it.

Given at Trois-Rivières this 11th March, 1764.

C. GUGY, Secretary.

Letters to all the captains of militia respecting the enlistment of Canadians in companies. March 12

Sir/

Although I have already informed you by word of mouth of the efforts which His Majesty is making to ensure the happiness of his subjects, and of the firm resolution he has taken to have brought to reason, certain Indian nations, whose illwill has manifested itself in treason and violence, and to compel them to conclude a settled peace, which will secure the return of a profitable trade, and the tranquillity so necessary to his people; I have considered it my duty to inform you that in pursuance of this object, the Government has resolved to join five Canadian companies to the troops, which are to be employed to achieve this end. These companies will be composed of sixty men each. Two will be raised in the Government of Quebec, two in that of Montreal, and one in that of Trois-Rivières, and will be commanded by Canadian officers; only those will be admitted into these companies who, of their own free-will are determined to remain subjects of His Britannic Majesty.

As recognition and compensation for the goodwill of those who enlist, each volunteer will be given twelve dollars in cash, a cloak, two pairs of moccasins, and a pair of leggings; they will be provided with arms, ammunition and victuals during the whole period of the campaign. The pay allocated to each man will be six sous, English currency, a day, and attention will be paid to have them accompanied by a priest, to exercise the functions of his office among them.

The service of these volunteers will close with the campaign, after which every man will be free to return to his home.

Such a measure presupposes in the Government, much confidence in His Majesty's subjects; it may rightfully be expected that they will respond thereto not only by great eagerness to enlist, but, also, by a great

1764. encore par une grande fidélité à soutenir leurs engagements dans toutes les circonstances où le bien du service les placera; du moins ils doivent le faire autant par honneur & par devoir, que par réconnaissance et par zèle pour leur propre intérêt.

En attendant que vous soyez à même de publier cette ordonnance dimanche prochain à la porte de l'Eglise, vous aurez soin autant qu'il dépendra de vous de la rendre publique, mais surtout parmi vos jeunes gens afin qu'ils puissent être instruits de toutes les conditions qui leur y sont offertes.

Ordre pour faire rendre les armes aux habitans de Batiscan Rivière Batiscan.

Monsieur,

Il vous est ordonné par la présente d'apporter immédiatement aux Trois Rivières, toutes les armes qui vous auront été confiées pour l'usage des habitans de votre Paroisse, des gens qui refusent aussi insolemment de s'en servir pour le bien du public, ne méritent pas d'en avoir l'usage pour leur intérêt personnel.

Il vous est enjoint de plus de faire une éxacte recherche parmi les habitans de votre paroisse, & de vous faire délivrer toutes les armes qu'ils pourraient avoir acquis de quelle façon que ce soit, pour être délivrés de même au magasin du Roi; & si après cette recherche vous ou qui que ce puisse être, vient à découvrir aucun fusil dans votre paroisse, le propriétaire de la maison où ce fusil se trouvera, ou celui entre les mains de qui on pourra le découvrir, est par le présent ordre condamné à 12 piastres d'amende pour la première fois, dont la moitié sera pour le délateur, & les six piastres restant pour les pauvres, & en cas de récidive, une telle personne ainsi contrevenant aux ordres sera punie suivant que la loi l'exige.—

Je suis fâché d'en devoir venir à cette extrêmité, mais la mauvaise volonté de vos habitans est trop manifeste, pour qu'il me soit permis de la tolérer d'avantage.—

Vous aurez à apporter les armes vous même, ou à les envoyer par un de vos officiers, afin qu'il puisse être présent à la visite que l'armurier en fera.

Placard au sujet de la sortie des grains.

De Par Son Excellence Frederick Haldimand &c &c &c

Comme il peut être d'une grande utilité aux habitans de ce Gouvernement d'être instruits à temps des mesures que Monsr de Murray, Gouverneur de Québec a prises pour la libre exportation du bled hors de cette Province: j'ai jugé nécessaire de rendre la connaissance publique du Placard ci-dessus, afin que chacun puisse se conformer aux restrictions & réserves mentionnées sous lesquelles l'exportation du bled se doit faire au Port de Québec.

Comme rien ne contribuera plus à encourager la culture des terres, et de vivifier le commerce de cette Province, que la sortie libre du bled de froment, à présent son produit principal, pourvu que cette sortie soit assujettie à des règlemens qui puissent efficacement prévenir les inconveniens—que le pays en a ci-devant ressentis; & comme il est juste & raison-

fidelity to their engagements in all the circumstances in which the good of the service may place them. At least they should do these things as much for their honour and duty, as for gratitude and zeal for their own interests. 1764

Until you are able to publish this ordinance next Sunday at the church door, you will make it your business as far as depends upon you to make it public, particularly among the young men, in order that they may be made acquainted with all the conditions, which are offered to them therein.

Order that the Inhabitants of Batiscan, and Rivière Batiscan, be required to surrender their arms. March 28.

Sir/ You are ordered by the present to bring immediately to Trois-Rivières all the arms, which have been entrusted to you for the use of the inhabitants of your parish; people, who refuse so insolently to employ them for the welfare of the public, do not deserve to have the use of them for their personal interest.

You are further enjoined to make close search among the inhabitants of your parish, and to cause to be handed over to you all the arms, which they may have acquired in any manner whatsoever, to be in like manner delivered at the King's storehouse; and if, after this search, you or any other person, should discover any gun in your parish, the owner of the house in which this gun is found or the person in whose hands it may be discovered is by the present order condemned to a fine of twelve dollars for the first offence, half of which will go to the informer, the six dollars remaining to be for the poor, and in case of repetition, the person thus contravening the orders will be punished as the law demands.

I regret to be obliged to come to this extremity, but the bad will of your inhabitants is too notorious, to permit me to tolerate it any longer.

You will bring the arms yourself, or send them by one of your officers, in order that he may be present at the examination of them to be made by the armourer.

Public Notice respecting the Exportation of Corn.

As it may be of great advantage to the inhabitants of this Government to be timely informed of the measures which Mr. Murray, Governor of Quebec, has taken for the free exportation of corn from this Province, I have thought fit to make public the knowledge of the above Notice, in order that every person may conform to the restrictions and reservations mentioned, under which the exportation of corn may take place at the Port of Quebec.

Nothing will contribute more to the cultivation of the land, or to give life to the Commerce of this Province, than the free exportation of wheat, at present its principal product, on the condition that this exportation

Avril 21e

Attendu que le gouverneur Murray, dans le but de promouvoir le commerce en ce pays, a cru devoir publier une proclamation, permettant l'exportation libre du blé au port de Québec, sous les restrictions y mentionnées, je crois nécessaire de faire connaître le contenu de cette proclamation aux sujets de Sa Majesté établis dans son gouvernement.

Considérant que la libre exportation du blé, présentement le principal produit de la Province, doit grandement tendre à en promouvoir la culture et la vente, pourvu que le commerce en soit réglementé de façon à prévenir effectivement les inconvénients qu'a jadis subis le pays, et comme il est juste et équitable que vendeurs et acheteurs de cette très utile denrée apprennent de bonne heure quelles sont les intentions du Gouvernement à ce sujet, après avoir mûrement considéré la chose, j'ai cru bon, et, par la présente j'ordonne, publie et déclare,—Que dès l'ouverture de la navigation sur le Saint-Laurent, il sera loisible à toute personne quelconque d'expédier du blé du port de Québec à aucuns marchés permis par les Actes du Parlement britannique, pourvu qu'au temps de l'expédition du dit blé, et pour quatorze jours précédemment, le prix courant à Québec n'ait pas excédé trois chelins et quatre deniers, cours de la Province, la mesure dont on se sert

be made subject to regulations which may effectively prevent the inconveniences, from which the country formerly suffered; and as it is just and reasonable that the vendors as well as the purchasers of this valuable merchandize may be early informed of the mature intentions of the Government in this matter, We order, publish and declare that from the time of the opening of navigation on the River St. Lawrence, every person shall be at liberty to transport wheat from the Port of Quebec to the foreign ports prescribed by the acts of the British Parliament, provided that at the time of despatch and for the fourteen preceding days, the current price at Quebec shall not exceed three shillings four sous currency per minot, but when the price of corn advances beyond three shillings four sous, Quebec currency, per minot, then in virtue of these presents, the exportation of it is forbidden until it reverts to the price mentioned, that is, three shillings four sous or less, and that it shall remain at that figure for fourteen consecutive days before exportation is recommenced; and in order to establish the price current, every exporter will be obliged before loading the wheat, to furnish to the Naval Officer or to his deputy, a statement of the quantity, which he purposes shipping, produce and leave with him, as proof, a certificate signed by five merchant residents at Quebec, persons of repute, testifying that the current price of corn in that town during the fourteen preceding days did not exceed three shillings four sous per minot, and declaring on oath that they had no interest, direct or indirect in the matter, and if a person is convicted of having loaded wheat on board ship, the current price being over three shillings four sous per minot, or of having failed to produce the certificate and declaration herein ordered, his corn shall be confiscated, half for the benefit of the poor, and half to the informer.

We order collectors, inspectors and other officers of the King's Customs, to give their attention to the execution of these presents.

Whereas Governor Murray thought fit, in order to promote the trade 21e
of this Country, to issue a Proclamation permitting a free Exportation of wheat from the Port of Quebec, under such restrictions as are herein mentioned, I deem it necessary to acquaint His Majesty's subjects in this Government of the contents of the same.

Whereas a free exportation of wheat, at present the staple of this Province, must tend greatly to promote the Tillage, & to encourage the trade thereof, provided the same be made subject to such rules and regulations, as shall effectually prevent the inconvenience under which this Country has formerly laboured, and it being requisite & just that both Vendors and buyers of this most useful commodity, should be early apprised of the intents of Government on that head, after having maturely considered the same, I have thought proper and do hereby order, publish & declare; That from the instant the navigation of the St Lawrence opens, it shall be free to any person whatsoever, to ship wheat at the Port of Quebec, for any of the foreign markets limited by the British Acts of Parliament, provided that at the time of shipping said Wheat, and for the fourteen days preceding, the current price thereof at Quebec shall not

généralement à présent pour la vente. Mais quand le prix du blé au marché de Québec dépassera trois chelins et quatre deniers le minot, l'exportation en sera, et en est, par la présente, prohibée, jusqu'à quatorze jours après que le prix en sera revenu au prix étalon ici spécifié, c'est-à-dire, trois chelins et quatre deniers le minot, ou à un prix moindre. Et, afin de déterminer le prix courant, tous et chacun des exportateurs devront au préalable faire rapport à l'Officier naval du Port, ou à son député, de la quantité qu'il désire expédier, produire et laisser entre ses mains, comme garantie, un certificat signé par cinq marchands fiables, résidant à Québec, déclarant que le prix courant du marché au blé, au dit endroit, n'a pas excédé trois chelins et quatre deniers le minot durant les quatorze jours immédiatement précédant, et déclarant sous serment, qu'ils n'ont aucun intérêt dans cette expédition, directement ou indirectement; et toute personne qui sera convaincue d'avoir expédié du blé quand le prix du marché excédait trois chelins et quatre deniers le minot, ou sans avoir produit le certificat et la déclaration ci-haut indiquée, en encourra la confiscation. Une moitié ira aux pauvres, l'autre au dénonciateur. Et, par la présente, j'enjoins et ordonne au Collecteur, au Contrôleur, à l'Officier Naval, et à tous autres fonctionnaires des Douanes de Sa Majesté de voir à la bonne exécution du présent ordre.

Placard au sujet des personnes qui veulent passer en France.

Comme le terme fixé par le dernier traité de paix pour l'émigration des habitans de ce païs, approche, et qu'il est nécessaire de savoir le nombre des personnes qui sont déterminés à passer en France, afin d'être à même de pourvoir à leur passage avant la mauvaise saison; il est ordonné en conséquence à toutes personnes de quelque rang & condition qu'elles puissent être qui se trouvent dans ce cas, d'apporter leurs noms à notre Secretariat sous l'espace de quinze jours à compter de la date de la présente ordonnance; il faudra qu'ils fassent aussi mention du nombre d'enfans & de domestiques qui doivent passer avec eux; Ces personnes peuvent être assurées qu'on ne souffrira pas qu'il leur soit fait aucune imposition, ni vexation de la part des capitaines des vaisseaux, soit pour le prix de leur passage, ou celui de leurs effets, le prix en sera règlé à Québec, & ils peuvent être certains qu'ils seront traités à tous ces égards, sur le même pied que le seraient les sujets nés de Sa Majesté.

And I do hereby order and direct the collector, comptroller, naval or other officers of His Majesty's customs to see the same put in due execution.

Public Notice respecting persons who wish to leave for France. April 26

By His Excellency Frederick Haldimand, &c., &c., &c.

As the term fixed by the late Treaty of Peace for the departure of inhabitants of this country approaches, and it is necessary to know the number of persons, who have decided to go to France, in order to be in a position to provide for their passage, before the bad weather, it is ordered that all persons, of what rank or conditions soever they may be, leave their names at our secretary's office within the space of fifteen days computed from the date of the present ordinance. Mention should also be made of the number of children and servants, who are to travel with them.

These persons may be assured that no imposition or annoyance on the part of masters of vessels will be permitted towards them, either for the cost of their passage or for the transportation of their effects. The price will be settled at Quebec and they may be certain that they will be treated in all respects on the same footing as would be the born subjects of His Majesty.

Lettre à tous les Capnes de milice pour le délai de l'enregistrement des ordonnances & pour le bois de chauffage.

Monsieur,

Comme il peut se trouver encore des personnes dans votre paroisse qui n'ont pas fait enrégistrer leurs ordonnances & autres papiers du Canada en leur possession, & que les travaux ou maladies de quelques uns & la négligence des autres ont jusqu'ici empêché de le faire, malgré les ordres réitérés à ce sujet, Son Excellence dans la vue de donner aux habitans de ce Gouvernement tous les avantages qu'elle peut leur procurer, veut bien encore leur accorder un nouveau délai jusqu'au dernier de ce mois après lequel tout enrégistrement cessera & personne ne sera reçu. Il vous est enjoint de rendre le présent ordre public aussitôt que faire se pourra.

Comme c'est bientôt le temps que les sauvages du Nord descendent pour faire le commerce des Pelleteries avec les habitans de ce Gouvernement, j'ai jugé nécessaire pour le bien du dit commerce de rappeler & confirmer les ordonnances & placards qui ont été publiés à ce sujet depuis la réduction du paÿs, et par ces présentes confirmons en toute sa teneur un placard de Monsieur Burton publié le 18e 8bre 1761 par lequel il est défendu à toute personne d'aller au devant des sauvages têtes de boules avec des marchandises par les Rivières par les quelles ils ont coutume de descendre

Letter to all the captains of militia to accompany the foregoing Notice. 1764 May 5

Sir/

In accordance with the orders of His Excellency, I send you herewith the placard, which circumstances have prevented me from delivering to you earlier; You are requested to ask your curé to read it from the pulpit, and to read it yourself at the door of the Church, next Sunday; after which you will send me as soon as possible a certificate signed by yourself of the number of persons, who propose to depart for France, and if there are none, you will likewise inform me by another certificate.

You will at the same time notify your inhabitants that the Governor has thought fit to prolong the registration of the Ordinances until the 15th of the present month.

Letter to all the captains of militia respecting the period for the registration of the ordinances, and wood for firing. May 16.

Sir/

As there may still be persons in your parish who have not had their ordinances and other Canadian paper in their possession registered, and as the labours or illness of some and the negligence of others have, until the present, prevented them from doing it, in spite of the repeated orders on the subject, His Excellency with a view to giving to the inhabitants of this Government all the advantages which he can procure for them wishes to grant them a new delay until the last of this month, after which all registration will cease, and no person will be received.

You are enjoined to make the present order public as soon as possible.

I have the honour &c.

C. Gugy, Secretary.

This 16th May, 1764.

By the same letter the inhabitants of Nicolet, Baie St. Antoine, Yamaska, Rivière du Loup, Machiche and Pointe du Lac are ordered each to bring to the town, in the course of the following month, their proportion of firewood for six months, commencing from June 6.

Proclamation respecting the trade with the Têtes de Boule Indians. May 18.

By His Excellency Frederick Haldimand, &c., &c., &c.

As the time will soon arrive for the Northern Indians to come down to trade with the inhabitants of this Government for their furs, I have thought it necessary for the benefit of the said trade to repeat and confirm the ordinances and proclamations which have been published on this subject since the reduction of the country, and by these presents, we confirm in all its terms, a proclamation of Mr. Burton published on October 18, 1761, by which every person is forbidden to go forward to meet the Têtes de Boule Indians, with their merchandise, by the rivers down

sous peine de confiscation des dites marchandises & autres punitions. Ces mêmes défenses sont réitérées par un placard que nous avons fait publier le 28 Mai 1762, portant en outre qu'à l'arrivée des dits sauvages leurs pelleteries seront déposées en gros à l'endroit accoutumé, sur le haut de la côte vis à vis la maison de défunt Francheville, ou après avoir préalablement prélevé les crédits qu'ils auront reçus dans les voyages précédents; elles seront exposées en vente publique, et toute personne reçue & admise à faire avec les dits sauvages les marchers qu'elle jugera le plus convenable; l'heure du marché après l'arrivée des dits sauvages sera notifiée à tous les marchands & bourgeois de cette ville par un cri public; il est défendu à qui que ce soit d'attirer avant l'heure du dit marcher les sauvages dans sa maison pour y faire aucun marcher particulier sous peine de vingt piastres d'amende & de confiscation des pelleteries ainsi acquises.

La Poudre étant un article nécessaire pour la traite des sauvages & pour la faciliter & la rendre d'un avantage commun à tous, nous fixerons à l'arrivée de chaque parti sauvage la quantité que nous jugerons à propos qu'il leur soit vendue, laquelle sera également repartie entre les commerçants de cette ville qui seront tenus d'avoir un ordre pour les autoriser à cet effet. Il est pareillement défendu sous peine de punition arbitraire suivant l'éxigence du cas de leur donner aucunes liqueurs fortes avant la fin du marcher public & même de leur en procurer une trop grande quantité en retour de leur pelleteries, d'autant que cela les empêche de se pourvoir des autres choses qui leur sont nécessaires pour la chasse & qui seule peut établir & augmenter leur commerce. Les ordres ci dessus sont confirmés par un placard du 23e mai 1763.

Lettre circulaire à tous les Capitaines de milice leur annonçant l'arrivée de commission de Monsr Murray.

Monsieur,

Je viens de recevoir aujourd'hui une lettre de Son Excellence Monsieur le Général Murray sur laquelle il me notifie qu'il a plu à Sa Majesté Notre Gracieux Souverain, de le nommer Son Capitaine Général & Gouverneur en Chef, dans & sur toute l'étendue de la Province de Québec, dont le District des Trois Rivières fait partie; et m'ayant envoyé copie des commissions qui lui ont été expédiées à cette effet en date du 21 9bre 1763, scellées du grand sceau de la Grande Bretagne. Je fais en conséquence publier demain cet événement en place publique avec les solemnités usitées, en faisant faire lecture des dites commissions, afin que tous les sujets de Sa Majesté soient instruits que Son Excellence Mr Jacques Murray est Gouverneur en chef dans toute l'étendue de la Province de Québec. Et la présente est pour vous annoncer ce changement afin que vous ayez à le publier à tous vos paroissiens par les voies accoutumées afin que personne n'en puisse prétexter cause d'ignorance.

Vous aurez aussi en conséquence du change nent ci-dessus à suspendre l'assemblée des chambres des milices qui étaient établie—dans vos quartiers, jusqu'à ce que vous receviez les ordres ultérieurs de la part de Son Excellence.

which they are accustomed to come, under penalty of the confiscation of the said merchandise and other punishments. These same prohibitions are repeated by a notice We caused to be published on May 28, 1762, setting forth in addition, that on the arrival of the Indians their peltries would be deposited in their entirety in the customary place, on the top of the hill opposite the house of the late Francheville, where, after the credits which they had received on previous trips had first been settled, they would be exposed for public sale, and every person received and admitted to make with the said Indians the bargains he considered most proper; the hour of the market, after the arrival of the said Indians will be notified to all merchants and citizens of this town by a public crier. All persons whatsoever are forbidden to entice the Indians into their houses before the hour of the said market, to do any private bargaining with them, under penalty of $20 fine, and of confiscation of the peltries thus acquired. 1764 May 18.

Powder being a necessary article for the trade with the Indians, in order to facilitate it and make it of common advantage to all, We shall, on the arrival of each Indian party, fix the quantity which We judge proper to be sold to them, which will be divided equally among the merchants of this town, who will be required to have an order to authorize them to this effect. It is likewise forbidden, on pain of arbitrary punishment, dependent upon the circumstances of the case, to give them any strong liquor before the close of the public market, or even to procure for them too great a quantity of it in exchange for their peltries since this prevents them from providing themselves with other things which are necessary to them for the chase, and which alone can establish and increase their trade.

The foregoing orders are confirmed by a public notice of May 23, 1763.

Given at Trois-Rivières, under the seal of our arms, this 18th May, 1764.
